Subject	Overcome the status of warned and supervised securities

Content:

On April 11, 2024, An Giang Import - Export Company announces the measures and schedule to overcome the status of securities being put under warning and supervision with details as follows:

- Promote quality rice transactions in key export markets.
- Strengthen domestic sales activities, expand multi-channel distribution services directly to consumers, focusing on supermarket channels and developing agent systems
- Focus on completing investment projects.
- Recover debts.
- Liquidate some assets as well as withdraw capital from subsidiaries and affiliated companies to increase business capital and reduce interest costs.
- Negotiate with credit institutions to restructure debt, extend debt and reduce interest rates.
- Reduce and use costs appropriately
