

No: 21/2020/DGW-TGD

HCMC, August 14th, 2020Regarding: Result Explanation for
Audited Interim Consolidated
Financial Statements 2020**To:**
- **The State Securities Commission**
- **Ho Chi Minh Stock Exchange**

According to our Business Performance in the first 6 months of 2020 of the Consolidated financial statements dated August 14th, 2020, the Company would like to clarify the changes as below:

Indicators	6m2020 (VND)	6m2019 (VND)	Up/Down (%)
Net revenue	4,892,691,349,642	3,373,948,625,312	45%
Profit after tax	93,120,564,884	57,169,289,400	63%

Reasons:

- In the first 6 months of 2020, net revenue reached VND 4,893bn, increasing 45% YoY. Profit after tax reached VND 93bn, advancing 63% YoY. This growth comes entirely from core business activities:

- Laptops and tablets: thanks to rising demand for studying and working from home during the COVID-19 pandemic and the trend of high-end products, net revenue recorded a growth with VND 1,871bn, boosted 67% over the same period.
- Mobile phones: net revenue reached VND 2,288 billion, up 48% YoY thanks to the maintenance of Xiaomi's market share.
- Office equipment: due to the effect of Covid-19 pandemic, enterprises did cost cutting on office equipment, net revenue reached VND 612bn, up 4% YoY.
- Consumer goods: net revenue reached VND 122bn, up 5% due to the impact of Covid-19 pandemic, Digiworld Corporation temporarily delayed the deployment of new contracts.

Sincerely.

DIGIWORLD CORPORATION
