No.: 01/2025/BC-BTGD

Dak Lak, March 14, 2025

**REPORT OF THE BOARD OF GENERAL DIRECTORS
REGARDING PRODUCTION AND BUSINESS ACTIVITIES IN 2024
AND PLAN IN 2025**

To: General Meeting of Shareholders of Daklak Water Supply Joint Stock Company

Today, Daklak Water Supply Joint Stock Company held the Annual General Meeting of Shareholders to summarize the production and business operations in 2024 and give the direction of production and business tasks in 2025.

On behalf of the Board of General Directors, I would like to send respectful greetings and wishes for health, happiness and success to all shareholders.

I. REVIEW OF THE COMPANY'S OPERATIONS IN 2024.

1. Situation characteristics

2024 is still a year when the whole country's economy faces various difficulties in restoring production and business activities after the Covid pandemic. Daklak Water Supply Joint Stock Company always strives to maintain all production and business activities in the best way to promptly and continuously supply water to people in Buon Ma Thuot City and 07 branches in districts in the province. Daklak Water Supply Joint Stock Company is proud to be an enterprise that makes an active contribution and takes the lead in social security work in Daklak Province.

Despite various difficulties and challenges, over the past time, the Company has achieved some positive results, affirming the correct and effective direction and administration of the Board of Directors and the flexible and effective management of the Board of General Directors, along with the solidarity, determination and dynamism and creativity of all officers, employees and workers, especially the support of the local government, the trust and attachment of employees, Daklak Water Supply Joint Stock Company has completed the planning goals assigned by the Annual General Meeting of Shareholders in 2024.

2. Review of the company's operations in 2024.

Sticking to the orientations approved by the General Meeting of Shareholders (GMS), the Board of General Directors analyzes impact factors, forecasts the impacts, thereby developing a strategic direction for the development and implementation of a specific action plan. On the one hand, maintain and maximize the efficiency of existing assets and resources in order to best serve customers while ensuring the Company's interests.

In 2024, the Board of General Directors actively led the Company to operate production and business, closely follow the set planning indicators to implement and basically complete the production and business results in 2024.

Basic performance indicators in 2024:

No.	Indicator	Unit	Performance 2024	Plan 2024	% of implementation compared to plan
1	Revenue	Billion VND	293.13	284.36	103.1
2	Manufactured water	Million m ³	24.38	24.97	97.63
3	Metered water	Million m ³	20.66	20.87	99.0
4	Water loss rate	%	15.24	16.42	107
5	Customer Development	Household	4,948	4,657	106.2
6	Profit before tax	Billion VND	56.87	11.32	502.4
7	Accumulated losses	Billion VND		7.84	

Profit in 2024 is higher than planned due to the low volatility of USD/VND exchange rate and the Company implementing synchronous solutions to reduce operating costs.

2.1. Customer service

The Customer Service Department and Branches focuses on updating software and implementing solutions to reduce high receivables; the receivables ratio at branches is below 1%, achieving the set plan.

In 2024, the Company continues to consult and propagate customers to increase payment by applications, collection partners as well as reduce direct cash payment rates. The non-cash ratio of the whole company reaches 98 %.

The indicator of new customers in 2024 exceeded the set plan. Recovery of bad debts is achieved according to the set plan.

In the past year, the Company has strengthened the review and application of business unit prices for business and service customers, contributing to increasing revenue at the Company.

2.2. Production, network management and water quality

- Production, network management:

The manufactured water and metered water outputs fail to meet the plan: The manufactured water output reaches 97.63% of the plan while the metered water output reaches 99.0% of the plan at the beginning of the year. However, the manufactured water and metered water outputs still grow steadily, specifically: the manufactured water output increases by 3.34% (*equivalent to an increase of 786,973m³*) and the metered water

output increases by 5.82% (*equivalent to an increase of 1.14 million m³ of water consumption*) compared to 2023.

The water supply project for Buon Ma Thuot City and 03 towns in Krong Nang, Ea Kar and Buon Don districts has been put in operation since 2020. However, after nearly 5 years of operation, the capacity of Krong Nang, Ea Kar and Buon Don branches is very low, reaching only 5 to 15% of the designed capacity. Therefore, district branches are still continuing to incur large losses due to high costs, and revenue is insufficient to cover depreciation and production costs.

Water loss prevention: In 2024, the Board of General Directors directed to prioritize the renovation and loss prevention. As a result, the Company's total water loss rate in 2024 is 15.24%, exceeding the set plan (*decrease by 1.18% compared to the plan of 16.42%*).

The company has initially implemented the installation of modern electromagnetic equipment such as electromagnetic meters, inverter cabinets at water exploitation stations to gradually build the Automatic Control Center Project.

According to the regulations of the Ministry of Natural Resources and Environment, the Company has been installing an automatic monitoring system for all wells and water exploitation stations of the Company to monitor and transmit data automatically.

- Water quality:

Clean water provided to consumers by Daklak Water Supply Joint Stock Company is in accordance with QCVN01-1: 2018/byt National technical regulations on clean water quality for domestic use.

The Company's Product Quality Control Department (QC Department) has been assessed by Vietnam Institute of Accreditation (VACI) as conforming to the requirements of ISO/IEC 17025: 2017 Standard in the field of Chemical testing. Annually, the QC department tests about 400 clean water samples including indicators (pH, turbidity, color and free chlorine...), the remaining indicators of QCVN01-1:2018/byt are contracted by the Company with an external unit (Quality Assurance and Testing Centre 2) to perform periodic testing to ensure that the water quality meets the requirements as prescribed.

The results of periodic internal and external testings in recent years show that all analytical indicators are below the allowable threshold of QCVN01-1: 2018/BYT. This is the legal basis to affirm that the clean water quality of Daklak Water Supply Joint Stock Company always meets the quality prescribed by the Ministry of Health.

- Water meters:

Meters installed in water metering ensure DLVN 17:2017 - Water meter inspection process and performance of periodic inspection as prescribed in Circular No. 23/TT-BKHCN dated September 26, 2013 of the Ministry of Science and Technology - Regulations on measurement for group-2 measuring instruments.

The Company's Product Quality Control Department (QC department) has been designated by the General Department of Standardization, Metrology and Quality Control to inspect water meters with diameter D(15 ÷ 50)mm. Depending on the current situation and demand of the meters, the QC department will self-inspect and assemble meter components at the workshop.

Implementing Decision No. 311/QĐ-TĐC dated February 24, 2022 of the General Department of Standardization, Metrology and Quality Control on control inspection at Daklak Water Supply Joint Stock Company, Daklak Department of Standardization, Metrology and Quality Control annually conducts cross-check meter inspection. In 2023, 1,700 meters were cross-checked. 100% met technical requirements. This is the legal basis to affirm that the measurement in the Company always ensures fairness between water suppliers and consumers.

2.3. Construction and investment.

In 2024, the Company approved an investment budget of VND 31.98 billion to implement 109 projects to renovate, invest in and develop the water supply network in Buon Ma Thuot City and districts with more than 19,058 meters of water supply pipes constructed and renovated. By December 2024, 81 projects were completed with a settlement value of VND 19.13 billion. The remaining projects are continuing to be implemented and carried forward to 2025.

In addition, in order to take advantage of the existing raw water, generate more jobs for employees and increase revenue, the Company has invested in the construction of a water bottling plant with a total investment cost of VND 30.5 billion. Up to now, the factory has completed and brought products to the market in April 2024.

In addition, the Company is investing in stages to gradually automate factories and pumping stations to gradually automate water production. Specifically, investment is underway: Central control room; water supply network management software; water production monitoring software; Inverter cabinet system and necessary equipment for automation work...

During the year, some projects have been approved, but the construction schedule has not been guaranteed according to the original plan due to difficulties in capital and site clearance. Therefore, some projects with estimated budgets have been transferred to 2025.

2.4. Finance.

In 2024, the Company paid the principal and interest of ADB loans for the water supply project in Buon Ma Thuot City and 03 districts of Ea Kar - Krong Nang - Buon Don with an amount of more than VND 54 billion, and spent more than VND 13 billion on investment in renovating and expanding the customer development network to exploit the capacity of the plants.

In addition to its own capital from production and business activities, the Company also borrowed capital from the Bank with a line of credit of VND 35 billion to meet short-term capital to pay for the purchase of materials, tools, salaries for officers and employees and other expenses...

Facing the situation that the selling price of clean water has been adjusted to increase since January 2024, the demand for clean water of customers is higher than that of the previous year, along with the effective implementation of cost tightening measures, which have brought about certain effectiveness. Regarding the Company's production and business results in 2024, after-tax profit reached VND 50.96 billion. After offsetting accumulated losses, the Company still has a profit of VND 47.49 billion.

Currently, the Company still owes VND 7.37 billion to contractors of ADB project.

Although there are still many difficulties and challenges, under the direction of the Board of Directors, the Board of General Directors of the Company has also arranged a reasonable allocation of capital in a timely manner to ensure the investment capital to open a customer development network, repay ADB loan, and repay suppliers according to appropriate schedule.

2.5. Personnel

The total number of employees as of December 31, 2024 is 307, including: 57 female employees; 110 employees with graduate and postgraduate degrees, accounting for 35.85%; 65 employees with college and intermediate degrees, accounting for 21.17%; 132 technical workers, accounting for 43%.

Regarding life, employment and welfare for employees:

- Average income: VND 10,932,551/person/month.
- During the year, periodic health check-ups are organized for employees with a total budget of VND 135,706,000.
- Insurance regime for the employees: The company has fully and promptly paid social insurance, health insurance, unemployment insurance for the employees. Details are as follows:

○ Social Insurance	○ VND 5,991,920,822.
○ Health Insurance	○ VND 1,060,376,549.
○ Unemployment Insurance:	○ VND 470,266,491
- In 2024, labor protection equipment was equipped with a total amount of VND 75,140,604.

The combined results of the above factors have been fully reflected in financial statements 2024.

II. COMPANY 'S OPERATION PLAN IN 2025.

1. *Basic planning indicators*

The Board of General Directors is committed to operating actively with a high sense of responsibility to achieve the highest efficiency for the Company and increase value for shareholders. In addition to the tasks assigned under the decisions of the General Meeting of Shareholders, the Board of General Directors develops the plan in 2024 as follows:

No.	Indicator	Unit	Performance 2024	Plan 2025	% of plan in 2025 /Implementation in 2024
1	Revenue	Billion VND	293.13	352.34	120.2%
2	Manufactured water	Million m ³	24.38	25.53	104.7%
3	Metered water	Million m ³	20.66	21.65	104.8%
4	Water loss rate	%	15.24	15.20	100.3%
5	Customer Development	Household	4,948	5,375	108.6%
6	Profit before tax	Billion VND	56.87	58.15	102.2%
7	Profit after tax	Billion VND	50.96	52.79	103.6%

2. Specific actions.

The Board of General Directors continues to focus on directing the exploitation to promote project effectiveness, accelerate the recovery of old customers, and shift the rate of clean water use of restaurants and hotels to account for a larger proportion. At the same time, the Board of General Directors directs the search for preferential loans to develop network-opening investment projects to implement business plans and customer development strategies in the following years to prepare for the Company's medium and long-term strategy. Specifically, the action plans in 2024 are as follows:

2.1. Business, customer service.

In 2025, continue to mobilize customers to use payment methods through automatic debit channels, bank transfer payment, and payment collection, reaching 98% of customers of the whole Company to make non-cash payment, and the remaining 2% of customers in the suburbs will continue to be mobilized to change customers' awareness and habits in the coming time.

Customer development needs to be implemented and have a drastic action program to achieve the plan in 2025. There are effective solutions to encourage customers to reuse water and use water from newly invested pipelines, promote and mobilize people to use tap water instead of well water to develop customers. Customer care and management of collection staff are strengthened to avoid complaints due to untimely and inaccurate collection.

In 2025, the Company will promote the application of information technology to improve customer service: Upgrade the Company's website, thereby promoting customer consultation for registration, completing new installation procedures, repairs, and looking up invoices via the Company's website; deploy water bill text message notifications via Zalo application on mobile phones to save costs. It is expected to further develop the Customer Service App and the Water Flow Repair App to gradually improve the quality

of service for water users.

Employees are encouraged to come up with appropriate and effective solutions to promote the recovery of bad debts arising before 2025.

2.2. Production, network management and water quality.

The Board of General Directors will direct the implementation of periodic maintenance according to the plan for pumps, electronic equipment and water treatment facilities at all water production plants to maintain stable production operations, focusing on maintenance of equipment, valves, fire hydrants on the network, checking raw water pipes and transmission pipes to ensure safe operation.

Solutions to prevent loss are strengthened; the target set in 2025 is 15.2% for the whole Company. Zoning and network separation shall be scientific, with specific analysis data to ensure water pressure, water flow and continuity of water supply.

The Board of General Directors will direct the Engineering Department to coordinate with the Branches to research and implement appropriate solutions to ensure continuous production and exploitation but save electricity, in order to reduce the electricity consumption rate and achieve the electricity consumption target set in the plan at the beginning of the year.

Software is applied to monitor flow and pressure in network management - prevent water loss; The effectiveness of the GIS system is continually promoted, gradually synchronizing data for the whole Company.

Water quality control is strengthened at production plants and distribution networks, ensuring the quality of tap water for customers to meet the standards prescribed by the Ministry of Health.

2.3. Construction and investment

The network expansion investment plan in 2025 is expected to be more than VND 50 billion, divided into different investment phases, implemented for 8 branches at the Company, mainly in Buon Ma Thuot City, Buon Ho Township, Krong Păk District and Cu M'gar District.

Currently, the Company prioritizes the application of technology in the management and operation of production, plans to build more chlorine neutralization towers at Hoa Thang and Dat Ly Reservoirs, automatic control centers and monitoring systems for groundwater and surface water quality as prescribed in Decree No. 53/2024/ND-CP dated May 16, 2024 detailing the implementation of certain provisions of the Law on Water Resources. At the same time, in order to meet the demand for clean water consumption in the coming time, the Company plans to apply for permission to increase the capacity of some existing exploitation sources and build more plants at branches such as Buon Ho, Cu M'gar, and Krong Pak.

In order to provide safe water supply and increase groundwater reserves, the Company will renovate Cu Pul and Ea Ko Tam reservoirs of Buon Ma Thuot Water Supply Branch.

The plan to renovate and replace the old Cast Iron pipes that have been used for over 20 years in the central area of Buon Ma Thuot City & district centers will be implemented to reduce the rate of sustainable and safe losses in Water Supply.

For approved water supply network development projects and works: It is

necessary to accelerate the implementation progress, balance the investment capital to achieve the planned progress.

2.4. Finance

The loan plan from commercial banks will be implemented to ensure timely disbursement of capital for development investment in 2025.

A plan to extend the repayment period for the new ADB Loan Agreement will be developed to ensure the time to accumulate capital to repay the project in time, as well as capital for business operations.

2.5. Personnel.

The Board of General Directors strives to expand production and business activities, bring more revenue sources to the Company, as well as continue to maintain job stability, salary and income for the employees.

Insurance premiums and other types of entitlements, lunch allowances, full Tet bonuses are ensured for the employees; creating opportunities for promotion, encouraging the employees and monitoring health by organizing periodic medical examinations. In addition, together with the trade union, the Company provides financial support to the employees in difficulty.

In 2025, the Board of General Directors will continue to review and revise the Regulations on management, Regulations on salary and bonus payment for the employees, etc., to ensure basic and adequate welfare conditions for the employees. The goal is to stabilize the structure and personnel of the whole Company, build trust and attachment of the employees, the Board of General Directors and the employees will jointly make efforts, be creative and contribute to the long-term development of the Company.

Above is the Report of the Board of General Directors of the Company on business and production results in 2024 and the plan in 2025, submitted to the General Meeting of Shareholders for approval./.

Dak Lak, March 14, 2025

REPORT OF THE BOARD OF DIRECTORS AT ANNUAL GENERAL MEETING OF SHAREHOLDERS 2025

To: General Meeting of Shareholders of Daklak Water Supply Joint Stock Company

On behalf of the Board of Directors (BOD) and the Board of Management of Daklak Water Supply Joint Stock Company, I would like to send all shareholders respectful greetings and wishes for health, happiness and success.

In April 2024, Daklak Water Supply Joint Stock Company successfully organized Annual General Meeting of Shareholders 2024, the Board of Directors recognized the direction and administration of the Board of General Directors, along with the solidarity, determination and dynamism and creativity of all officers, employees and workers, especially the support of the Provincial and District People's Committees and local government authorities. The Board of Directors of Daklak Water Supply Joint Stock Company has basically fulfilled the planning objectives set by the General Meeting of Shareholders.

I. Activities of the Board of Directors in 2024

1. Summary of meetings and decisions of the Board of Directors

- The Board of Directors of the company operates according to the collective principles, complies with law provisions and the articles of association of the Company.
- In 2024, the Board of Directors of Daklak Water Supply Joint Stock Company conducts meetings to collect opinions of members of the Board of Directors and issued 18 Resolutions, details are as follows:

9	09/2024/NQ-HDQT	24/04/2024	Resolution regarding election of Chairperson of the Board of Directors of the Company	100%
10	10/2024/NQ-HDQT	24/04/2024	Resolution regarding election of Vice Chairperson of the Board of Directors of the Company	100%
11	11/2024/NQ-HDQT	24/04/2024	Resolution regarding appointment of positions in the Board of General Directors of the Company	100%
12	12/2024/NQ-HDQT	24/04/2024	Resolution regarding appointment of the Secretary of the Board of Directors	100%
13	13/2024/NQ-HDQT	20/07/2024	Resolution regarding approval of production and business results for the first 6 months of 2024 and production and business plan for the third quarter of 2024	100%
14	14/2024/NQ-HDQT	20/07/2024	Resolution regarding approval of bonuses for collective departments and branches in the first 6 months of 2024	100%
15	15/2024/NQ-HDQT	05/09/2024	Resolution regarding approval of the policy of house and land purchase; construction of business offices in Ho Chi Minh City	100%
16	16/2024/NQ-HDQT	15/11/2024	Resolution regarding approval of production and business results in the third quarter of 2024 and production and business plan in the fourth quarter of 2024	100%
17	17/2024/NQ-HDQT	23/11/2024	Resolution regarding approval of inspection of packages of BMT City Water Supply Project and 03 towns invested by Daklak Water Supply Joint Stock Company	100%
18	18/2024/NQ-HDQT	12/12/2024	Resolution regarding approval of personnel plan of Daklak Water Supply Joint Stock Company	100%

In 2024, the Board of Directors strictly implements corporate governance, personnel strategy...in line with the scope of powers and duties of the Board of Directors as stipulated in the Articles of Association of Daklak Water Supply Joint Stock Company.

The Board of Directors maintains meetings as prescribed at least once a quarter to consider and decide on issues under the authority of the Board of Directors with the

participation of the Board of Supervisors and the Board of General Directors of the Company.

The Board of Directors has assigned specific tasks to members, enhancing the advisory role of the Executive officers. Members of the Board of Directors have also made great efforts to fulfill their responsibilities and act in the interests of shareholders in a harmonious relationship with the interests of the Company and the Employees.

2. Situation and results of production and business activities in 2024.

In 2024, under the leadership of the Board of Directors and the positive contribution of all employees and officers of the Company, along with the adjustment of water prices, the Company's production and business situation also achieved certain results. Basic production and business targets are achieved according to the set plan.

Results of implementing basic targets in 2024

No.	Indicator	Unit	Performance 2024	Plan 2024	% of implementation compared to plan
1	Revenue	Billion VND	293.13	284.36	103.1
2	Manufactured water	Million m ³	24.38	24.97	97.63
3	Metered water	Million m ³	20.66	20.87	99.0
4	Water loss rate	%	15.24	16.42	107
5	Customer Development	Household	4,948	4,657	106.2
6	Profit before tax	Billion VND	56.88	11.32	502.4
7	Accumulated losses	Billion VND		7.84	

Profit in 2024 is higher than planned due to many reasons, including the increase in water prices, less fluctuation in the USD/ VND exchange rate and the Company's implementation of synchronous solutions to reduce operational costs to improve operational efficiency.

In 2024, the Company completed the construction of the Water Bottling Plant and started operating from April 2024. Because this is a new field and a very competitive market, there are still many difficulties and inefficiencies.

3. Payment of remuneration and bonuses to members of the Board of Directors and the Board of Supervisors

Following the Resolution of General Meeting of Shareholders 2024 on approval of remuneration plan for the Board of Directors and the Board of Supervisors, in 2024, the total remuneration actually paid to the Board of Directors and the Board of Supervisors is as follows:

No.	Content	Remuneration plan (salary and bonus) in 2024	Total remuneration (salary and bonus) paid in 2024
01	BOD Chairperson	VND 400,000,000	VND 447,761,103
02	Vice Chairperson of the Board of Directors	VND 250,000,000	VND 172,000,000
03	Members of the Board of Directors (3 members)	VND 0	VND 32,000,000
04	Board of Supervisors (3 members)	VND 120,000,000	VND 32,916,667

4. Supervisory activities over the Board of General Directors

The Board of Directors closely supervises and directs the Board of General Directors during the implementation of the plan in 2024 approved by the General Meeting of Shareholders.

The Board of General Directors has made great efforts and united to fulfill its role to implement timely and flexible executive solutions in line with the guidelines and orientations of the Board of Directors. The guidelines of the Board of Directors are also fully implemented by the Board of General Directors and reported in detail on the implementation results with a high sense of responsibility.

- The Board of Directors believes that with the flexible solutions in management by the Board of General Directors and the solidarity of employees, officers and workers, the Company will strive to meet the targets set by the General Meeting of Shareholders and gradually overcome challenges in difficult circumstances.

5. Results of supervision over Heads - Deputy Heads of Departments and Branches:

The Board of Directors always accompanies the Board of General Directors and Heads – Deputy Heads of Departments in each activity, and gives timely instructions. Chairperson of the Board of Directors regularly works with the Board of General Directors and other levels of management, holds regular meetings once a month on an average . Members of the Board of Directors regularly discuss and agree on solutions on investment, finance, business, minimizing operating costs to ensure the company's financial

resources... Therefore, the Company has basically fulfilled the tasks set out by the General Meeting of Shareholders in 2024.

II. Operation plan of the Board of Directors in 2025.

In 2025, the Board of Directors will continue to improve the regulations and procedures, improve the role of each member of the Board of Directors to promptly coordinate and handle arising issues in the process of operating production and business activities, thereby ensuring governance and maximizing the interests of shareholders.

The Board of Directors is committed to operating actively with a high sense of responsibility to achieve the highest efficiency for the Company and increase value for shareholders. In addition to the tasks assigned under the decisions of the General Meeting of Shareholders, the Board of Directors develops the plan in 2025 as follows:

1. Basic planning indicators.

No.	Indicator	Unit	Performance 2024	Plan 2025	% of plan in 2025 /Implementation in 2024
1	Revenue	Billion VND	293.13	352.34	120.2%
2	Manufactured water	Million m ³	24.38	25.53	104.7%
3	Metered water	Million m ³	20.66	21.65	104.8%
4	Water loss rate	%	15.24	15.20	100.3%
5	Customer Development	Household	4,948	5,375	108.6%
6	Profit before tax	Billion VND	56.88	58.15	102.2%
7	Profit after tax	Billion VND	50.97	52.79	103.6%

2. Implementation solutions.

The Board of Directors continues to direct the promotion of exploitation to promote project effectiveness, accelerate the recovery of old customers, and shift the rate of clean water use of restaurants and hotels to account for a larger proportion.

Invest in expanding the water supply network and installing a clean water supply system; it is expected to apply for permission to increase the capacity of exploiting existing sources, invest in construction of more plants in some branches, ensure a long-term vision of 10-15 years and closely follow the planning and urban development orientation of the locality.

Head office: 339 Ton Duc Thang Street, Tan
An, Buon Ma Thuot City, Dak Lak Province

Tel: 0262.3852.619
Website: <https://Dakwaco.com.vn>

Assign the Board of General Directors to develop effective loss prevention plans. Renovate, upgrade and replace the degraded or damaged water network.

Conduct surveys and invest in the Central Control system to synchronize water production activities.

In addition, in order to strengthen corporate governance, in 2025, in accordance with the Resolution of the General Meeting of Shareholders, the Board of Directors will gradually improve the regulations, procedures, and supervise the management of the Executive Board to promptly coordinate and handle issues arising in the process of operating production and business activities, ensuring the maximum benefits of shareholders.

Above is the Report of the Board of Directors on operation results in 2024 and the operation plan for 2025, and would like to submit to the General Meeting of Shareholders for review and approval./.

- Regarding performance of the Board of Directors:

The Board of Directors' meetings were held in accordance with regulations (For Board of Directors' meetings, it is required to meet at least once per quarter. In total, the Board of Directors held 18 meetings in 2024). The Resolutions are issued on the basis of compliance with legal regulations, ensuring maximum benefits for the Company and the Shareholders:

Regarding production and business, the Board of Directors meets regularly to issue Resolutions to implement business plans 2024 approved by Annual General Meeting of Shareholders 2024:

- Regarding customer service business:

+ Implement advocacy for customers to use non-cash payment methods;
+ Develop and expand new customers; Strengthen customer care and manage revenue collection staff to avoid untimely and inaccurate revenue collection;

- Regarding production, network management and water quality:

Daklak Water Supply Joint Stock Company
Head office: 339 Ton Duc Thang Street, Tan
An, Buon Ma Thuot City, Dak Lak Province

Tel: 0262.3852.619
Website: <https://Dakwaco.com.vn>

- + Periodically perform maintenance of the company's machinery and equipment system;
- + Strengthen solutions to prevent loss by applying software to monitor flow and pressure in network management - prevent water loss;
- + Control water quality at production plants and distribution networks to meet quality standards as prescribed;
- + Implement appropriate solutions to ensure continuous production and exploitation and ensure production cost savings;

- Regarding personnel work:

The Board of Directors also approves the promulgation of Resolutions on personnel plans at the Company to ensure the right competence to appoint, remove and dismiss personnel in accordance with the Company's Articles of Association and assigned personnel to ensure sufficient management capacity and professional expertise to meet job requirements.

- Regarding inspection and examination of the Company:

The Board of Directors has approved the inspection of bidding packages under Buon Ma Thuot City Water Supply Project and 03 towns (EaKar, Buon Don, Krong Nang) invested by Daklak Water Supply Joint Stock Company to clearly identify causes and responsibilities of organizations and individuals related to the implementation of these projects.

- Regarding performance of the Executive Board:

Under the direction and assignment of tasks of the Board of Directors, the Executive Board has implemented specific tasks related to the production and business plan. The Executive Board holds monthly meetings to evaluate the results and approve the work plans of departments and divisions, in order to give timely instructions.

5. Coordination of activities between the Board of Supervisors and the Board of Directors, the Board of General Directors and shareholders:

- The Board of Supervisors closely coordinated with the Board of Directors, the Board of General Directors, and supervised the implementation of the Resolutions of the General Meeting of Shareholders (“GMS”) and the resolutions of the Board of Directors.
- The Board of Supervisors received full information, meeting agenda as well as resolutions of the Board of Directors, quarterly income statement, and audited financial statements 2024 of the Company.

Daklak Water Supply Joint Stock Company
Head office: 339 Ton Duc Thang Street, Tan
An, Buon Ma Thuot City, Dak Lak Province

Tel: 0262.3852.619
Website: <https://Dakwaco.com.vn>

- The Supervisors attend the meetings of the Board of Directors, thereby promptly monitoring the Company's activities and the implementation of the resolutions of the General Meeting of Shareholders.

- The Board of Supervisors maintains independence in its monitoring activities. Throughout the year, the Board of Supervisors has not received any recommendations from shareholders regarding the direction and management of the Board of Directors, Board of Supervisors, Board of General Directors and other executive officers of the Company.

6. Summary of meetings of the Board of Supervisors:

- In 2024, the Board of Supervisors held meetings in accordance with legal regulations to assign tasks to each member of the Board to achieve high efficiency in the process of inspecting and supervising the Company's activities to comply with the Resolution of the General Meeting of Shareholders, Resolution of the Board of Directors, Articles of Association and regulations of the Company.

- At the same time, fully attend meetings of the Board of Directors, work with the Executive Board on issues related to the management and operation of production and business activities of the Board of Directors and the Board of General Directors of the Company.

- Accordingly, through the inspection and control of the Company's operations in 2024, the Board of Supervisors concludes as follows:

6.1. Regarding financial situation of the company:

- In 2024, the Company achieved certain results in production and business activities. Revenue and profit after corporate income tax all exceeded the plan set by the General Meeting of Shareholders, in which the profit after corporate income tax achieved in 2024 far exceeded the plan.

However, in 2024, the auditor of the annual financial statements continues to provide audit opinions except:

“As of 01 January 2024 and 31 December 2024, in the item of work in progress on the balance sheet, there are still some unfinished projects with a total value of VND 2,064,060,569 from previous years and are not continued in the current year. The Company has not conducted an assessment of the recoverable value of these works. With the Company's current documents, we are unable to obtain sufficient appropriate audit evidence regarding the accuracy and recoverability of this item as well as the impact (if any) on the financial statements for the fiscal year ending 31 December 2024.”

Daklak Water Supply Joint Stock Company
Head office: 339 Ton Duc Thang Street, Tan
An, Buon Ma Thuot City, Dak Lak Province

Tel: 0262.3852.619
Website: <https://Dakwaco.com.vn>

As of the end of the fiscal year, the Company has not yet finalized the equitization costs and determined the value of the State capital to be transferred to the Joint Stock Company due to the remaining financial problems. The value of the State's payables for equitization currently recognized in other payables on the balance sheet as of 01 January 2024 and as of 31 December 2024 is VND 2,497,465,174. Depending on the decision of the Authority, the figures presented in the financial statements may be changed when an official decision is made.

Accounts receivable and payable on the balance sheet as at 01 January 2024 and as at 31 December 2024 have not been reconciled and confirmed with receivables and payables of which: trade receivable in the amount of VND 4,044,469,208, prepayment to sellers in the amount of VND 237,933,000, other receivables in the amount of VND 1,491,650,727 and accounts payable to suppliers in the amount of VND 496,904,992. Accordingly, we are unable to obtain sufficient appropriate audit evidence regarding the accuracy, existence and recoverability of these balances and their impact (if any) on the financial statement items for the financial year ended 31 December 2024.

As of 01 January 2024 and 31 December 2024, the Company is monitoring other payables on the balance sheet of Japanese Government loans under Decision No. 882/QD-UB dated April 5, 2002 of the People's Committee of Dak Lak Province on investment in the Water Supply Project of Quang Phu Town, Cu M'Gar District in the amount of VND 8,059,727,581. At the time of this report, the Company has not yet determined the subject, term and interest rate of the loan".

As a result, for five consecutive years, the company's financial statements have been subject to qualified opinions of the auditor. According to the provisions of Decision No. 34/QD-HDTV dated November 16, 2022 of the Board of Members of the Vietnam Stock Exchange regarding Regulations on Registration and Management of Unlisted Securities Transactions, the Company's shares are under warning. Therefore, in order not to affect the interests of shareholders in the implementation of share purchase and sale, we respectfully request the Board of Directors to direct the completion of settlement and handover from One Member Limited Liability Company to Joint Stock Company and handle outstanding financial issues in the company.

6.2. Regarding the operation and operation of the Company: basically, the Company and members of the Board of Directors, Board of Supervisors, Board of General Directors and Auditor of the Company have complied with the provisions of law, provisions of the Company's Articles of Association, and internal regulations of the Company. In 2024, there

Daklak Water Supply Joint Stock Company
Head office: 339 Ton Duc Thang Street, Tan
An, Buon Ma Thuot City, Dak Lak Province

Tel: 0262.3852.619
Website: <https://Dakwaco.com.vn>

is no violation affecting the rights of shareholders, the Board of Supervisors does not receive any requests to inspect violations or other requests from shareholders.

6.3. Regarding some other contents:

- The Company ensures compliance with the provisions of the Law on Securities and other relevant documents on disclosure of information on the Vietnamese securities market for public companies.

- The company ensures living conditions, employment and welfare regimes for employees such as salary, social insurance, periodic health check-ups, labor protection equipment... in full accordance with law provisions and internal regulations of the company.

II. ACTIVITY PLAN OF THE BOARD OF SUPERVISORS IN 2025

- Continue to inspect and control the activities of the Board of Directors, the Board of General Directors and departments in implementing resolutions of the General Meeting of Shareholders and resolutions of the Board of Directors in accordance with regulations;

- Assign specific tasks to each member of the Board for inspection and supervision to achieve the best results;

- Attend meetings of the Board of Directors to discuss and fully grasp issues related to the management and operation of production and business activities of the Board of Directors and the Board of General Directors of the Company;

Above is the report on the performance of the Board of Supervisors in 2024 and plan 2025.

We respectfully submit to the General Meeting of Shareholders for review and approval.

No.: 06/2025/TTr-HDQT

Dak Lak, March 17, 2025

STATEMENT

Re: Approval of Profit Distribution Plan 2024

To: General Meeting of Shareholders of Daklak Water Supply Joint Stock Company

Pursuant to audited financial statements 2024 of Daklak Water Supply Joint Stock Company, the Board of Directors of the Company respectfully submits to the General Meeting of Shareholders for approval of the contents of profit distribution plan 2024 as follows:

No .	Content	Unit	Person in charge
1	Total revenue	Copper	293,134,951,012
2	Total accounting profit before tax	Copper	56,869,396,665
3	Profit after corporate income tax 2024	Copper	50,963,244,400
4	Profit after offsetting accumulated losses	Copper	47,485,366,932
5	Dividend in 2024	%	0
6	Dividend to profit ratio	%	0

The Board of Directors proposes to distribute profits after corporate income tax in 2024 without dividends for the following reasons:

- Since the Company has not been settled and handed over after equitization, there is no basis for determining the capital ratio for dividends
- At the same time, this is the first year the Company has made a profit after years of accumulated losses. Therefore, the Company needs capital to reinvest, expand and renovate plants/pump stations/water supply networks to improve the efficiency of production and business activities.

We respectfully submit to the General Meeting of Shareholders for review and approval./.

Re: Authorization for the Board of Directors to select an auditor for Financial Statements 2025

To: General Meeting of Shareholders of Daklak Water Supply Joint Stock Company

In order to fulfill the obligations stipulated in the Articles of Association of Daklak Water Supply Joint Stock Company and law provisions, the Board of Directors respectfully submits to the General Meeting of Shareholders for approval the selection of an auditing company to audit the Company's Financial Statements 2025 based on the following criteria:

- Being a company legally operating in Vietnam, complying with the provisions of law on conditions for approved auditing organizations;
- Being on the list of auditing organizations approved by the State Securities Commission of Vietnam as prescribed by law;
- Having a reputation for audit quality and experience in auditing public companies, listed companies, and major banking and financial institutions in Vietnam;
- Having a team of highly qualified and experienced auditors;
- Meeting the Company's requirements on the scope and progress of the audit;
- Having reasonable audit fees in line with the audit quality;

On the basis of the above selection criteria, the Board of Directors respectfully submits to the General Meeting of Shareholders for review and approval of authorization for the Chairperson of the Board of Directors to select an auditor for fiscal year 2025 in line with the actual situation in the year and meeting the above criteria.

We respectfully submit to the General Meeting of Shareholders for review and approval./.

6. Statement of the Board of Management's responsibility in respect of the financial statements

The Board of Management is responsible for the financial statements for the fiscal year ended December 31, 2024 which gives a true and fair view of the state of affair of the Company and of its results and cash flows for the fiscal year ended same day. In preparing those financial statements, The Board of Management is required to:

- Select suitable accounting policies and then apply them consistently;
- Make judgements and estimates that are reasonable and prudent;
- State whether applicable accounting standards have been followed, subject to any material departures disclosed and explained in the financial statements;
- Prepare the financial statements on the going concern basic unless it is inappropriate to presume that the Company will continue in business; and
- Design, implement and maintain the Company's internal control for prevention and detection of fraud and error.

The Board of Management is responsible for ensuring that the proper accounting records are kept which disclose, with reasonable accuracy at any time, the financial position of the Company and to ensure that the accounting records comply with the Vietnamese Accounting Standards, accounting regime for enterprises and legal regulations relating to financial reporting. The Board of Management is also responsible for controlling the assets of the Company and therefore has taken the appropriate measures for the prevention and detection of fraud and and other violations.

The Board of Management confirms that the Company has complied with the above requirements in preparing the financial statements.

7. Commitment to information disclosure

The Board of Management commits that the Company complies with Decree 155/2020/ND-CP dated December 31, 2020 of the Prime Minister detailing the implementation of a number of articles of the Securities Law and that the Company does not violate obligation to disclose information in accordance with the provisions of Circular No. 96/2020/TT-BTC dated November 16, 2020, Circular No. 68/2024/TT-BTC dated September 18, 2024 of the Ministry of Finance guiding the disclosure of information on the Stock Market.

THE BOARD OF MANAGEMENT'S REPORT

8. Approval of the financial statements

The Board of Management hereby approve the accompanying financial statements which give a true and fair view of the financial position of Company as at December 31, 2024 and the results of its operations and cash flows of the Company for the fiscal year ended December 31, 2024 in accordance with the Vietnamese Accounting Standards, accounting regime for enterprises and legal regulations relating to financial reporting.

On behalf of The Board of Management,

Do Hoang Phuc
Chairman

Dak Lak, Viet Nam
March 17, 2025

INDEPENDENT AUDITOR'S REPORT

**To: The Shareholders, Board of Directors and Board of Management
Dak Lak Water Supply Joint Stock Company**

We have audited the accompanying financial statements of Dak Lak Water Supply Joint Stock Company, ("the Company"), prepared on March 17, 2025, as set out from page 06 to page 37, which comprise the balance sheet as at December 31, 2024 and the income statement, the cash flow statement for the fiscal year ends on the same date and the Notes to the financial statements.

Board of Management's responsibility

The Board of Management is responsible for the preparation and fair presentation of these financial statements of company in accordance with Vietnamese Accounting Standards, accounting regime for enterprises and legal regulations relating to financial reporting and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Vietnamese Standards on Auditing. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Company's preparation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by Board of General Directors, as well as evaluating the presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our excepted audit opinion.

Basis of the audit opinion except

As at January 1, 2024 and December 31, 2024, in the items of cost of production in progress and construction in progress on the balance sheet, there are still some works with a total value of VND 2,064,060,569 has arisen from previous years and not continued in the current year. The Company has not yet conducted an assessment of the recoverable value of these works. With the Company's existing documents, we were unable to obtain sufficient appropriate audit evidence regarding the accuracy and recoverability of this item, and the effect (if any) on the financial statements for the financial year ended December 31, 2024.

INDEPENDENT AUDITOR'S REPORT (Continued)

By the end of the fiscal year, the Company has not yet been able to finalize the cost of equitization and determine the value of the State capital to hand over to the Joint Stock Company due to the fact that it has not dealt with the outstanding financial problems. The value of payables to the State for equitization being recorded in other payables on the balance sheet as at January 1, 2024 and as at December 31, 2024 is VND 2,497,465,174. Depending on the discretion of the Regulator, the amounts presented in the financial statements may be subject to change upon final decision.

Receivables and payables on the balance sheet as at January 1, 2024 and as at December 31, 2024 have not yet been reconciled and confirmed with the receivables and payables of which: collected from customers in the amount of VND 4,044,469,208, prepaid to the seller in the amount of VND 237,933,000, other receivables in the amount of VND 1,491,650,727 and payable to the seller in the amount of VND 496,904,992. Accordingly, we were unable to obtain sufficient appropriate audit evidence about the accuracy, existence and recoverability of these balances and the effect (if any) on the items in the statements financials for the year ended December 31, 2024.

As at January 1, 2024 and as at December 31, 2024, the Company has tracked of other payables on the balance sheet of the Japanese Government loan in accordance with Decision No. 882/QĐ-UB issued April 5, 2002 of the People's Committee of Dak Lak province on the investment in the water supply project of Quang Phu town, Cu M'Gar district with the amount of VND 8,059,727,581. At the time of this report, the Company has not yet determined the loan object, loan term and interest rate.

Excepted audit opinion

In our opinion, except for the effect of the matters described in the paragraph: "Basis of the audit opinion", the financial statements give a true and fair view, in all material respects, of the financial position of Dak Lak Water Supply Joint Stock Company as at December 31, 2024, as well as its results of operations and cash flows for the fiscal year ended on the same date, in accordance with accounting standards Vietnamese accounting system, Vietnamese corporate accounting system and legal regulations related to the preparation and presentation of financial statements.

Held-to-maturity investments include: term deposits with banks (including bills and promissory notes), bonds, and preferred shares that the issuer is required to redeem at a specified date in the future and held-to-maturity loans for the purpose of earning periodic interest and other held-to-maturity investments.

NOTES TO FINANCIAL STATEMENT

For the fiscal year ended December 31, 2024

Form B 09 - DN

Held-to-maturity investments are initially recognized at cost, including the purchase price and costs associated with the acquisition of the investments. After initial receipt, these investments are recognized at their recoverable amounts. Interest income from investments held to maturity after the acquisition date is recognized in the income statement on an accrual basis. Interest earned before the Company holds it is deducted from the original cost at the time of purchase.

When there is strong evidence that part or all of the investment may not be recovered and the amount of loss can be measured reliably, the loss is recognized in financial expenses during the year and reduced. directly deduct the investment value.

4.5 Receivables

Recognition principle: Receivables include trade accounts receivable, advances to suppliers, internal receivable, the progress of construction contract receivable (if any) and other receivables at the date of reporting.

- Current assets: withdrawal or settlement period less than 1 year.
- Non-current assets: withdrawal or settlement period more than 1 year.

Provision for doubtful debts: The provision for doubtful debts represents the estimated loss due to non-payment arising on receivables that were outstanding at the balance sheet date.

Provision for doubtful bad debts is made for each doubtful debts based on the aging of overdue debts or the estimated losses that may occur, as follows:

For receivables without having overdue but is hardly to be collected: based on expected losses for the provision.

4.6 Inventories

Inventories are paid to the original price. In case the net realizable value is lower than the original cost, it must be calculated according to the net realizable value. The cost of inventory includes the cost of direct materials, direct labor, and manufacturing overhead, to bring the inventory to its current location and condition. Net realizable value is determined at the estimated selling price less costs to complete and any marketing, selling, and distribution costs incurred.

Net realizable value is the estimated selling price of inventories in the ordinary course of business, less the estimated costs of completion and the estimated costs necessary for their consumption.

The value of inventories is calculated using the weighted average method and is accounted for using the perpetual inventory method.

Provision for devaluation of inventories is made for each inventory item whose cost is greater than its net realizable value. For services in progress, the provision for devaluation is calculated for each type of service with a separate price. Increase or decrease in the balance of provision for devaluation of inventories that need to be set up at the end of the financial year is recorded in cost of goods sold.

4.7 Prepaid expenses

Short-term prepaid expenses are expenses amortized within 12 months including operating expenses waiting to be allocated equivalent to revenue in 2024.

Long-term prepaid expenses include expenses actually incurred but related to the results of production and business activities of many accounting periods. Prepaid expenses of the Company include the following expenses:

DAK LAK WATER SUPPLY JOINT STOCK COMPANY

339 Ton Duc Thang Street, Tan An Ward, Buon Ma Thuot City, Dak Lak Province

NOTES TO FINANCIAL STATEMENT

For the fiscal year ended December 31, 2024

Form B 09 - DN**Tools**

Instruments that have been put into use are amortized to expenses on a straight-line basis with an amortization period not exceeding 3 years.

Water meter subscription cost

Water meter subscription costs are stated at cost and amortized over a 5-year audit cycle.

4.8 Tangible fixed assets

Tangible fixed assets are stated at cost less accumulated depreciation. The historical cost of tangible fixed assets includes all costs incurred by the Company to acquire the fixed asset up to the time of bringing that asset to the ready-for-use state. Expenses incurred after initial recognition are only recorded as an increase in cost of fixed assets if these costs are certain to increase future economic benefits from the use of such assets. Expenses incurred that do not satisfy the above conditions are recorded as production and business expenses in the period.

When tangible fixed assets are sold or disposed of, their cost and accumulated depreciation are written off and any gain or loss resulting from the disposal is recognized in income or expenses for the year.

Tangible fixed assets are depreciated on a straight-line basis over their estimated useful lives. The number of years of tangible fixed assets is as follows:

<u>Type of fixed asset</u>	<u>Number of years</u>
Buildings and structures	05 - 25
Machinery and equipment	05 - 10
Means of transport, transmission	07 - 30
Equipment and tools for management	05 - 10

4.9 Intangible fixed assets

Intangible fixed assets are stated at cost less accumulated depreciation. The cost of a tangible fixed asset includes its purchase price and directly attributable costs of bringing the asset to its intended use. Expenses for upgrading and renovating intangible fixed assets are recorded as an increase in the cost of the assets and other expenses are charged to the income statement when incurred. The Company's intangible fixed assets include:

Software

The value of non-hardware computer software is amortized on a straight-line basis over 3 years.

Right to exploit underground water

Groundwater exploitation rights are stated at cost and amortized on a straight-line basis over 3-20 years over the term of the grant.

4.10 Construction in progress

Construction in progress reflects costs that are directly related (including related interest expenses in accordance with the Company's accounting policy) to assets under construction machinery and equipment being installed for production, leasing and management purposes as well as costs related to the repair of fixed assets in progress. These assets are stated at cost and are not depreciated.

NOTES TO FINANCIAL STATEMENT

For the fiscal year ended December 31, 2024

Form B 09 - DN

4.11 Liabilities and prepaid expenses

Trade payables, internal payables, other payables, loans at the reporting time, if:

- Payment term of less than 1 year or within one production and business cycle is classified as short-term debt.
- Payment term of more than 1 year or over a business cycle is classified as long-term debt.

Payable expenses include actual expenses that have not yet been incurred but are deducted in advance from production and business expenses in the period to ensure that when incurred costs actually do not cause a sudden change in production and business costs in the period. Basis to ensure the principle of matching between revenue and expenses. When those expenses are incurred, if there is a difference with the deducted amount, the accountant shall record additional or decrease expenses corresponding to the difference.

4.12 Borrowings and finance lease liabilities

Loans are tracked by each lender, each loan agreement and the repayment terms of the loans. In case of borrowing in foreign currency, detailed monitoring in original currency is carried out.

Loans with a repayment term of more than 12 months from the time of making the financial statements, presented by the accountants as long-term finance leases and loans. Accounts due to be paid within the next 12 months from the date of making the financial statements, the accountants present as loans and short-term financial lease liabilities to have a payment plan.

4.13 Capital

Owners' equity

Capital is recorded according to the amount actually invested by shareholders.

4.14 Profit distribution

Profits after corporate income tax are distributed to shareholders after setting aside funds in accordance with the Company's Charter as well as the provisions of law and approved by the General Meeting of Shareholders.

The distribution of profits to shareholders is taken into account the non-monetary items included in the undistributed profit after tax that may affect the cash flow and the ability to pay dividends such as interest due to revaluation of assets, capital contribution, profit from revaluation of monetary items, financial instruments and other non-monetary items.

Dividends are recognized as a liability when approved by the General Meeting of Shareholders and a notice of dividend payment is issued.

4.15 Revenue

Revenue from sales of goods

Sales revenue is recognized when the following conditions are simultaneously satisfied:

- The enterprise has transferred the majority of risks and benefits associated with the right to own the products or goods to the buyer;
- The enterprise no longer holds the right to manage the goods as the goods owner, or the right to control the goods;
- Turnover has been determined with relative certainty;
- The enterprise has gained or will gain economic benefits from the good sale transaction; and
- It is possible to determine the costs related to the goods sale transaction.

NOTES TO FINANCIAL STATEMENT

For the fiscal year ended December 31, 2024

Form B 09 - DN***Revenue from sales of service rendered***

Revenue of a transaction involving the rendering of services is recognised when the outcome of such transactions can be measured reliably. In case that a transaction involves the rendering of services is attributable to several periods, revenue is recognised in each period by reference to the percentage of completion of the transaction at the interim balance sheet date of that period. The outcome of a transaction can be measured reliably when all four following conditions are satisfied:

- The amount of revenue can be measured reliably;
- It is probable that the economic benefits associated with the transaction will flow to the company;
- The percentage of completion of the transaction at the interim balance sheet date can be measured reliably; and
- The costs incurred for the transaction and the costs to complete the transaction can be measured reliably.
- The stage of completion is assessed by reference to surveys of work performed.

Interest

Gain from investments is recognized when the Company has the right to receive the interest.

4.16 Borrowing costs

Borrowing costs include interest and other costs incurred directly related to the borrowings.

Borrowing costs are recognized as expenses when incurred. Where borrowing costs are directly related to the investment in construction or production of unfinished assets that require a sufficiently long period (more than 12 months) before they can be put into use for the intended purpose or sold. This borrowing cost is capitalized. For separate loans for the construction of fixed assets, investment real estate, interest is capitalized even if the construction period is less than 12 months. Gains arising from the temporary investment of loans are written down to the cost of the related assets.

4.17 Corporate income tax

Corporate income tax expenses include current corporate tax and deferred corporate income tax.

Current income tax

Current income tax is a tax calculated on taxable income. The difference between taxable income and accounting profit is due to the adjustment of temporary differences between tax and accounting, non-deductible expenses as well as the adjustment of non-taxable income and losses are carried forward.

The company applies a tax rate of 10% on taxable income to taxable income from clean water production and trading activities - socialization activities in the field of environment according to Decree No. 218/2013/ND-CP dated March 26, 2013 and Decree No. 69/2008/ND-CP dated May 30, 2008. The company applies a tax rate of 20% for other business activities.

4.18 Related parties

A party is considered to be related to the Company if it has the ability to control the Company or exercise significant influence over the Company in making financial and operating decisions.

When considering each relationship of related parties, the nature of the relationship is paid attention to, not merely its legal form.

Form B 09 - DN

application of International Financial Reporting Standards on the presentation of financial statements and disclosure of information for financial instruments but does not provide equivalent guidance for the measurement and recognition of financial instruments, including the application of fair value, in order to comply with International Financial Reporting Standards.

Risk management is an indispensable function for the entire business operations of the Company. The Company has established a control system to ensure a reasonable balance between the cost of risks arising and the cost of risk management.

The Company is exposed to market risk, credit risk and liquidity risk.

The Board of Directors reviews and agrees to apply management policies for the above risks as follows:

i. Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate due to changes in market prices. Market risk includes: interest rate risk, commodity price risk and other price risk.

Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate due to changes in market interest rates. The Company's market risk due to changes in interest rates mainly relates to the Company's cash, short-term deposits and loans.

The Company manages interest rate risk by analyzing the competitive situation in the market to obtain an interest rate that is beneficial to the Company's purposes and remains within its risk management limits.

Commodity price risk

The company purchases raw materials and goods from domestic suppliers to serve production and business activities. Therefore, the Company will bear the risk from changes in the selling price of raw materials and goods. This risk will be managed by the Company by purchasing from a large number of different suppliers, as well as being flexible in negotiation.

ii. Credit risk

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or transaction contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily trade receivables) and from its financing activities, including deposits with banks, foreign exchange transactions and other financial instruments.

Total	24,184,508,104	-	-	24,184,508,104

iii. Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting its financial obligations due to lack of funds. The Company's liquidity risk arises primarily from the fact that its financial assets and financial liabilities have different maturities.

The Company mitigates liquidity risk by maintaining a level of cash and cash equivalents and borrowings that the Board of Management believes is adequate to finance the Company's operations and to mitigate the risk of fluctuations in cash flows.

The table below summarizes the maturity of the Company's financial liabilities based on expected payments under undiscounted contracts:

	Less than 1 year VND	From 1-5 years VND	More than 5 year VND	Total VND
Financial liabilities				
At 31/12/2024				
Loans and debts	49,007,602,982	350,258,072,303	-	399,265,675,285
