For information about the Company's affiliated companies, see details in Note 4

2. ACCOUNTING CONVENTION AND ACCOUNTING SYSTEM

2.1. ACCOUNTING PERIOD

The Company's fiscal year begins on 01 January and ends on 31 December of the calendar year

The currency used in accounting records is Vietnam Dong (VND)

The currency presented in the financial statements as at December 31, 2024 is Vietnam Dong (VND)

2.2. BASIS OF PREPARATION

Accounting regime applied

The company applies Vietnamese Accounting Standards, the Enterprise Accounting Regime issued under Circular No. 200/2014/TT-BTC dated 22 December 2014, by the Ministry of Finance guiding the accounting regime for enterprises, and Circular No. 53/2016/TT-BTC dated 21 March 2016, by the Ministry of Finance amending and supplementing some provisions of Circular No.

Declaration of compliance with Accounting Standards and Accounting Regime

The Company has applied Vietnamese Accounting Standards and standard guidance documents issued by the State. Financial reports are prepared and presented in accordance with all provisions of each standard and circular guiding the implementation of currently applicable corporate accounting standards and regimes

2.3. Basis for preparing mid-year financial statements

The interim financial statements are presented according to the historical cost principle

The Company's mid-year financial statements are prepared on the basis of synthesizing the financial reports of independent accounting member units and the Company Office.

In the Company's interim financial statements, internal transactions and internal balances related to internal assets, capital, and internal receivables and payables have been completely eliminated

2.4. Financial Instruments

Initial recognition

Financial assets

Financial assets of the Company include cash, cash equivalents, trade receivables, other receivables, lending loans, long-term and short-term investments. At initial recognition, financial assets are identified by purchasing price/issuing cost plus other expenses directly related to the purchase and issuance of those assets.

Financial liabilities

Financial liabilities of the Company include borrowings, trade payables, other payables and accrued expenses. At initial recognition, financial liabilities are determined by issuing price plus other expenses directly related to the issuance of those liabilities

Subsequent measurement after initial recognition

There are currently no regulations on the revaluation of financial instruments after initial recognition.

2.5. Foreign currency transactions

The foreign currency transactions during the year are translated into Vietnam Dong using the real exchange rate ruling at the transaction date. Real exchange rates are determined under the following principles:

- When buying or selling foreign currency, applying the exchange rates specified in the contracts of foreign exchange sale between Company and commercial banks;
- When recording receivables, applying the bid rate of the commercial bank stipulated by the Company for customers to make payment at the transaction time
- When recording payables, applying the offer rate of the commercial bank where the Company expects to conduct transactions at the transaction time
- When purchasing assets or paying immediately in foreign currency, applying the bid rate of the commercial bank where the Company makes payments.
- The actual exchange rate when re-evaluating monetary items denominated in foreign currency at the time of preparing the Financial Statement is determined according to the following principles
- For asset accounts, applying the bid rate of the commercial bank where the Company regularly conducts transaction;;
- For foreign currency deposited in bank, applying the bid rate of the bank where the Company opens its foreign currency accounts;
- For liability accounts, applying the offer rate of the commercial bank where the Company regularly conducts transaction

All exchange differences arising from foreign currency transactions in the year and from revaluation of remaining foreign currency monetary items at the end of the year are recorded immediately to operating results of the accounting period

2.6. Cash and cash equivalents

Cash comprises cash on hand, demand deposits and monetary gold held as a reserve asset, exclusive of the gold classified as Cash equivalents are short-term investments with the maturity of not over than 3 months from the date of investment, that are highly liquid and readily convertible into known amount of cash and that are subject to an insignificant risk of conversion into cash.

2.7. Financial investments

Trading securities are initially recognized at original cost which includes purchase prices plus any directly attributable transaction costs such as brokerage, transaction fee, cost of information provision, taxes, bank's fees and charges. After initial recognition, trading securities are measured at original cost less provision for diminution in value of trading securities. Upon the liquidation or transfer, cost of trading securities is determined using first in first out method /or weighted average method..

Investments held to maturity comprise term deposits (including treasury bills and promissory notes), bonds, preference shares which the issuer is required to repurchase at a certain time in the future and loans, etc. held to maturity to earn profits periodically and other held to maturity investments.

Investments in subsidiaries, joint ventures or associates are initially recognized at original cost. After initial recognition, the value of these investments is measured at original cost less provision for devaluation of investments.

Equity Investments in other entities comprise investments in equity instruments of other entities without having control, joint control, or significant influence on the investee. These investments are initially stated at original cost. After initial recognition, these investments are measured at original cost less provision for devaluation of investments

Provision for investment price decline is made at the end of the year specifically as follows:

- With regard to investments in trading securities: the provision shall be made on the basis of the excess of original cost of the investments recorded in the accounting book over their market value at the provision date
- With regard to investments in subsidiaries, joint ventures or associates and investments in other units: the provisions shall be made based on the Separate financial statement/Consolidated financial statement (if the investment side is a parent company) of
- With regard to long-term investments (other than trading securities) without significant influence on the investee: If the investment is made in listed shares or the fair value of the investment is determined reliably, the provisions shall be made on the basis of the market value of the shares; if the fair value of the investment is not determined at the reporting date, the provision shall be made based on the Financial Statements at the provision date of the investee..
- With regard to investments held to maturity: the provision for doubtful debts shall be made based on the recovery capacity in accordance With statutory regulations.

2.8. Receivable

The receivables shall be recorded in details in terms of due date, entities receivable, types of currency and other factors according to requirements for management of the Company.

The provision for doubtful debts is made for receivables that are overdue under an economic contract, a loan agreement, a contractual commitment or a promissory note and for receivables that are not due but difficult to be recovered. Accordingly, the provisions for overdue debts shall be based on the due date stipulated in the initial sale contract, exclusive of the debt rescheduling between contracting parties and the case where the debts are not due but the debtor is in bankruptcy, in dissolution, or missing and making fleeing.

2.9. Inventories

inventories are initially recognized at original cost including purchase price, processing cost and other costs incurred in bringing the inventories to their location and condition at the time of initial recognition. After initial recognition, at the reporting date, inventories are stated at the lower of cost and net realizable value.

The cost of inventory is calculated using weighted average method (or first in first out method or specific identification method or Inventory is recorded by perpetual/periodic method.

Provision for devaluation of inventory is established at the end of the year as the difference between the original price of inventory and the net realizable value..

2.10. Fixed assets, Finance lease fixed assets

Fixed assets (tangible and intangible) are initially stated at the historical cost. During the using time, fixed assets (tangible and intangible) are recorded at cost, accumulated depreciation and carrying amount

Fixed assets (tangible and intangible) are initially stated at the historical cost. During the using time, fixed assets (tangible and

- | | |
|--------------------------------------|---------------|
| - Buildings, structures | 05 - 50 years |
| - Machinery, equipment | 03 - 10 years |
| - Vehicles, Transportation equipment | 06 - 10 years |
| - Office equipment and furniture | 03 - 05 years |
| - Other fixed assets | 03 - 07 years |
| - Land use rights | 25 years |

2.11. CONSTRUCTION IN PROGRESS

Construction in progress includes fixed assets which is being purchased and constructed as at the balance sheet date and is recognised in historical cost. This includes costs of construction, installation of equipment and other direct costs. Construction in progress is not depreciated until the relevant assets are completed and put into use

2.12. PREPAYMENTS

Expenses incurred related to production and business results of many fiscal years are accounted into prepaid expenses to gradually allocate to business results in the following fiscal years..

The calculation and allocation of long-term prepaid expenses into production and business costs of each fiscal year is based on the nature and level of each type of cost to choose a reasonable method and allocation criteria.

he Company's prepaid expenses include:

- Prepaid land costs include prepaid land rent, including amounts related to leased land for which the Company has received a land use right certificate but are not eligible to record intangible fixed assets according to Circular No. Circular No. 45/2013/TT-BTC issued by the Ministry of Finance on April 25, 2013 guiding the management, use and depreciation of fixed assets and other costs incurred related to ensuring protect history leased land. These costs are recorded in the income statement using the straight-line method based on the term of the land lease contract

- Tools and supplies include assets that the Company holds for use in the normal course of business operations, with the historical cost of each asset being less than VND 30 million and therefore not eligible for recognition. is a fixed asset according to current regulations. The cost of tools and equipment is amortized using the straight-line method over a period of 1 to 3 years
- Other prepaid expenses are recorded at cost and amortized using the straight-line method over a useful period of 1 to 3 years

2.13. Payable

The payables shall be recorded in details in terms of due date, entities payable, types of currency and other factors according to the requirements for management of the Company

2.14. Accrued Expenses

Accounts payable for goods and services received from sellers or provided to buyers during the reporting period but not actually paid and other payables such as vacation wages, etc. are recorded. included in production and business expenses of the reporting period

The recording of payable expenses into production and business expenses during the year is done according to the principle of matching between revenue and expenses incurred during the year. The payable expenses will be settled with the actual expenses incurred. The difference between the pre-deducted amount and the actual cost is refunded

2.15. OWNERS' EQUITY

Owner's contributed capital is recorded based on the actual contributed capital of shareholders

Share premium is recorded at the difference between the par value with costs directly attributable to the issuance of shares and issue price of shares (including the case of re-issuing treasury shares) and can be a positive premium (if the issue price is higher than par value and costs directly attributable to the issuance of shares) or negative premium (if the issue price is lower than par value and costs directly attributable to the issuance of shares)

Treasury shares are shares issued and bought-back by the issuing company itself. Treasury shares are uncanceled and shall be re-issued within the period as regulated by the law on securities. Treasury shares shall be recorded at the actual buyback price and presented on the Statement of Financial position as a decrease in owner's equity. Cost of Treasury shares when being re-issued or used to pay dividend, bonus, etc. shall be calculated using the weighted average method.

Retained earnings are used to present the Company's operating results (profit, loss) after corporate income tax and profit appropriation or loss handling of the Company. The distribution of net profits is made when the net profit of the company does not exceed the net profit presented on Consolidated Financial Statements after eliminating the profits from cheap purchase. [Trường hợp không có Báo cáo tài chính hợp nhất thì bỏ câu liền trước đi]. In case dividend payment or profit distribution for the owners exceeds The Company's retained earnings is distributed to other funds according to recommendation of the Board of Management and approval of shareholders at annual General Meeting of Shareholders:

- Development and Investment funds: The fund is reserved for the purpose of business expansion or in depth Investment.

Dividends to be paid to shareholders are recognised as a payable in Statement of Financial position after the announcement of dividend payment from the Board of Management [Lưu ý: Nếu là đơn vị đã luy ký chứng khoán thì bổ sung thêm ý sau] and announcement of cut-off date for dividend payment of Vietnam Securities Depository Center.

2.16. Revenue

Sale of good

Revenue from the sale of goods shall be recognised when all of the following conditions have been satisfied:

- Significant risks and rewards associated with the ownership of the goods have been transferred to the buyer;
- The Company retains neither continuing managerial involvement to the degree usually associated with ownership nor effective
- The amount of revenue can be measured reliably;
- It is probable that the economic benefits associated with the transaction will flow to the Company; and
- The cost incurred or to be incurred in respect of the transaction can be measured reliably.

Rendering of services

Revenue from rendering of services shall be recognised when all the following conditions have been satisfied:

- The amount of the revenue can be measured reliably;
- It is probable that the economic benefits associated with the transaction will flow to the Company;
- The stage of the completion of the transaction at the end of the reporting period can be measured reliably; and
- The costs incurred for the transaction and the costs to complete the transaction can be measured reliably.

The stage of the completion of the transaction may be determined by evaluating the volume of work performed.

Financial income

Revenue arising from the use by the others of the Company's assets yielding interest, royalties and dividends shall be recognised when:

- It is probable that the economic benefits associated with the transaction will flow to the Company; and
- The amount of the revenue can be measured reliably.

Dividend income shall be recognised when the Company's right to receive dividend is established.

Bonus shares or stock dividends shall not be recognized as income when the right to receive bonus shares or stock dividend is established. Instead, the number of bonus shares or stock dividends will be presented on the related Note to Financial Statements.

2.17. Cost of good sold

Cost of goods sold during the year is recorded in accordance with the revenue generated during the year and ensures compliance with the principle of prudence. Cases of loss of materials and goods exceeding the norm, costs exceeding normal levels, inventory loss after deducting the responsibility of relevant collectives and individuals, etc. are fully recorded. , promptly included in the cost of goods sold during the year.

2.18. Financial expenses

Items recorded into financial expenses comprise:

- Expenses or losses relating to financial investment activities;
- Losses from the disposal and transfer of short-term securities, transaction cost of selling securities;
- Provision for diminution in value of trading securities price; provision for losses from investment in other entities, losses from sale of foreign currency, exchange loss, etc.

The above amounts are recorded according to the total amount incurred during the year, not offset against financial income

2.19. Corporate income tax

a) Current corporate income tax expenses and Deferred corporate income tax expenses

Current corporate income tax expenses are determined based on taxable income during the year and current corporate income tax rate.

b) Current corporate income tax rate:

The company is subject to a corporate income tax rate of 20% for business activities with income subject to corporate income tax for 2024

2.20. Related Parties

The parties are regarded as related parties if that party has the ability to control or significantly influence the other party in making decisions about the financial policies and activities. The Company's related parties include:

- Companies, directly or indirectly through one or more intermediaries, having control over the Company or being under the control of the Company, or being under common control with the Company, including the Company's parent, subsidiaries and associates;
- Individuals, directly or indirectly, holding voting power of the Company that have a significant influence on the Company, key management personnel including directors and employees of the Company, the close family members of these individuals;
- Enterprises that the above-mentioned individuals directly or indirectly hold an important part of the voting power or have significant influence on these enterprises.

In considering each relationship of related parties to serve the preparation and presentation of financial statements, the Company pays attention to the nature of the relationship rather than the legal form of those relationships

2.21. Segment information

A segment is a distinguishable component of the Company that is engaged in providing an individual or group of related products or services (business segment), or providing products or services within a particular economic environment (geographical segment). Each segment is subject to risks and returns that are different from other components.

Segment information should be prepared in conformity with the accounting policies adopted for preparing and presenting the financial statements of the Company in order to help users of financial statements better understand and make more informed judgements about the Company as a whole.

(*) According to Contract No. 03/HĐKT dated 08 March 2001, and Contract No. 11/HĐKT dated 27 May 2002, between District 10 Construction and Real Estate Services Company (now known as Real Estate 10 Joint Stock Company) and Maritime Development Corporation (now known as Vietnam Maritime Development Joint Stock Company), Real Estate 10 JSC recognized Vietnam Maritime Development JSC as the secondary investor participating in the land exploitation project in Bac Rach Chiec Project. The company has implemented two projects as follows:

(1) Bac Rach Chiec - Phuoc Binh Project

- Area of about 44,800m² (Phuoc Binh Project).

- Purpose: to build housing for employees.

- Capital source: individual employees of the Maritime Development Company and some partners (individuals).

(2) Bac Rach Chiec - Phuoc Long A project

- Area: 49,452 m².

- Purpose: Construction of an apartment complex including offices, commerce, housing, elementary schools and sports areas.

- Capital source: Maritime Development Joint Stock Company.

According to the agreement with Real Estate 10 Joint Stock Company, Maritime Development Company must pay the contribution costs including: compensation costs, clearance and investment in construction of main axis technical infrastructure, other basic construction costs, and project management costs.

At 31 December 2024, the Company's advances to Real Estate 10 Joint Stock Company including:

- Main Axis Infrastructure Contribution Cost of North Rach Chiec - Phuoc Binh Project: 7.690.607.782 VND;

- Cost of contributing to the main infrastructure of the North Rach Chiec - Phuoc Long A Project: 16.962.790.799 VND.

According to the conclusion of the Ho Chi Minh City Inspectorate Real Estate 10 Joint Stock Company signed the contract with the secondary investor was not within, and the case has been transferred to the police agency to investigate the violation

For information on these projects, see note 10. For information on capital contributions to the projects, see note 10.

Explanation detail project:

(1): ICD Phuoc Long Project

- Project name: Office headquarters and Product exhibition area
- Investor: Vietnam Maritime Development Joint Stock Company (abbreviated as Vimadeco)
- Construction location: Km 7 Hanoi Highway, Phuoc Long A Ward, District 9, Ho Chi Minh City.
- Scale: 25,903 square meters including Office headquarters and Product exhibition area
- Investment form: New construction investment.
- Estimated total investment amount: around VND 1,463.739 billion.
- Current status:

+ In November 2017, the Company submitted the Reports on arrangement and relocation of ICD Phuoc Long No. 183/BC-PTHH dated 20 November 2017, and No. 142/PTHH-TTH dated 24 October 2018 to the Ho Chi Minh City People's Committee and the Department of Natural Resources and Environment. However, the Company has not received written instructions and guidance from the competent authority of Ho Chi Minh City.

+ On 07 June 2019, the Company's Board of Directors passed a resolution approving the business cooperation policy with the Consortium of Ngoc Viet Import Export Investment Company Limited and An Phu Joint Stock Company to invest in developing the Office headquarters - Product exhibition area project on the ICD Phuoc Long land, Phuoc Long A Ward, District 9, Ho Chi Minh City. Accordingly, Vimadeco will carry out legal procedures as required by the state management agencies to allow Vimadeco to convert land use purposes, become the investor of the above project in accordance with the law, ensuring the enterprise's land use and management rights, and maximizing Vimadeco's interests. The planned cooperation ratio and profit distribution between Vimadeco and the Consortium in the project are 51%/49% respectively.

+ Currently, Vimadeco and the Consortium have signed the Termination Minutes of Principle Agreement No. 14-10/2023/BB dated 14 October 2023, thereby terminating the cooperative investment activities between the two parties. Vimadeco is currently seeking new partners to continue this project

+ Due to the lack of agreement on a plan, on October 14, 2023, the two sides signed a minutes to terminate the principle agreement

- As of March 31, 2025, the incurred expenses related to the ICD Phuoc Long project were mainly attributed to consultancy, survey, and design activities, with a recorded balance of VND 1,204,096,932.

(2): (2)Bac Rach Chiec - Phuoc Binh Project

- Project name: Phuoc Binh Residential Area
- Investor: Vietnam Maritime Development Joint Stock Company (based on the Power of Attorney contract granted by the employees
- Construction location: Part of the Bac Rach Chiec Residential Area Project, Phuoc Binh Ward, District 9, Ho Chi Minh City
- Scale: 44,850 square meters including two 12-story apartment blocks, villas, townhouses, road system, and parks;
- Investment form: New construction investment
- Estimated total investment: approximately VND 1,391.233 billion
- Investment capital sources
 - + According to document No. 876/CV-IIDQT dated 27 July 2006 of Vietnam Maritime Corporation (Vimadeco) directing the capital representative: The Corporation agreed with the proposal of Vietnam Maritime Development Joint Stock Company to invest in building the Employees' Housing Area in Phuoc Binh Ward, with the investor being Vietnam Maritime Development Joint Stock Company, mobilized capital from employees and other partners, and form: Executive Board of Trade Union organizing project management
 - + According to Resolution No. 862/NQ-HHVN dated 18 April 2012 of the Board of Members of Vietnam Maritime Development Joint Stock Company approving the investment policy of the River Land Project (Phuoc Binh Project): The capital representative reported to the Corporation to organize voting at the Board of Directors' meeting on approving the cooperation between Vimadeco and the Consortium to establish a new legal entity to implement the Phuoc Binh Residential Area Project, District 9, Ho Chi Minh City, the capital contribution/stock according to the ratio of contributions of Vimadeco and the Consortium when establishing a new legal entity to implement the project are respectively 26%/74%;
 - + On 07 June 2019, the Board of Directors of the Company passed a resolution on the Phuoc Binh Residential Area Project: The investment capital for the project since 2000 is from employees and some partners (natural people), not from the Company
 - + According to the meeting minutes and resolutions dated 07 July 2016, the possibility of continuing capital contribution of the employees is very limited and they have a desire to divest from the Phuoc Binh Project. Project participants have signed power of attorney contracts to authorize the Chairman of the company's Trade Union at the Ho Chi Minh City branch with certification from Notary Public Office No. 5, Ho Chi Minh City
 - + On 08 September 2016, the Chairman of the branch's Trade Union signed Authorization Contract No. 01/UTDT to authorize the Company's General Director to continue implementing the project. In which, it is determined that the Trade Union of the Ho Chi Minh City Branch of Vietnam Maritime Development Joint Stock Company (abbreviated as the Trade Union) authorizes Vietnam Maritime Development Joint Stock Company to implement the project based on the entire contribution capital being the mobilized capital of Trade Union members and some other individuals. This contract is signed based on the principle that Vietnam Maritime Development Joint Stock Company does not charge interest but only charges authorization fees, so Vietnam Maritime Development Joint Stock Company will not be responsible when it cannot continue to execute the contract due to unforeseen difficulties
- + Capital sources received from employees and partners: VND 43,977,775,000. (Disclosure No. 18 - Other payables)
- Project status:
 - + According to Decision No. 282/QĐ-TTg dated 15 March 2001 of the Prime Minister on land allocation for the construction of technical infrastructure of the Bac Rach Chiec Residential Area's main axis in Phuoc Long A Ward and Phuoc Binh Ward, District 9, Ho Chi Minh City, the Phuoc Binh Residential Area Project is a component project of the Bac Rach Chiec Residential Area Project;
 - + Vietnam Maritime Development Joint Stock Company has signed an economic contract No. 03/IIDKT on 08 March 2001 with District 10 Construction and Real Estate Services Company regarding investment participation in the project;
 - + The project has been approved by the Chief Architect of Ho Chi Minh City with the 1/500 planning by document No. 1954/KTST-ĐB2 dated 25 June 2001;
 - + The Bac Rach Chiec Residential Area Project has been approved for adjustment and expansion of detailed planning at a 1/2000 scale by the People's Committee of Ho Chi Minh City with Decision No. 3061/QĐ-UBND dated 15 June 2011
 - As of March 31, 2025, the total accumulated costs — comprising contributions toward compensation and main infrastructure development, land clearance compensation, ground leveling, and expenses for surveying, consultancy, and design — amounted to VND 36,670,530,088.

(3): (3)Bac Rach Chiec - Phuoc Long A Project

- Project Name: Phuoc Long A Mixed-Use Apartment Complex
- Investor Name: Vietnam Maritime Development Joint Stock Company
- Scale: 49,452 square meters including office buildings, commercial areas, apartments, elementary school, road system, parks, and sports area
- Investment Form: New construction investment
- Parties involved in the investment:
 - + On 07 June 2019, the Board of Directors of the Company passed a resolution to cooperate in establishing a new legal entity with the Consortium of Ngoc Viet - An Phu to invest in developing the Project
 - + Vimadeco is responsible for all invested costs
 - + The Consortium of Ngoc Viet - An Phu is not responsible for incurred costs due to the absence of a signed cooperation investment agreement
 - + The capital contribution/shareholding ratio of Vimadeco and the Consortium when establishing the new legal entity to carry out the project is 51%/49% respectively
 - + Currently, Vimadeco and the Consortium have not signed a cooperation investment agreement as they have not reached a consensus on the business cooperation ratio and profit sharing
- As of 31 December 2024, aggregated costs include main axis infrastructure costs, land clearance compensation, land plot infrastructure costs, surveying, and design costs
- Current Status
 - + On June 7, 2019, the Company's Board of Directors adopted a resolution approving the investment cooperation policy for the establishment of a new legal entity in partnership with the Ngoc Viet - An Phu Joint Venture, with the objective of investing in and developing the Phuoc Long A Mixed-Use Apartment Project, located in Phuoc Long A Ward, District 9, under the Bac Rach Chiec Residential Development. Vimadeco was designated to undertake all relevant legal procedures as required by competent State authorities, enabling the Company to participate in the project in full compliance with legal provisions, while ensuring the enterprise's land use and management rights and securing the highest possible benefit for Vimadeco. The agreed capital contribution ratio for the newly formed legal entity was set at 51% for Vimadeco and 49% for the Joint Venture.
 - + As no mutual agreement was ultimately reached regarding the implementation plan, on October 14, 2023, both parties executed a memorandum formally terminating the previously established cooperation framework.
 - + On October 10, 2024, the Company entered into a Memorandum of Understanding (MoU) for project cooperation with City Garder Joint Stock Company. The project is currently being actively implemented and progressing in accordance with the agreed plan."
- As of March 31, 2025, the expenses incurred for the ICD Phuoc Long project primarily consisted of consultancy, survey, and design costs, with a total balance of VND 12,664,244,586.

Difficulties and obstacles of both projects (2) and (3):

- Vietnam Maritime Development Joint Stock Company has not been recognized as the secondary investor although the Phuoc Long A Apartment Complex Project has compensated for 100% of the land area
- The project has not been approved for adjusted 1/500 planning according to Decision No. 3061/QĐ-UBND dated 15 June 2011 of the People's Committee of Ho Chi Minh City
- The company has not been allocated land nor has it obtained a Land Use Right Certificate
- Since 2008, there have been disputes over land on a portion of the land area belonging to the Bac Rach Chiec - Phuoc Long A project. Therefore, after resolving the disputes, the project may lose an area of 1,653.4 square meters, leaving only 47,798.6 square meters (see more information in the Disclosure 33).
- The Bac Rach Chiec - Phuoc Binh and Bac Rach Chiec - Phuoc Long A projects are currently under inspection by state management agencies, and as of 30 June 2021, there has been no final conclusion on the inspection work.

Due to the reasons presented above, both projects are temporarily paused

For detailed information about prepayments to sellers, payables to officials and employees contributing capital to the project and payable project implementation deposits related to these two projects, see more information in Note No. 06 and 18

Financial assets and financial liabilities have not been evaluated at fair value at the end of the accounting period due to Circular 210/2009/TT-BTC and current regulations requiring presentation of financial statements, and disclosures for financial instruments but does not provide equivalent guidance for measuring and recognizing the fair value of financial assets and financial liabilities, other than provisions for Bad debt prevention and reduced provisions Prices of securities investments have been detailed in the relevant Notes

Financial risk management

The Company's financial risks include market risks and liquidity risks. The company has built a control system to ensure a reasonable balance between risk costs and risk management costs. The Company's Board of Directors is responsible for monitoring the risk management process to ensure a reasonable balance between risk and risk control

Market Risks

The Company's business activities will mainly be exposed to risks when there are changes in prices, exchange rates and interest rates

Exchange rate risk:

The Company is exposed to exchange rate risk because the fair value of future cash flows of a financial instrument will fluctuate with changes in foreign currency exchange rates as the Company's borrowings, revenues and expenses ty is made in a currency other than Vietnamese Dong.

Foreign currency accounts

Payment risk

Liquidity risk is the risk that the Company will have difficulty fulfilling its financial obligations due to lack of capital. The Company's liquidity risk mainly arises from the fact that financial assets and financial liabilities have different maturity dates

The payment term of financial liabilities based on expected payments under the contract (on the basis of cash flow of principals) is as follows:

	From 1 year or less	From over year to 5 year	Over 5 year	Total

	13.685.980.804	63.854.279.939	-	77.540.260.743

The company believes that the risk concentration for debt repayment is low. The company has the ability to pay due debts from cash flow from business activities and proceeds from maturing financial assets

34. OTHER INFORMATION

1. Land exchange with SACA Joint Stock Company (referred to as SACA) and land transfer to Vinh Loc Company Limited (referred to as Vinh Loc)

- Pursuant to:

+ Decision No. 777/KTS.T.QH dated January 22, 1999 of the Chief Architect of Ho Chi Minh City on approving detailed planning of land structure, scale 1/2000 for the Northern Residential Area project Rach Chiec;

+ Decision No. 4561/KTST-DB-2 dated December 25, 2001 of the Chief Architect of Ho Chi Minh City on approving the 1/500 scale planning of SACA projects;

+ Contract No. 69/VMD-SACA dated December 15, 2003 between the Company and SACA.

The Company agreed to exchange 18,137 m2 of agricultural land (compensated by the Company in 1997) to SACA to receive 2,943.27 m2 of land with infrastructure (corresponding to 06 lots: E19, E21, E22, E23, E24, E25 belong to projects that have been approved for SACA's 1/500 planning.

As of the current time, the Company has received compensation money from SACA corresponding to 2,511.05 square meters; the area not yet compensated is 432.22 square meters

On the other hand, the Company has transferred to SACA 14,533 square meters of land, still lacking 3,604 square meters as per the signed contract, due to this area being under dispute with Vinh Loc Company Limited.

If considered according to the area conversion ratio implemented in Contract 69/VMD-SACA, this missing agricultural land area corresponds to 547.54 m2 of land with infrastructure in SACA's project area. The company is obliged to pay SACA land or money equivalent to this land area

Currently, the Company only has lot E22 with an actual area of 432.22 m2, smaller than the area still payable to SACA of 115.32 m2.

If considered based on the average re-compensation unit price that the Company received from SACA in compensating 05 previous land lots (area of 2,511.05 m2) with an amount of 32,280,510,000 VND, the minimum average unit price is will be 12,855,000 VND/m2 (rounded). The expected minimum amount to be paid to SACA is about 1,482,438,600 VND (115.32 m2 x 12,855,000 VND/m2)

The two sides will consider resolving these problems after a decision is made by the competent State authorities.

2. The disputed land area of 6,748 m2 must be transferred to Vinh Loc Company Limited as follows

- Vinh Loc Company Limited has the right to use 6,748 square meters of disputed land with Vietnam Maritime Development Joint Stock Company in Phuoc Long A ward, District 9, Ho Chi Minh City according to the following documents:

+ Decision No. 432/QD-BTNMT dated 07 February 2018 of the Ministry of Natural Resources and Environment on resolving land disputes between Vimadeco and Vinh Loc;

+ Document No. 1409/UBND-NCPC dated 17 April 2019 of the People's Committee of Ho Chi Minh City on resolving complaints and petitions of Vinh Loc Company Limited in District 9, Ho Chi Minh City;

+ Land handover minutes dated 13 June 2019 of the Inspectorate of Ho Chi Minh City on the implementation of Decision No. 432/QD-BTNMT dated 07 February 2018 of the Ministry of Natural Resources and Environment;

Therefore, the Company must transfer back 6,748 square meters of land to Vinh Loc (the current actual area is 6,833.3 square meters).

- Due to the discrepancy between the area stated in Decision No. 432/QD-BTNMT and that stated in document No. 1409/UBND-NCPC, the Company has requested the Ministry of Natural Resources and Environment for opinions. However, the reply from the Ministry also does not specify the area that the Company must transfer.

- Therefore, the Company will proceed with the transfer after receiving guidance documents or transfer decisions from competent authorities.
