NOTES TO THE 3rd QUARTER OF 2020 SEPARATE FINANCIAL STATEMENTS
as at 30 September 2020 and for the three-month period then ended

1. CORPORATE INFORMATION

SSI Securities Corporation ("the Company") is a joint stock company established under the Corporate Law of Vietnam, Operating License No. 3041/GP-UB dated 27 December 1999 issued by Ho Chi Minh City People's Committee and the first Business Registration No. 056679 dated 30 December 1999 issued by Ho Chi Minh City Department of Planning and Investment. The Company operates under Securities Trading License No. 03/GPHDKD issued by the State Securities Commission on 5 April 2000 and subsequent amended licenses.

The Company's initial charter capital was VND 6,000,000,000. The charter capital has been supplemented from time to time in accordance with amended licenses, the latest Amended License No. 20/GPDC-UBCK granted by the Chairman of State Securities Commission, which has been effective since 08 May 2020. As at 30 September 2020, the Company's total charter capital was VND 6,029,456,130,000.

The Company's primary activities are to provide brokerage service, securities trading, underwriting for securities issues, custodian service, finance and investment advisory service, margin lending service and derivative service. The Company's Head Office is located at 72 Nguyen Hue Boulevard, Ben Nghe Ward, District 1, Ho Chi Minh City, Vietnam. As at 30 September 2020, the Company has branches located in Ho Chi Minh City, Hanoi, Hai Phong, and transaction offices located in Ho Chi Minh City and Hanoi.

LEGAL REPRESENTATIVE

The legal representative of the Company for the period and at the date of the 3rd Quarter separate financial statements is Mr. Nguyen Duy Hung, Chairman of the Board of Directors.

Mr. Nguyen Hong Nam – Chief Executive Director is authorized by Mr. Nguyen Duy Hung to sign the accompanying 3rd Quarter separate financial statements for the three-month period ended 30 September 2020 in accordance with the Letter of Authorization No. 09/2020/UQ-SSI of the Chairman of the Board of Directors dated 1 August 2020.

The number of the Company's employees as at 30 September 2020 was 821 persons (31 December 2019: 934 persons).

Company's operation

Capital

As at 30 September 2020, total charter capital of the Company was VND 6,029,456,130,000, owners' equity was VND 9,198,838,970,421 and total assets was VND 26,585,040,685,233 .

Investment objectives

As the biggest listed securities company in Vietnam stock market, the Company's principal activities are to provide brokerage service, securities trading, underwriting for securities issues, finance and investment advisory service, custodian service, margin lending service and derivative service. The Company's goals are to become a partner with clients, to focus all resource and initiatives to bring success to all stakeholders.

Investment restrictions

The Company is required to comply with Article 44 under Circular No. 210/2012/TT-BTC dated 30 November 2012 providing guidance on establishment and operation of securities companies, Circular No. 07/2016/TT-BTC dated 18 January 2016 amended some articles on Circular No. 210/2012/TT-BTC and other applicable regulations on investment restrictions. The current applicable practices on investment restrictions are as follows:

NOTES TO THE 3rd QUARTER OF 2020 SEPARATE FINANCIAL STATEMENTS (continued)
as at 30 September 2020 and for the three-month period then ended

- ▶ Securities company is not allowed to purchase, contribute capital to invest in real-estate assets except for the purpose of use for head office, branches, and transaction offices directly serving professional business activities of the securities company.
- ▶ Securities company may invest in real-estate investment and fixed assets on the principle that the carrying value of the fixed assets and real-estate investment should not exceed fifty percent (50%) of the total value of assets of the securities company.
- ▶ Securities company is not allowed to use more than seventy percent (70%) of its owners' equity to invest in corporate bonds. Securities company, licensed to engage in self-trading activity, is allowed to trade listed bonds in accordance with relevant regulation on trading Government bonds.
- ▶ Securities company must not by itself, or authorize another organization or individuals to: Invest in shares or contribute capital to companies that owned more than fifty percent (50%) of the charter capital of the securities company, except for purchasing of odd lots at the request of customers; Make joint investment with an affiliated person of five percent (5%) or more in the charter capital of another securities company; Invest more than twenty percent (20%) in the total currently circulating shares or fund certificates of a listing organization; Invest more than fifteen percent (15%) in the total currently circulating shares or fund certificates of an unlisted organization, this provision shall not apply to member fund certificates; Invest or contribute capital of more than ten percent (10%) in the total paid-up capital of a limited company or of a business project; Invest more than fifteen percent (15%) of its owners' equity in a single organization or of a business project; Invest more than seventy percent (70%) of its total owners' equity in shares, capital contribution and a business project, specifically invest more than twenty percent (20%) of its total owners' equity in unlisted shares, capital contribution and a business project.
- ▶ Securities company is allowed to establish or purchase an asset management company as a subsidiary. In that case, securities company is not required to follow the above restrictions.

Subsidiaries

Cultivation, farming; Livestock services; Post-harvest services; Cultivation services activities; House cleaning services; Investment advisory services (except for financial advisory); Management advisory services (except for finance, economics and law); Market research services.	2,163,585,800,000

NOTES TO THE 3rd QUARTER OF 2020 SEPARATE FINANCIAL STATEMENTS (continued)
as at 30 September 2020 and for the three-month period then ended

2. BASIS OF PRESENTATION

2.1 *Applied accounting standards and system*

The separate financial statements of the Company expressed in Vietnam dong ("VND") are prepared in accordance with Vietnamese Enterprise Accounting System, the accounting regulation and guidance applicable to securities companies as set out in Circular No. 210/2014/TT-BTC dated 30 December 2014, Circular No. 334/2016/TT-BTC dated 27 December 2016 amending, supplementing and replacing Appendices No. 02 and No. 04 of Circular No. 210/2014/TT-BTC, Circular No. 146/2014/TT-BTC dated 6 October 2014 providing guidance on financial regime applicable to securities companies and asset management companies and other Vietnamese Accounting Standards promulgated by the Ministry of Finance as per:

- ▶ Decision No. 149/2001/QD-BTC dated 31 December 2001 on the Issuance and Promulgation of Four Vietnamese Standards on Accounting (Series 1);
- ▶ Decision No. 165/2002/QD-BTC dated 31 December 2002 on the Issuance and Promulgation of Six Vietnamese Standards on Accounting (Series 2);
- ▶ Decision No. 234/2003/QD-BTC dated 30 December 2003 on the Issuance and Promulgation of Six Vietnamese Standards on Accounting (Series 3);
- ▶ Decision No. 12/2005/QD-BTC dated 15 February 2005 on the Issuance and Promulgation of Six Vietnamese Standards on Accounting (Series 4); and
- ▶ Decision No. 100/2005/QD-BTC dated 28 December 2005 on the Issuance and Promulgation of Four Vietnamese Standards on Accounting (Series 5).

2.2 *Information on consolidated financial statements*

These 3rd Quarter of 2020 separate financial statements are prepared to present the Company's separate operation. In addition, the Company is in progress of preparing the consolidated financial statements for the three-month period ended 30 September 2020.

Users of these 3rd Quarter of 2020 separate financial statements of the Company should read these separate financial statements together with the 3rd Quarter of 2020 consolidated financial statements of the Company and its subsidiaries for the three-month period ended 30 September 2020 to have full information of the 3rd Quarter of 2020 consolidated state of financial position, consolidated results of operations, consolidated cash flows and consolidated changes in owners' equity of the Company and its subsidiaries.

2.3 *Registered accounting documentation system*

The Company's registered accounting documentation system is the General Journal Voucher system.

2.4 *Fiscal year*

The Company's fiscal year starts on 1 January and ends on 31 December.

The Company also prepares its interim financial statements for the six-month period from 1 January to 30 June and its quarterly financial statements for the three-month periods ended 31 March, 30 June, 30 September and 31 December each year.

2.5 *Accounting currency*

The separate financial statements are prepared in Vietnam Dong ("VND"), which is the accounting currency of the Company.

NOTES TO THE 3rd QUARTER OF 2020 SEPARATE FINANCIAL STATEMENTS (continued)
as at 30 September 2020 and for the three-month period then ended

3. STATEMENT ON COMPLIANCE WITH VIETNAMESE ACCOUNTING STANDARDS AND SYSTEMS

Management confirms that the Company has complied with Vietnamese Accounting Standards and Vietnamese Enterprise Accounting Systems in preparing the 3rd Quarter of 2020 separate financial statements.

Accordingly, the accompanying 3rd Quarter of 2020 separate statement of financial position, separate income statement, separate statement of cash flows, separate statement of changes in owners' equity and notes to the separate financial statements, including their utilisation are not designed for those who are not informed about Vietnam's accounting principles, procedures and practices and furthermore are not intended to present the financial position and results of operations, cash flows and changes in owners' equity in accordance with accounting principles and practices generally accepted in countries other than Vietnam.

4. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

4.1 Cash and cash equivalents

Cash and cash equivalents comprise cash on hand, cash at banks and short-term, highly liquid investments with an original maturity of three months or less that are readily convertible into known amounts of cash and that are subject to an insignificant risk of change in value.

Cash deposited by customers for securities trading and cash deposited by securities issuers are presented on the off-balance sheet.

4.2 Financial assets at fair value through profit or loss (FVTPL)

Financial assets recognized at fair value through profit or loss are financial assets that satisfy either of the following conditions:

- a) It is classified as held for trading. A financial asset is classified as held for trading if:
 - ▶ it is acquired or incurred principally for the purpose of selling or repurchasing it in the near term;
 - ▶ there is evidence of a recent actual pattern of short-term profit-taking; or
 - ▶ it is a derivative (except derivative that is a financial guarantee contract or effective hedging instrument).
- b) Upon initial recognition, a financial asset is designated by the Company as at fair value through profit or loss as it meets one of the following criteria:
 - ▶ The designation eliminates or significantly reduces the inconsistent treatment that would otherwise arise from measuring the asset or recognising gains or losses on a different basis; or
 - ▶ The financial assets are part of a group of financial assets which are managed and their performance evaluated on a fair value basis, in accordance with the Company's risk management or investment strategy.

Financial assets at FVTPL are initially recognized at cost (acquisition cost of the assets excluding transaction cost arising from the purchase) and subsequently recognized at fair value.

NOTES TO THE 3rd QUARTER OF 2020 SEPARATE FINANCIAL STATEMENTS (continued)
as at 30 September 2020 and for the three-month period then ended

The decrease in difference arising from revaluation of FVTPL financial in comparison with previous is recognized into the separate income statement under "Loss from revaluation of financial assets at FVTPL". The increase in difference arising from revaluation in comparison with previous is recognized into the separate income statement under "Gain from revaluation of financial assets at FVTPL".

Transaction costs relating to the purchase of the financial assets at FVTPL are recognized when incurred as expenses in the separate income statement.

4.3 *Held-to-maturity investments (HTM)*

Held-to-maturity investments are non-derivative financial assets with determinable payments and fixed maturity that a company has the positive intention and ability to hold to maturity other than:

- a) those that the Company upon initial recognition designates as at fair value through profit or loss;
- b) those that the Company designates as available for sale; and
- c) those meet the definition of loans and receivables.

Held-to-maturity investments are recognized initially at cost (acquisition cost of the assets plus (+) transaction costs which are directly attributable to the investments such as brokerage fee, trading fee, agent fee, issuance agency fee and banking transaction fee). After initial recognition, held-to-maturity financial investments are subsequently measured at amortized cost using the effective interest rate ("EIR") method.

Amortized cost of HTM financial investments is the amount at which the financial asset is measured at initial recognition minus (-) principal repayments, plus (+) or minus (-) the cumulative amortisation using the effective interest method of any difference between that initial amount and the maturity amount, and minus any reduction for impairment or uncollectibility.

The effective interest rate method is a method of calculating the cost allocation on interest income or interest expense in the period of financial assets or a group of HTM investments.

The effective interest rate is the rate that exactly discounts estimated future cash payments or receipts through the expected life of the financial instrument or, when appropriate, a shorter period to the net carrying amount of the financial asset or financial liabilities.

HTM investments are subject to an assessment of impairment at the separate financial statement date. Provision is made for an HTM investment when there is any objective evidence that the investment is unrecoverable or there is uncertainty of recoverability, resulting from one or more events that have occurred after the initial recognition of the investment and that event has an impact on the estimated future cash flows of the investment that can be reliably estimated. Evidence of impairment may include a drop in the fair value/market value of the debt, indications that the debtors or a group of debtors are experiencing significant financial difficulty, default or delinquency in interest or principal payments, the probability that they will enter bankruptcy or other financial reorganization and where observable data indicate that there is a measurable decrease in the estimated future cash flows, such as changes in arrears or economic conditions that correlate with defaults. When there is any evidence of impairment, provision for an HTM investment is determined as the negative difference between its fair value and amortized cost at the assessment date. Any increase/decrease in the balance of provision is recognized in the income statement under "Provision expense for diminution in value and impairment of financial assets and doubtful receivables and borrowing costs of loans".

NOTES TO THE 3rd QUARTER OF 2020 SEPARATE FINANCIAL STATEMENTS (continued)
as at 30 September 2020 and for the three-month period then ended

4.4 Loans

Loans are non-derivative financial assets with fixed or identifiable payments and not listed on the market, with the exceptions of:

- a) The amounts the Company has the intent to immediately sell or will sell in a near future which are classified as assets held for trading, and like those which, upon initial recognition, the Company categorized as such recognized at fair value through profit or loss;
- b) The amounts categorized by the Company as available for sale upon initial recognition; or
- c) The amounts whose holders cannot recover most of the initial investment value not due to credit quality impairment and which are categorized as available for sale.

Loans are recognized initially at cost (disbursement value of the loans). After initial recognition, loans are subsequently measured at amortized cost using the effective interest rate ("EIR") method.

Amortized cost of loans is the amount at which the financial asset is measured at initial recognition minus (-) principal repayments, plus (+) or minus (-) the cumulative amortisation using the effective interest method of any difference between that initial amount and the maturity amount, and minus any reduction for impairment or uncollectibility (if any).

Loans are subject to an assessment of impairment at the separate financial statement date. Provision is made for loan based on its estimated loss which is determined by the negative difference between the market value of securities used as collaterals for such loan and the loan balance. Any increase/decrease in the balance of provision is recognized in the income statement under "Provision expense for diminution in value and impairment of financial assets and doubtful receivables and borrowing costs of loans".

4.5 Available-for-sale (AFS)

Available-for-sale financial assets are those non-derivative financial assets that are designated as available for sale or are not classified as:

- a) loans and receivables;
- b) held-to-maturity investments; or
- c) financial assets at fair value through profit or loss.

Available-for-sale financial assets are recognized initially at cost (acquisition cost of the assets plus (+) transaction costs which are directly attributable to the purchase of the financial assets). After initial recognition, available-for-sale financial assets are subsequently measured at fair value.

Any difference arising from the revaluation of AFS financial assets at fair value/market value in comparison with previous is recognized under "*Gain/(loss) from revaluation of AFS financial assets*" in "*Other comprehensive income after tax*" which is a part of the separate income statement.

As at the separate financial statement date, the Company assessed whether there is any objective evidence that an AFS financial asset is impaired. Any increase/decrease in the balance of provision is recognized in the income statement under "*Provision expenses for diminution in value and impairment of financial assets and doubtful debts and borrowing costs of loans*".

- ▶ Where an equity instrument is classified as available-for-sale, evidence of impairment includes a significant or prolonged decline in the fair value of the investment below its original cost. 'Significant' is to be evaluated against the original cost of the asset and 'prolonged' indicates the period in which the fair value has been below its original cost.

NOTES TO THE 3rd QUARTER OF 2020 SEPARATE FINANCIAL STATEMENTS (continued)
as at 30 September 2020 and for the three-month period then ended

When any evidence of impairment exists, provision is determined as the difference between the AFS asset's cost and fair value at the assessment date.

- ▶ Where a debt instrument is classified as available-for-sale, the assessment of impairment is conducted using the same criteria as those applied for HTM investments. When there is any evidence of impairment, provision for an AFS asset is determined as the negative difference between its fair value and amortized cost at the assessment date.

4.6 Fair value/market value of financial assets

Fair value/market value of the financial assets determined as follows:

- ▶ For securities listed on Hanoi Stock Exchange and Ho Chi Minh City Stock Exchange, their market prices are their closing prices on the trading day preceding the date of the revaluation.
- ▶ For securities registered for trading on UPCOM, their market prices are their closing prices on the trading day preceding the date of the revaluation.
- ▶ For the delisted securities and suspended trading securities from the sixth day afterward, their prices are the book value at the latest financial report date.
- ▶ The market price for unlisted securities and securities unregistered for trading on UPCOM used as a basis for the revaluation is the trading prices of the latest transaction on over-the-counter ("OTC") market.

For securities which do not have reference price from the above sources, the revaluation is determined based on the financial performance and the book value of securities issuers as at the assessment date.

For the purpose of determining CIT taxable profit, the tax bases for financial assets are determined by cost minus (-) provision for diminution in value. Accordingly, market value of securities for provision purpose is determined in accordance with the Circular No.146/2014/TT-BTC and Circular No. 48/2019/TT-BTC.

4.7 Derecognition of financial assets

A financial asset (or, where applicable a part of a financial asset or part of a group of similar financial assets) is derecognized when:

- ▶ The rights to receive cash flows from the asset have expired;
- ▶ The Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a "pass-through" arrangement; and either:
 - the Company has transferred substantially all the risks and rewards of the asset, or
 - the Company has neither transferred nor retained substantially all the risks and rewards of the asset but has transferred control of the asset.

When the Company has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, and has neither transferred nor retained substantially all the risks and rewards of the asset nor transferred control of the asset, the asset is recognized to the extent of the Company's continuing involvement in the asset. In that case, the Company also recognizes an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Company has retained.

NOTES TO THE 3rd QUARTER OF 2020 SEPARATE FINANCIAL STATEMENTS (continued)
as at 30 September 2020 and for the three-month period then ended

The continued participation in transferred assets in the form of guarantee will be recognized at smaller value between the initial carrying value of the assets and the maximum amount that the Company is required to pay.

4.8 Reclassification of financial assets

Reclassification when selling financial assets other than FVTPL

When selling financial assets other than FVTPL, securities companies are required to reclassify those financial assets to financial assets at FVTPL. The difference arising from the revaluation of financial assets AFS which recognized in "Differences from revaluation of assets at fair value" will be recognized as corresponding revenue or expenses at the date of reclassification of financial assets AFS for selling purpose.

Reclassification due to change in purpose or ability to hold

Securities companies are required to reclassify financial assets to their applicable categories if their purpose or ability to hold has changed, consequently:

- ▶ Non-derivative financial assets at FVTPL or financial assets that are not required to classify as financial asset at FVTPL at the initial recognition can be classified as loans and other receivables or as cash and cash equivalents if the requirements are met. The gains or losses arising from revaluation of financial assets at FVTPL prior to the reclassification are not allowed to be reversed.
- ▶ Due to changes in purposes or ability to hold, some HTM investments are required to be reclassified into AFS financial assets and revalue at fair value. The difference arising from revaluation between carrying value and fair value are recognized under "Differences from revaluation of assets at fair value" in Owners' equity.

4.9 Long-term investment in financial assets

Investments in subsidiaries

The Company's investments in subsidiaries are recorded at cost in the 3rd Quarter of 2020 separate financial statements. Distributed profit from the subsidiary's after-tax profit is accounted for as an income in the separate income statement.

Provision for loss of investments in subsidiaries is made for individual investments, if incurred, and reviewed at the end of the reporting period. The provision is made upon loss in financial result of the subsidiary. Increases or decreases to the provision balance are charged to the financial expense during the period.

Investments in associates

The Company's investments in associates are recorded at cost in the 3rd Quarter of 2020 separate financial statements. Distributed dividend from the associates' after-tax profit is accounted for as an income in the separate income statement.

Provision for loss of investments in associates is made for individual investments, if incurred, and reviewed at the end of the reporting period. The provision is made upon loss in financial result of the associate. Increases or decreases to the provision balance are charged to the financial expense during the period.

4.10 Recognition of mortgaged financial assets

During the period, the Company had mortgaged/pledged financial assets which are used as collaterals for financial obligations of the Company.

NOTES TO THE 3rd QUARTER OF 2020 SEPARATE FINANCIAL STATEMENTS (continued)
as at 30 September 2020 and for the three-month period then ended

According to the terms and conditions of the mortgage/pledge contracts, during the valid period of the contracts, the Company is not allowed to sell, transfer or use the mortgaged/pledged assets under repurchase or swap contracts with any other third party.

In case the Company is unable to fulfil its obligations, the mortgagee/pledgee is allowed to use the mortgaged/pledged assets to settle the obligations of the Company after a period specified in the mortgage/pledge contracts, since the obligations due date.

The mortgaged/pledged assets are monitored in the Company's separate statement of financial position in accordance with accounting principles relevant to the assets' classification.

4.11 *Receivables*

Receivables are initially recorded at cost and subsequently always presented at cost.

Receivables are subject to review for impairment based on their overdue status or estimated loss arising from undue debts of corporate debtors who have bankruptcy or are under liquidation; or of individual debtors who are missing, have fled, are prosecuted, detained or tried by law enforcement bodies, are serving sentences or have deceased. Increases or decreases to the provision balance are recorded as "Provision expenses for diminution in value and impairment of financial assets and doubtful debts and borrowing costs of loans" and "Other operating expenses" in the separate income statement.

The Company has made provision for doubtful receivables and handling irrecoverable receivables in accordance with Circular No. 48/2019/TT-BTC dated 08 August 2019 issued by the Ministry of Finance. Accordingly, the provision rates for overdue receivables are as follows:

<u>Overdue period</u>	<u>Provision rate</u>
From six (6) months to less than one (1) year	30%
From one (1) year to less than two (2) years	50%
From two (2) years to less than three (3) years	70%
From three (3) years and above	100%

4.12 *Tangible fixed assets*

Tangible fixed assets are stated at cost less accumulated depreciation.

The cost of a tangible fixed asset comprises of its purchase price and any directly attributable costs of bringing the tangible fixed asset to working condition for its intended use.

Expenditures for additions, improvements and renewals are added to the carrying amount of the assets and expenditures for maintenance and repairs are charged to the separate income statement as incurred.

When tangible fixed assets are sold or retired, any gain or loss resulting from their disposal (the difference between the net disposal proceeds and the carrying amount) is included in the separate income statement.

4.13 *Intangible fixed assets*

Intangible fixed assets are stated at cost less accumulated amortization.

The cost of an intangible fixed asset comprises of its purchase price and any directly attributable costs of preparing the intangible fixed asset for its intended use.

NOTES TO THE 3rd QUARTER OF 2020 SEPARATE FINANCIAL STATEMENTS (continued)
as at 30 September 2020 and for the three-month period then ended

Expenditures for additions, improvements and renewals are added to the carrying amount of the assets and other expenditures are charged to the separate income statement as incurred.

When intangible fixed assets are sold or retired, any gain or loss resulting from their disposal (the difference between the net disposal proceeds and the carrying amount) is included in the separate income statement.

4.14 Depreciation and amortisation

Depreciation and amortisation of tangible fixed assets and intangible assets are calculated on a straight-line basis over the estimated useful life of each asset as follows:

Office machineries	3 - 5 years
Means of transportation	6 years
Office equipment	3 - 5 years
Software	3 - 5 years
Other intangible fixed assets	2 - 5 years

4.15 Operating lease

Whether an agreement is determined as a property lease agreement depends on the nature of the agreement at the beginning: whether the implementation of the agreement depends on the use of a certain asset and whether the agreement includes clauses on the use rights of the asset.

Rentals fee respective to operating leases are charged to the separate income statement on a straight-line basis over the term of the lease.

4.16 Prepaid expenses

Prepaid expenses, including short-term prepaid expenses and long-term prepaid expenses in the separate statement of financial position, are amortised over the period for which the amounts are paid or the period in which economic benefits are generated in relation to these expenses.

The following types of expenses are recorded as prepaid expenses and are amortised over the period from one (1) year to three (3) years to the separate income statement:

- ▶ Office renovation expenses;
- ▶ Office rental expenses; and
- ▶ Office tools and consumables

4.17 Repurchase agreements

Securities sold under the agreements to be repurchased at a specified future date ("repos") are not derecognized from the separate statement of financial position. The corresponding cash received is recognized in the separate statement of financial position as a liability. The difference between the sale price and repurchase price is treated as interest expense and is accrued over the life of the agreement using the straight-line method in the separate income statement.

4.18 Borrowings and bonds issuance

Borrowings and bonds issued by the Company are recorded and stated at cost of the balance at the end of the accounting period.

NOTES TO THE 3rd QUARTER OF 2020 SEPARATE FINANCIAL STATEMENTS (continued)
as at 30 September 2020 and for the three-month period then ended

Convertible bonds

Bonds that are convertible by the holder into a fixed number of ordinary shares of the Company are separated into financial liability and owners' equity based on the terms of the contract.

On issuance of the convertible bond, the fair value of the liability component is determined by discounting the future payment (including principal and interest) to present value at the market rate for an equivalent non-convertible bond less issuance cost.

The remainder of the proceeds is allocated to the conversion option that is recognised and included in owners' equity. The carrying amount of the conversion option is not re-measured in subsequent years.

Transaction costs are allocated during the lifetime of the bond following the effective interest rate basis. At initial recognition, issuance costs are deducted from the liability component of the bond.

4.19 Payables and accrued expenses

Payables and accrued expenses are recognized for amounts to be paid in the future for bonds interest, goods and services received, whether or not billed to the Company.

4.20 Covered warrants

Covered warrants are secured securities with collaterals issued by the Company which gives its holder the right to buy an amount of an underlying security at an exercise price or to receive a sum of money equal to the difference between the price (index) of the underlying securities and the exercise price (exercise index), when the former is higher than the latter, at the strike time.

When issued covered warrants, the Company record an increase in covered warrant payables, at the same time monitoring the number of covered warrants still allowed to be issued. The initial costs related to the issuance of the covered warrants like license fee, distribution costs, listing costs, deposits of covered warrants were recorded in "Transaction costs of acquisition of financial assets at FVTPL" in the income statement. Profit/loss resulted from covered warrant when repurchase, upon the maturity of covered warrants or when covered warrant is recalled, are recorded accordingly in "Gain from disposal of financial assets at FVTPL" or "Loss from disposal of financial assets at FVTPL" in the income statement.

At the end of the period, the Company reevaluate the covered warrants at fair value. The decrease in difference arising from revaluation of covered warrants at fair value in comparison with previous is recognized in Gain from financial assets at FVTPL (Gain from revaluation of outstanding covered warrant payable). The increase in difference arising from revaluation of covered warrants at fair value in comparison with previous is recognized in Loss from financial assets at FVTPL (Loss from revaluation of outstanding covered warrant payable).

The securities used as hedging for the covered warrants are monitored by the Company. At the end of the period, securities used as hedging for the covered warrants are revaluated at fair value and the difference arising from revaluation of securities at fair value is recorded like the revaluation of financial assets at FVTPL.

NOTES TO THE 3rd QUARTER OF 2020 SEPARATE FINANCIAL STATEMENTS (continued)
as at 30 September 2020 and for the three-month period then ended

4.21 Employee benefits

4.21.1 Post-employment benefits

Post-employment benefits are paid to retired employees of the Company by the Social Insurance Agency, which belongs to the Ministry of Labour and Social Affairs. The Company is required to contribute to these post-employment benefits by paying social insurance premium to the Social Insurance Agency at the rate of 17.5% of an employee's basic salary, salary-related allowances and other supplements. Other than that, the Company has no further obligation relating to post-employment benefits.

4.21.2 Severance pay

The Company has the obligation, under Section 48 of the Vietnam Labor Code 10/2012/QH13 effective from 1 May 2013, to pay allowance arising from voluntary resignation of employees, equal to one-half month's salary for each year of employment up to 31 December 2008 plus salary allowances (if any). From 1 January 2009, the average monthly salary used in this calculation is the average monthly salary of the latest six-month period up to the resignation date.

4.21.3 Unemployment allowance

According to Circular No. 32/2010/TT-BLDTBXH providing guidance for Decree No. 127/2008/ND-CP on unemployment insurance, from 1 January 2009, the Company is required to contribute to the unemployment insurance at the rate of 1% of salary and wage fund of unemployment insurance joiners and deduct 1% of monthly salary and wage of each employee to contribute to the unemployment insurance.

4.22 Foreign currency transactions

Transactions in currencies other than the Company's reporting currency of VND are recorded at the actual transaction exchange rates of commercial banks at transaction dates. At the end of the period, monetary balances denominated in foreign currencies are determined as follows:

- ▶ Monetary assets are translated at buying exchange rate of the commercial bank where the Company conducts transactions regularly.
- ▶ Monetary liabilities are translated at selling exchange rate of the commercial bank where the Company conducts transactions regularly.

All foreign exchange differences incurred during the period and arisen from the revaluation of monetary accounts denominated in foreign currencies at the end of the period are taken to the separate income statement.

4.23 Treasury shares

Owners' equity instruments issued by the Company which are reacquired (treasury shares) are recognised at cost and deducted from Owners' equity. No gain or loss is recognised upon purchase, sale, issue or cancellation of the Company's owners' equity instruments.

4.24 Revenue recognition

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured. Revenue is measured at the fair value of receipts or receivables less trade discount, concessions and sales return. The following specific recognition criteria must also be met before revenue is recognised:

Revenue from brokerage services

NOTES TO THE 3rd QUARTER OF 2020 SEPARATE FINANCIAL STATEMENTS (continued)
as at 30 September 2020 and for the three-month period then ended

Where the contract outcome can be reliably measured, revenue is recognized by reference to the stage of completion. Where the contract outcome cannot be reliably measured, revenue is recognized only to the extent of the expenses recognized which are recoverable.

Revenue from trading of securities

Revenue from trading of securities is determined by the difference between the selling price and the weighted average cost of securities sold.

Other income

Revenues from irregular activities other than turnover-generating activities are recorded to other incomes as stipulated by VAS 14 – “Revenue and other income”, including: Revenues from asset liquidation and sale; fines paid by customers for their contract breaches; collected insurance compensation; collected debt which had been written off and included in the preceding period expenses; payable debts which are now recorded as revenue increase as their owners no longer exist; collected tax amounts which now are reduced and reimbursed; and other revenues.

Interest income

Revenue is recognized on accrual basis (taking into account the effective yield on the asset) unless collectability is in doubt.

Dividends

Income is recognized when the Company's entitlement as an investor to receive the dividend is established, except for dividend received in shares in which only the number of shares is updated.

Other revenues from rendering services

Where the contract outcome can be reliably measured, revenue is recognised by reference to the stage of completion.

Where the contract outcome cannot be reliably measured, revenue is recognised only to the extent of the expenses recognised which are recoverable.

4.25 Borrowing costs

Borrowing costs include accrued interest and other expenses which are directly attributable to the Company's borrowings and bonds issued.

4.26 Cost of securities sold

The Company applies moving weighted average method to calculate cost of proprietary securities sold.

4.27 Corporate income tax

Current income tax

Current income tax assets and liabilities for the current and prior periods are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted as at the reporting date.

Current income tax is charged or credited to the income statement, except when it relates to items recognized directly to owners' equity, in which case the current income tax is also dealt with in owners' equity.

NOTES TO THE 3rd QUARTER OF 2020 SEPARATE FINANCIAL STATEMENTS (continued)
as at 30 September 2020 and for the three-month period then ended

Current income tax assets and liabilities are offset when there is a legally enforceable right for the Company to set off current tax assets against current tax liabilities and when the Company intends to settle its current tax assets and liabilities on a net basis.

Deferred income tax

Deferred income tax is provided using for temporary differences at the reporting date between the tax base of assets and liabilities and their carrying amount for financial reporting purposes.

Deferred tax liabilities are recognized for all taxable temporary differences, except where the deferred tax liability arises from the initial recognition of an asset or liability in a transaction which at the time of the transaction affects neither the accounting profit nor taxable profit or loss.

Deferred tax assets are recognized for all deductible temporary differences, carry forward of unused tax credits and unused tax losses, to the extent that it is probable that taxable profits will be available against which deductible temporary differences, carry forward of unused tax credits and unused tax losses can be utilized, except where the deferred tax asset in respect of deductible temporary difference which arises from the initial recognition of an asset or liability which at the time of the related transaction, affects neither the accounting profit nor taxable profit or loss.

The carrying amount of deferred income tax assets is reviewed at each reporting date and reduced to a certain extent that sufficient taxable profits will be available to allow all or part of the asset to be recovered. Previously unrecognized deferred income tax assets are re-assessed at each reporting date and are recognized to the extent that it has become probable that future taxable profit will allow the deferred tax assets to be recovered.

Deferred income tax assets and liabilities are measured at the tax rates that are expected to apply in the period when the asset realized or the liability is settled based on tax rates and tax laws that have been enacted at the reporting date. Deferred tax is recorded to the income statement, except when it relates to items recognized directly to owners' equity, in which case the deferred tax is also dealt with in owners' equity.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities and when they relate to income taxes levied by the same taxable entity and the same taxation authority and the Company intends to settle its current tax assets and liabilities on a net basis.

4.28 Owners' equity*Contributed capital from shareholders*

Contributed capital from stock issuance is recorded in Charter Capital at par value.

Undistributed profit

Undistributed profit comprises of realised and unrealised undistributed profit.

Unrealised profit of the period is the difference between gain and loss arisen from revaluation of FVTPL financial assets or others through profit or loss in the separate income statement and deferred corporate income tax related to the increase in revaluation of FVTPL financial assets and others.

Realised profit during the period is the net difference between total revenue and income, and total expenses in the income statement of the Company, except for gain or loss recognized in unrealised profit.

Reserves

NOTES TO THE 3rd QUARTER OF 2020 SEPARATE FINANCIAL STATEMENTS (continued)
as at 30 September 2020 and for the three-month period then ended

According to Circular No. 146/2014/TT-BTC issued by the Ministry of Finance on 6 October 2014, securities companies are required to make appropriation of profit after tax to the following reserves:

	<u>Percentage of profit after tax</u>	<u>Maximum balance</u>
Charter Capital Supplementary Reserve	5%	10% of charter capital
Operational risk and finance Reserve	5%	10% of charter capital

Other reserves are appropriated in accordance with the Resolution of the General Meeting of Shareholder.

4.29 Appropriation of net profits

Net profit after tax is available for appropriation to shareholders after being approved by the General Meeting of Shareholders and after making appropriation to reserve funds in accordance with the Company's Charter and Vietnam's regulatory requirements.

4.30 Nil balances

Items or balances required by Circular No. 210/2014/TT-BTC dated 30 December 2014, Circular 334/2016/TT-BTC dated 27 December 2016 and Circular No. 146/2014/TT-BTC dated 6 October 2014 issued by the Ministry of Finance that are not shown in these financial statements indicate nil balance.

7. FINANCIAL ASSETS

Concepts of financial assets

Cost

Cost of a financial asset is the amount of cash or cash equivalents paid, disbursed or payable of such financial asset at its initial recognition. The transaction costs incurred directly from the purchase of financial asset might be included in the cost of the financial asset or not depending on the category that the financial asset is classified in.

Fair value/ market value

The fair value or market value of a financial asset is the price at which the financial asset would be traded voluntarily between knowledgeable parties on an arm's length basis.

The fair value/market value of securities is determined as described in Note 4.6.

NOTES TO THE 3rd QUARTER OF 2020 SEPARATE FINANCIAL STATEMENTS (continued)
as at 30 September 2020 and for the three-month period then ended

Amortised cost

Amortized cost of a financial investment (which is debt instrument) is the amount at which the financial asset is measured at initial recognition minus (-) principal repayments, plus (+) or minus (-) the cumulative amortisation using the effective interest method of any difference between that initial amount and the maturity amount, and minus any reduction for impairment or irrecoverability (if any).

For presentation purpose, provision for diminution in value or irrecoverability of financial assets is recognised in "Provision for impairment of financial assets and mortgage assets" in the statements of financial position.

Carrying amount

Carrying amount of a financial asset is the amount at which the financial asset is recognized in the statement of financial position. Carrying amount of a financial asset might be recognised at the fair value or market value (for FVTPL and AFS financial assets) or at amortised cost (for HTM investments and loans) depending on the category that the financial asset is classified.

37. CORPORATE INCOME TAX

37.1 Corporate income tax ("CIT")

The tax returns filed by the Company are subject to examination by the tax authorities. As the application of tax laws and regulations is susceptible to varying interpretations, the amounts reported in the financial statements could change later upon final determination by the tax authorities.

The current tax payable is based on taxable profit for the period. The taxable profit of the Company differs from the profit as reported in the separate income statement because it excludes items of income or expense that are taxable or deductible in other periods and it further excludes items that are not taxable or deductible. The Company's liability for current tax is calculated using tax rates that have been enacted by the reporting date.

NOTES TO THE 3rd QUARTER OF 2020 SEPARATE FINANCIAL STATEMENTS (continued)
as at 30 September 2020 and for the three-month period then ended

The estimated current corporate income tax is represented in the table below:
