**To: STATE SECURITIES COMMISSION
HANOI STOCK EXCHANGE**

Education Book Joint Stock Company in Da Nang City (Stock Code: DAE) would like to explain the difference of over 10% of after-tax profit in the 4th quarter of 2024 lower than the same period in the 4th quarter of 2023 and explain the negative after-tax profit as follows:

In Q4 2024, revenue, although higher than the same period in 2023, is due to the fact that in 2024 there is no provision for reimbursement from financial investment as in 2023. At the same time, the market value of investments as of December 31, 2024 is lower than the value returned in 2024, so additional provisions must be set up. This leads to a difference in financial costs in 2024 compared to 2023 of more than VND 2 billion, so the profit after tax in 2024 is a loss of VND 332,563,922 compared to the same period in 2023, which is a loss of VND 293,828,900.

So the Educational Books Joint Stock Company in Da Nang City would like to inform the State Securities Commission, the Hanoi Stock Exchange and your shareholders to know.

Sincerely, greetings./.
