Can Tho Import Export Seafood Joint Stock Company (Stock code: CCA) explained that the profit in 2024 changed by more than 10% compared to the same period last year as follows:

Norm	In 2024 (million dong)	In 2023 (million dong)	Fluctuation (%)
Profit after tax	9.359	3.713	152%

In 2024, the world economy is more positive, the export market is good. Therefore, revenue and profit in 2024 increased compared to 2023.

The after-tax profit in 2024 after auditing fluctuates more than 5% compared to before auditing because of increased financial income, because of revaluation of foreign currency origin and increased capital costs.
