

**REPORT OF THE SUPERVISORY BOARD
TO THE 2025 ANNUAL GENERAL MEETING OF SHAREHOLDERS**

Dear: Shareholders of Viglacera Dong Trieu Joint Stock Company

Based on:

- *Law on Enterprises of the Socialist Republic of Vietnam;*
- *Charter of organization and operation of Viglacera Dong Trieu Joint Stock Company;*
- *Working regulations of the Supervisory Board,*

The Supervisory Board would like to report to the Shareholders the results of the Supervisory Board's activities in 2024 and the task plan for 2025 as follows:

A. Inspection and supervision activities of the Supervisory Board in 2024:

I. Activities of the Board of Directors:

In 2024, the Board of Directors of the company strictly implemented the contents resolved by the Annual General Meeting of Shareholders at the beginning of the year. Specifically, the following contents are included:

The Board of Directors of the Company has directed the Board of Directors to fully perform its functions and duties in guiding and managing the Company in accordance with the Company's Charter and the State's laws.

The Board of Directors of the Company regularly holds regular and ad hoc meetings to discuss, approve and decide on matters related to the Company's production and business activities such as: Approving monthly and quarterly production and business targets; approving the investment policy for construction; meetings with the participation of members of the Board of Directors have agreed and highly agreed on operational issues in the Company's production and business activities, properly implementing the policies approved by the Annual General Meeting of Shareholders, in accordance with the laws and regulations of the State.

Regarding investment: In 2024, due to the impact of natural disasters such as Typhoon No. 3 Yagi, followed by a historic flood, along with a decrease in product consumption demand and an increase in input costs of raw materials, the company's investment activities have been adjusted to suit the actual situation. During the year, the Company did not carry out any investment projects but mainly focused on overcoming damage after storms and floods, renovating and repairing machinery and equipment as well as factories to gradually stabilize production.

II. Activities of the Company's Board of Directors:

The Company's Board of Directors strictly implements the directives and resolutions of the Company's Board of Directors at regular and ad hoc meetings on the implementation of production and business plan targets, investment in construction and other activities of the Company.

The Company's Board of Directors, represented by the Company's Director, closely and resolutely directs production and business operations. Assign specific tasks to each member of the Board of Directors, in charge of each field, and clearly implement decentralization.

2024 is a year of many difficulties and challenges due to the impact of natural disasters, storms, floods, especially the fluctuating situation of the real estate market, which has greatly affected the production plan as well as the consumption of the company's products. High coal prices have directly affected the company's profits and

production and business efficiency. The company's Board of Directors must regularly grasp the situation to proactively adjust or propose production operation solutions suitable to the general difficult situation of the economy, the solutions include:

1. Cost control work:

Closely follow and strictly implement the contract - management work; set the consumption standards of main materials at Dong Trieu tile factory; Assign departments to regularly check the supply of input materials, ensure that purchased materials are of the right quality and at prices suitable to the market.

Strengthen the inspection and management of machinery and equipment throughout the Company; Machine systems and equipment are repaired according to the regular maintenance and major repair plan to maintain stable production.

Review and rearrange labor in production teams, lines as well as indirect departments in a streamlined manner to save on salary costs and avoid waste of labor.

2. Quality control work:

Closely follow product quality (recovery rate, grade) assigned to units; establish daily product quality control reports, when quality fluctuations occur, they are detected early and timely adjustments are made, so as not to affect the factory's production activities.

Maintain periodic production inspections, check technological processes at production stages to detect and handle promptly. In 2024, production stages will be strictly controlled from input material control, preliminary processing of ironing, shaping, burning to product selection and classification; In general, in 2024, Dong Trieu Tile Factory has minimized the impact of objective factors, and product quality is closely following the assigned quota.

3. Management work:

Build a monthly cost quota for the factory and workshop to closely follow the plan, as well as find compensation solutions in case of not meeting the monthly plan targets.

Strictly implement the production and business management reporting system, grasp the weekly and monthly cost developments compared to the assigned plan; analyze the causes of losses and make timely adjustments.

4. Financial work:

In financial accounting work; the system of forms and books is clearly presented, accounting is in accordance with the prescribed regime. The work of mid-year financial reporting is fully implemented, in accordance with regulations. Periodic inventory work is fully implemented; materials, goods and assets during the inventory process are not missing or lost. Financial management is flexible, capital sources are used effectively.

Conclusion: The Company's activities in 2024 comply with the Law on Enterprises, the Law on Securities, the Company's Charter, relevant regulations and comply with the Resolution of the General Meeting of Shareholders, the Resolution of the Board of Directors, and the Company's information disclosure activities in accordance with the regulations of listed enterprises.
