1, Profit after tax in the Financial Report of Quarter I, 2025 and profit after tax in the same period last year have changed by more than 10%, more specific:

Profit after tax in the first quarter of 2024: (16.468.282.307) VNĐ

Profit after tax in the first quarter of 2025: (13.720.332.160) VNĐ

The reasons for this change are: In the first quarter of 2025, the Company continued to conduct business activities according to the business plan approved at the 2024 Annual General Meeting of Shareholders. 2, The profit after tax in the reporting period was a loss because the revenue from toll collection and sales of goods of the company was not enough to cover the company's expenses. The company has reported to the competent ministries and authorities to request to resolve the remaining problems in the Thai Ha Bridge Project.
