REPORT ON REVIEW OF INTERIM SEPARATE FINANCIAL STATEMENTS

**To: The shareholders
Banque Pour Le Commerce Extérieur Lao Public**

We have reviewed the accompanying interim separate financial statements of Banque Pour Le Commerce Extérieur Lao Public (“the Bank”) as set out on pages 6 to 42 which comprise the interim separate financial position as at 30 September 2012, the related interim separate income statement for three-month and nine-month periods then ended, the interim separate statement of changes in equity, the interim separate statement of cash flow for the nine-month period then ended and a summary of significant accounting policies and other explanatory notes.

The preparation and presentation of these interim separate financial statements are the responsibility of the management. Our responsibility is to issue a report on these interim separate financial statements based on our review.

We conducted our review in accordance with International Standard on Review Engagements 2410, “Review of Interim Financial Information Performed by the Independent Auditor of the Entity”. A review of interim separate financial statements consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim separate financial statements do not give a true and fair view of, in all material respects, the interim separate financial position of the Bank as at 30 September 2012, its separate financial performance for the three-month and nine-month periods then ended and its separate cash flows for the nine-month period then ended in accordance with the Enterprise Accounting Law of Lao P.D.R and other relevant accounting regulations as stipulated by Bank of the Lao P.D.R.

Commencing from 2012, the Bank prepares its quarterly separate financial statements which are subject to review by independent auditors. Accordingly, the Bank has used the audited separate financial statements in 2011 as comparative figures and presented them on the interim separate financial statements for reference purposes.

2.9 *Specific provision for loans and advances to customers*

In accordance with Regulation 324/BOL (“BOL324”) dated 19 April 2011, the Bank is required to classify loans and create provision for impairment losses.
