- prepare the interim separate financial statements on the going concern basis since the newly-formed entity, i.e. Banque Pour Le Commerce Exterieur Lao Public, will carry on all the rights and obligations from the previous 100% state-owned bank, i.e. Banque Pour Le Commerce Exterieur Lao.

The Bank's Management is responsible for ensuring that proper accounting records are kept which disclose, with reasonable accuracy at any time, the interim financial position of the Bank and to ensure that the accounting records comply with the registered accounting system. REPORT ON REVIEW OF INTERIM SEPARATE FINANCIAL STATEMENTS

To: The shareholders

Banque Pour Le Commerce Exterieur Lao Public

We have reviewed the accompanying interim separate balance sheet of Banque Pour Le Commerce Exterieur Lao Public ("the Bank") as at 30 June 2012 and the related interim separate income statement, interim separate statement of changes in equity, interim separate statement of cash flow for the sixmonth period then ended and a summary of significant accounting policies and other explanatory notes, as set out on pages 6 to 40.

The preparation and presentation of these interim separate financial statements are the responsibility of the management. Our responsibility is to issue a report on these interim separate financial statements based on our review.

We conducted our review in accordance with International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity". A review of interim separate financial statements consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim separate financial statements do not give a true and fair view of, in all material respects, the interim separate financial position of the Bank as at 30 June 2012 and of its separate financial performance and its separate cash flows for the six-month period then ended in accordance with the Enterprise Accounting Law of Lao P.D.R and other relevant accounting regulations as stipulated by Bank of the Lao P.D.R.

We note that this is the first time the Bank prepared the interim separate financial statements which are subject to review by independent auditors. The beginning balances of these accompanying interim separate financial statements have been used by the Bank as comparative figures for reference purposes only.
