HCMC, January 20th, 2021Regarding: Result Explanation for
the Separate Financial Statements
Quarter IV 2020

To:

- **The State Securities Commission**
- **Ho Chi Minh Stock Exchange**

According to our Business Performance Quarter IV/2020 of the Separate financial statements dated January 20th, 2021, the Company would like to clarify the changes as below:

Indicators	Quarter IV/2020 (VND)	Quarter IV/2019 (VND)	Up/Down (%)
Net revenue	3,980,250,849,823	2,492,457,044,630	+60%
Profit after tax	81,209,846,397	57,351,255,768	+42%

Reasons:

In 4Q20, DGW recorded total net revenue of VND 3,980 bn, soaring 60% year on year and profit after tax reached VND 81 bn, advancing 42% year on year, thanks to the steadily growth of all businesses:

- Laptops & tablets: revenue recorded a strong growth of 66% YoY, thanks to revenue contributions from Apple and Huawei brand.
- Mobile phones: thanks to the steady increase in Xiaomi's market share and the Iphone 12 Series revenue contribution, this segment's revenue rose 68% YoY.
- Office equipment: Vietnam has done well to control the spread of the Covid-19 pandemic, businesses increased expenditures for office equipment. Moreover, IoT products are increasingly diversified, convenient, and favored by consumers. This segment revenue recorded a 36% increase over the same period.
- Consumer goods: Thanks to newly signed contracts, the revenue rose 11% YoY.

Sincerely.
