5. Explanations:

Explanations for the differences of the Profit after corporate income tax on the 2024 audited financial statements compared to the same period in 2023:

<b>Criteria</b>	<b>Year 2024 (VND)</b>	<b>Year 2023 (VND)</b>	<b>Differences (+/- VND)</b>	<b>% of differences</b>
<b>Separate Financial Statements</b> Profit after corporate income tax	14.156.114.996	12.480.972.824	1.675.142.172	13,42%
<b>Consolidated Financial Statements</b> Profit after corporate income tax	14.106.189.831	12.483.189.757	1.623.000.074	13,0%

Main reasons for the increase of Profit after corporate income tax in Year 2024, compared to the same period in 2023: In 2024, Company has invested in more modern production machinery, along with expanding its customer network through flexible and competitive sales policies, thus the Company's market share has been increased significantly and its reputation has been strengthened in many foreign markets. In addition, Company has effectively utilized the advantages of scale in its business activities, which created cost reduction and higher profit for the Company.

Viet Nam Eco Plastic Technology Joint Stock Company would like to explain the differences of the Profit after corporate income tax on the 2024 audited financial statements compared to the same period in 2023 as above to the State Securities Commission and Hanoi Stock Exchange.

With best regards!
