2.1 Explanation of profit after income tax loss:

After-tax profit for the first half of 2025 was a loss of 1,107 million, the company still faced difficulties, revenue had not improved, leading to a loss in net profit from business activities during the period.

2.2 Explanation of exception opinion on 2025 financial statements:

The receivable amount of VND 22.995.000.000 from Petroleum Pipeline & Tank Construction Company has been overdue (see Note No. V.3 in the Notes to the Interim Financial Statements). The Company filed a lawsuit to Vung Tau City People's Court and received the Decision recognizing the agreement of the parties that Petroleum Pipeline & Tank Construction Company shall pay principal and interest for the respective amounts of VND 33.345.000.000 and VND 900.000.000 to the Company in three installments from 30 April 2020 to 30 September 2020. However, until the date of approving these Interim Financial Statements for issuance, Petroleum Pipeline & Tank Construction Company has just made a payment of

VND 10.350.000.000 while the remaining amount has not been paid to the Company. The available audit evidence is not adequate for us to assess the recoverability of such receivables. Accordingly, we are unable to determine if the allowance for these remaining receivables is necessary and the amount (if any) of allowance to be made.

The Company regularly requested the Oil and Gas Pipeline and Tank Construction Joint Stock Company to fulfill its commitment. At the same time, the Company also sent an official dispatch to the enforcement agency to apply measures to recover the debt in accordance with the provisions of the Law.

The above is the explanation for Audited semi-annual financial statements 2025. We commit that the information published above is true and we are fully responsible for the content of the published information.
