- 3. Content of the disclosed information:
- 3.1 Explanation of the difference in net profit after tax in the audited separate company's income statement for 2024:
  - The profit after tax in the audited separate company's income statement for 2024 changed by 10% or more compared to 2023, primarily due to the following reasons: Revenue from sales and services increased by 13.53%, along with cost optimizations such as the cost of goods sold decreasing to only 68.89% and administrative expenses reducing to just 32.1% compared to the previous year, resulting in the company's net profit after tax (NPAT) rising by 364.73% year-over-year.
- 3.2 Explanation of the difference in net profit after tax in the audited consolidated company's Income statement for 2024:
  - The profit after tax in the audited consolidated company's income statement for 2024 changed by 10% or more compared to 2023, primarily due to the following reasons: As consolidated revenue from sales and services decreased by 52.3% and financial income declined by 30.6%, the company's net profit after tax dropped by 68.4% compared to the same period last year.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The audit procedures are selected based on the auditor's judgment, including the assessment of risks of material misstatement in the consolidated financial statements due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to The Corporation's preparation and fair presentation of the consolidated financial statements in order to design appropriate audit procedures to the actual situation, which is not intended to give an opinion on the effectiveness of The Corporation's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### **Auditors' Opinion**

In our opinion, the accompanying consolidated financial statements gives a true and fair view of, in all material respects, the financial position of the Corporation as at December 31st, 2024 and the results of its operations and its cash flows for the year then ended in accordance with Vietnamese Accounting Standards, Vietnamese Enterprise Accounting System and the statutory requirements relevant to preparation and presentation of the consolidated financial statements in Vietnam.

### **Emphasis of issues**

We would like to remind readers of the Consolidated Financial Statements to Notes No. 5.11 of the Consolidated Financial Statements that the Corporation has recognized the investment cost of building the 1st floor of buildings CT3, CT4-5 and CT6 of Yen Hoa New Urban Area Project as assets of the Corporation pursuant to Decision No. 153/2006/QD-UBND of Hanoi City People's Committee ("Hanoi People's Committee") issued on 31/8/2006. However, according to Official Letter No. 985/UB-NNDC issued by Hanoi People's Committee on 31/3/2004, the Corporation is responsible for handing over the 1st floor of these high-rise buildings to the Department of Natural Resources and Environment of Hanoi City according to the decision. The Corporation is currently working with relevant authorities to resolve these issues.

The above mentioned matters do not affect our audit opinion.

### Others

Up to the time of issuance of this Report, the Corporation has not complied with Clause 2, Article 275 of Decree No. 155/2020/ND-CP dated 31st December 2020 detailing the implementation of a number of articles of the Law on Securities on the non-concurrent position of Chairman of the Board of Directors of the Corporation due to the failure of the General Meeting of Shareholders to approve.

### NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)

For the year ended December 31st, 2024

### 4. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

### Basis of preparation of the consolidated financial statements (Continued)

Non-controlling shareholder interests are presented in the consolidated Balance Sheet as a separate item under the equity section. Non-controlling interests include the value of the non-controlling interests at the date of the initial business combination and the non-controlling interest's share of the movements in total equity since date of business combination. Losses arising at a Subsidiary must be allocated proportionally to the non-controlling shareholder's ownership portion, even if that loss is greater than the non-controlling shareholder's ownership portion in the Corporation's net assets Subsidiary.

The consolidated financial statements are not intended to present the financial position, results of operations and cash flows in accordance with accounting principles and practices generally accepted in countries and jurisdiction other than Vietnam.

### **Business combination**

The assets, liabilities and contingent liabilities of the Subsidiary are determined at fair value at the date of acquisition of the Subsidiary. Any excess between the purchase price and the total fair value of the assets acquired is recognized as goodwill. Any shortfall between the purchase price and the total fair value of the acquired assets is recorded in the operating results of the accounting period in which the purchase of the Subsidiary arises.

Non-controlling shareholder interests at the initial date of consolidation are determined on the basis of the non-controlling shareholder's proportion of the total fair value of assets, liabilities and contingent liabilities record.

### Accounting estimates

The preparation of the consolidated financial statements in conformity with Vietnamese Accounting Standards requires the Board of General Directors to make estimates and assumptions that affect the reported amounts of liabilities, assets and disclosures of contingent assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenues and expenses during the fiscal year. Actual results may differ from those estimates and assumptions.

### Cash and cash equivalents

Cash comprises cash on hand, bank deposits.

Cash equivalents comprise short-term deposits and highly liquid investments with an original maturity of less than 3 months that are readily convertible to known amounts of cash and that are subject to an insignificant risk of changes in value.

### **Financial Investments**

### Trading securities

Trading securities are those held by the Corporation for trading purposes. Trading securities are recognized at cost. The original price of trading securities is determined according to the fair value of the payments at the time of transaction plus any directly attributable transaction cost.

At the subsequent financial years, the trading securities are measured at cost less Provision for diminution in value.

Provision for diminution in value of trading securities is made in conformity with current accounting regulations.

### **Financial Investment (Continued)**

### Held to maturity investments

Held-to-maturity investments include those investments that the Corporation has the intention and ability to hold until maturity. Held-to-maturity investments include: bank deposits with original maturities of more than 3 months.

Held-to-maturity investments are recognized on the acquisition date and initially measured at cost, including the purchase price and any transaction costs. Interest income from investments held to maturity after the acquisition date is recognized in the Income Statement on an accrual basis. Interest earned before the Corporation holds the investment is deducted from the cost at the acquisition date.

Held-to-maturity investments are measured at cost less Provision for doubtful debts.

Provision for doubtful debts of investments held to maturity is made in accordance with current accounting regulations.

### Investments in Associates and Other Investments

Investments in associates in which the Corporation has significant influence are presented under the equity method in the consolidated financial statements.

Other investments: Recorded at cost, which includes purchase price and directly attributable costs. After initial recognition, these investments are measured at cost less provision for impairment of the investment.

### Provision for investment losses

Provision for impairment of investments in associates and investments in equity instruments of other entities is made when there is solid evidence showing a decline in the value of these investments at the end of the accounting period.

### Receivables

The receivables comprise the customer receivables and other receivables. Receivables are recognized at the carrying amounts less Provisions for doubtful debts.

Provision for doubtful debts is assessed and made for overdue receivables that are difficult to be collected, or the debtor is unable to pay due to dissolution, bankruptcy or similar difficulties.

### Inventories

Inventories are measured at the lower of cost and net realizable value. Cost of inventories comprise costs of direct materials, direct labor, and general operation (if any) incurred in bringing the inventories to their present location and conditions.

The cost of inventories is determined in accordance with the actual the weighted average method.

Net realizable value is determined as the estimated selling price less the estimated costs of completion and the costs to be incurred in marketing, selling and distribution. Inventories are accounted for using the perpetual inventory method, with inventory cost calculated using the weighted average cost method. Construction works are valued using the actual identification method.

The Corporation's Provision for impairment of inventories is made when there is reliable evidence of impairment of the net realizable value compared to the history cost of inventories.

### 4. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

### Tangible fixed assets and Depreciation

Tangible fixed assets are stated at history cost less accumulated depreciation. Historical costs of tangible fixed assets include all the expenses paid by the Corporation to bring the asset to its working condition for its intended use.

Tangible fixed assets are depreciated using the straight-line method over their estimated useful lives as follows:

|                                     |  |   | <u>rears</u> |
|-------------------------------------|--|---|--------------|
| Factories and architectural objects |  |   | 10 - 40      |
| Machinery and equipment             |  |   | 06 - 10      |
| Motor vehicles                      |  |   | 03 - 07      |
| Others                              |  | * | 05           |

When a tangible fixed asset is sold or disposed, its historical cost and accumulated depreciation are written off, then any gain or loss arising from such disposal is included in the income or the expenses during the year.

### **Investment properties**

Investment properties include land use rights and buildings, structures held by the Corporation for the purpose of earning rentals or awaiting higher price, which is stated at cost less accumulated depreciation.

The historical cost of investment property includes all expenses (cash and cash equivalents) paid by the Corporation, or the fair value of other amount exchanged to acquire the investment property by the time of purchase or construction of the investment property.

Cost related to investment property incurred after initial recognition must be recognized as Cost for Production and Business in the year, unless the expenditure has resulted in an increase in the future economic benefits expected to be obtained from the use of an item of investment property beyond its originally assessed standard of performance, the expenditure is capitalized as an additional cost of investment property.

Investment property for lease is amortized on a straight-line basis over its estimated useful life as follows:

|                          | 10 | ais |
|--------------------------|----|-----|
| Buildings and structures |    | 25  |
| Others                   |    | 05  |

The Corporation does not depreciate investment property awaiting price appreciation.

Liquidation: Gains and losses from disposal of investment property are measured by the difference between net proceeds from disposal and the remaining amount of the investment property and are recognized as income or expense in the Income Statement.

### Prepaid expenses

Prepaid expenses comprise actual expenses arising but relevant to financial performance in several accounting periods. The Corporation's prepaid expenses are tools and equipment that have been put into use and are allocated to expenses using the straight-line method with an allocation period of no more than 36 months.

### **Construction in progress**

Construction in progress reflects the Properties in progress for production, leasing, administrative purposes, or for any other purposes are recognized at the historical cost. This cost includes relevant service fees, interest fees in accordance with the Corporation's accounting policies. Depreciation of these assets is the same as the other assets, commencing from these assets are ready for their intended use.

### **Payables**

The account payables are monitored in details by payable terms, payable parties, original currency and other factors depending on the Corporation's management requirement.

The account payables include payables as trade payables, loans payable, intercompany payable and other payables which are determined almost certainly about the recorded value and term, which is not carried less than amount to be paid. They are classified as follows:

- Trade payables: reflect payables of commercial nature arising from the purchase of goods, services, or assets, payables for import through trustees of which the seller is an independent entity with the Corporation, including payables with the parent company and joint venture and associates.
- Other payables reflect payables of non-commercial nature and irrelevant to purchase, sales of goods or provisions of services.

### Loans

Including loans, excluding loans in the form of bonds or preference shares with terms that the issuer is required to repurchase at a certain point in the future.

The Corporation monitors loan amounts and financial liabilities in details by each type and classifies them into short-term and long-term according to repayment term.

Expenses directly related to the loan are recognized to financial expenses, except for expenses incurred from a separate loan for investment, construction or production in progress, which are capitalized according to Accounting Standard "Borrowing costs".

### Recognition and capitalization of Borrowing costs

All other borrowing costs are recognised in the Income statement when incurring, except for the borrowing cost capitalized under Vietnamese Accounting Standards "Borrowing cost".

### Accrued expenses

Accrued expenses are those already recorded in operating expenses in the year but not actually paid to ensure that when these expenses actually occur, they will not have a significant influence on operating expenses based on matching principle between income and expenses.

The Corporation recognizes Accrued expenses as follows:

- Interest expenses.
- Costs of labor, materials and fuel: deducted in advance according to the estimate dossier based on the completed work volume.
- Others

### Unrealized revenues

Unrealized revenue includes: The amount of money received in advance from customers in many accounting periods for asset leasing, does not include: money received in advance from buyers whose products, goods and services have not been provided by the Corporation; Uncollected revenue from property leasing activities and provision of services for multiple periods.

Periodically, the Corporation calculates, determines and recognizes the unrealized revenue in the period is consistent with the property rental period.

### Owners' equity

Capital is recorded according to the actual amounts invested by shareholders.

Profit after corporate income tax is distributed to owners after setting aside funds in accordance with the Charter of the Corporation as well as the provisions of law and approved by the General Meeting of Shareholders.

Dividends are recognized as liabilities when approved by the General Meeting of Shareholders.

### Revenue and other income

The Corporation's revenue includes real estate business revenue, construction revenue, provision of short-term accommodation services, and operating property rental services......

### Revenue from the sale of real estate

The Corporation's revenue from sale of real estate is recognized when it satisfies all following conditions:

- The real estate is totally completed and handed over to the buyer. The Corporation has transferred the significant risks and rewards of ownership of the real estate to the buyer.
- The Corporation does not retain managerial right over the real estate as the owners or control involvement with the real estate.
- The amount of revenue can be measured reliably.
- It is probable that the economic benefits associated with the transaction will flow to the Corporation.
- The costs incurred in respect of the transaction can be measured reliably.

### Revenue from services

Revenue from services is recognized when the outcome of that transaction can be reliably determined. Where a transaction involving the rendering of services is attributable to several periods, revenue is recognized in the year by reference to the percentage of completion of the transaction at the Balance sheet date of that period. The outcome of a transaction can be measured reliably when all four (4) following conditions are satisfied:

- The amount of revenue can be measured reliably;
- It is probable that the economic benefits associated with the transaction will flow to the Corporation;
- Identify the completed work as at the balance sheet date;
- Determine the costs incurred for the transaction as well as the cost to complete the transaction to provide that service.

Real estate rental revenue is recognized in the income statement in the straight-line method based on the term of the lease agreement.

### Revenue of construction

When contract performance results are reliably estimated:

- For construction contracts stipulating that the contractor is paid according to the planned schedule, the revenue and expenses related to the contract are recognized in equivalent proportion to the completed work determined by the Corporation as at the balance sheet date
- For construction contracts stipulating that the contractor is paid according to the value of the
  volume performed, the revenue and expenses related to the contract are recognized in equivalent
  proportion to the completed work confirmed by the customer and reflected on the issued invoice

Increases and decreases in construction volume, compensation and other revenues are recognized as revenue only when agreed with the customer.

When the results of construction contract performance cannot be reliably estimated, then:

- The revenue is recognized only as equivalent to the cost of the contract already incurred for which reimbursement is relatively certain.
- The cost of the contract is only recognized as the cost when it has been incurred.

The difference between the total accumulated revenue of the recognized construction contract and the accumulated amount recorded on the payment invoice according to the planned progress of the contract is recorded as a receivable or payable amount according to the planned progress of construction contracts.

### Revenue of operating lease

Revenue of operating lease is recognized on a straight-line basis over the lease term. Rental payments received in advance of many periods are recognized to revenue in accordance with the lease term.

### Revenue from interest income, dividends and profits received and other income:

The revenue is recognized when the Corporation can obtain economic benefits from the above activities and when it is reliably measured.

### Cost of goods sold

Cost of goods sold or services rendered including the cost of goods, services, production cost of construction products sold during the period is recorded corresponding to revenue of the period.

### Financial expenses

Financial expenses reflect interest expenses incurred during the period.

### Current corporate income tax expense and deferred corporate income tax expense

Corporate income tax expenses (or corporate income tax income): is total current and deferred income tax expenses (or total current and deferred tax) in determining profit or loss of a period.

Current income tax expenses: are corporate income tax payable calculated on taxable profit during the year and current corporate income tax rate. Current income tax is calculated on taxable income and applicable tax rate during the tax period. Difference between taxable income and accounting profit is from adjustment of differences between accounting profit and taxable income in accordance with current tax policies.

The Corporation is obliged to pay corporate income tax at the tax rate of 20% on taxable income.

## 5.8 Taxes and receivables from, payable to the State Budget (Continued)

2011. This double tax payment arises because the related party's revenue has been considered taxable revenue by another inspection team of the Hanoi Tax Department signed on 27th June 2006 and the Tax Inspection Minutes for the year 2006 and the first 5 months of 2007 signed by another inspection team of the Hanoi Tax Department The Corporation has offset the VAT paid twice to the tax authorities in 2006 and 2007 with the same amount of VND 29.6 billion against the VAT payable in December on 25th October 2007. The Corporation is in the process of working with tax authorities to handle this issue.

The Corporation's investment real estate for lease is the office building and some other works in Yen Hoa New Urban Area used by the Corporation for operational lease.

According to the provisions of Vietnamese Accounting Standard No. 05 - Investment Property, the fair value of Investment Property at the end of the financial year must be presented. However, the Corporation does not have sufficient information to determine the fair value of these assets at the date of preparing the Consolidated Balance Sheet.

(i) Including the group of houses and architectural works, which are the first floors of buildings CT3, CT4-5 and CT6 in the Yen Hoa New Urban Area Project with a remaining value as at December 31, 2024 of VND 3,786,838,545 (As of January 1, 2024, it was VND 4,100,232,080). These assets are recognized by the Corporation as assets of the Corporation on the basis of applying Decision No. 153/2006/QD-UBND dated August 31, 2006 of the Hanoi People's Committee on promulgating temporary regulations on management of investment, construction and business of New Urban Area and Housing Area projects in Hanoi City. Accordingly, the Corporation, as the investor, is allowed to manage and use the entire first floor of the high-rise apartment building for the purpose of urban public service business, serving the management and maintenance of the residential area, and is responsible for organizing the management and operation of the apartment building in accordance with the regulations of the State and the City. See also Note 7.1 on the Corporation's commitment related to these assets.

In addition, in the Houses group, this architectural object also includes the attics, basements and first floors of buildings CT3, CT6 in Yen Hoa Housing and Public Works Area with residual value as at 31<sup>st</sup> December 2024 of VND 4,346,640,490 (As of 1<sup>st</sup> January, 2024, it was VND 4,810,737,975). The Corporation has recorded these assets as assets of the Corporation based on Official Dispatch No. 09/BXD-QLN of the Ministry of Construction dated 7<sup>th</sup> January 2013. The Corporation and relevant State agencies and other relevant parties are in the process of working to complete legal documents on ownership and use rights related to the above assets.

The Corporation is currently assigning Apas Hospitality Company Limited to manage and operate office rentals. Accordingly, the operating rental price is negotiated quarterly/yearly.

### The properties belong to Yen Hoa Urban Area

As stated in Notes 5.11, the Corporation is in the process of working with relevant state agencies and other relevant parties to complete legal documents on ownership and use rights for some assets belong to buildings CT3 and CT6 in Yen Hoa housing and public works area. The Corporation believes that the final results of the relevant state agencies will be beneficial to the Corporation, so the Corporation continues to record these assets as the Corporation's assets on its Consolidated financial statements.

### Contingent liabilities related to amounts payable to the Enterprise Development Support Fund (hereinafter referred to as HTSXPTDN) managed by SCIC

In 2022, the Corporation will refund the amount payable to the enterprise development arrangement support fund managed by SCIC with a value of 23 billion because the Corporation has redefined the settlement value of enterprise equitization according to the Decree 109/2007/ND-CP dated 26<sup>th</sup> June 2007 of the Government. Amounts payable regarding equitization of state-owned enterprises may change depending on the settlement of the Corporation and relevant agencies.

### Contingent liabilities related to Viet San Investment Joint Stock Company

Provisions payable to Viet San Investment Joint Stock Company, presented in Notes 5.14, are payable in a number of instalments with the final payable due no later than 30<sup>th</sup> December 2017. Currently, Viet San Investment Joint Stock Company has temporarily suspended operations and the Corporation is in the process of contacting and working to extend the payment term for this payable. The Corporation has not recorded interest on overdue debts because the Corporation's Board of General Directors assesses that an agreement to extend this payable will be reached.

### Contingent debt related to debt payables to Mr. Tran Minh Son

Mr. Tran Minh Son's loan is in dispute and the Court has decided according to Judgment No. 419/2022/DS-PT dated October 17, 2022 of the Hanoi People's Court on the dispute over the asset loan contract between Mr. Tran Minh Son and Vietnam Investment Construction and Trading Joint Stock Corporation. The Corporation continues to negotiate with Mr. Tran Minh Son.
