- + PISICO Infrastructure Business and Development Enterprise: Construction and business activities of infrastructure of industrial zones and clusters.
- h) Subsidiaries and associated companies: (Attachment Details Appendix 1)

### 4. Development orientation:

- Continue to adhere to the goal of building PISICO as a strong private economic group with brands and strategic products to compete with the international integration market; improve the value of shares in the market.
- Continue to effectively implement ongoing projects and put them into operation as planned.
- Continue to implement the orientations: Transfer of shares in some units with low capital ownership rates or not in advantageous fields, or inefficient and difficult to manage to concentrate investment capital in other projects according to the Corporation's orientation; Continue to closely follow the proposal of the Province for transforming and investing in the project of Industrial Cluster to replace the withdrawn Canh Vinh Industrial Cluster according to the decision of the People's Committee of Binh Dinh Province and Nhon Binh Industrial Park; expanding the area of planted forests of the Corporation; Increase the charter capital according to each stage of the Corporation's development and move the stock exchange from UPCOM to HOSE in an appropriate time.

### 5. Risks:

- Economic risks: Difficulties and economic fluctuations at home and abroad have a great impact on production and business activities and efficiency of PISICO.
- Legal risks: PISICO's activities are governed by many laws, subordinate legal documents which have been revised, supplemented, and improved to align with practical realities and changes in policies which may occur, affecting administrative activities, business of PISICO. In addition, the regulations of the commercial market in integration will affect the annual production and business results.
- Risk of price fluctuations: PISICO's production and business activities are mainly import and export of raw materials, production materials and products sold; including the investment project to grow and process rubber latex in the Lao People's Democratic Republic of Binh Dinh Agricultural Industry and Business Joint Stock Company. Therefore, the fluctuation of the exchange rate has a great impact on the efficiency of PISICO's production and business activities.

- Other risks: In addition to the above risks, risks due to natural disasters, epidemics, climate change such as droughts, storms, floods, fires, ... are risks that cannot be foreseen and if they occur, often cause large-scale damage, greatly affecting PISICO's business results.

### II. Operations in 2024:

- 6.8. Reports related to green capital market activities under the guidance of the SSC (none).
  - III. Reports and evaluations of the Board of General Directors:
  - 1. Evaluation of production and business results

1.1. General Evaluation: In 2024, the Corporation faces many challenges in all socio-economic activities, the prices of goods, raw materials, and fuels are always increasing, and the decrease in export orders for wooden furniture has created many great difficulties for businesses. However, with many flexible and timely solutions along with the high determination of the Board of Directors, the Executive Board and employees have well-managed and administrated production and business activities in 2024 and ensure that the profit target reaches 110% of the plan, growth of 31.46% compared with 2023. Detailed results of production and business activities in 2024 are shown in *Appendix 2 and Appendix 3 attached to this Report*.

### 1.2. Evaluation of units:

- a) PISICO Export Forest Processing Enterprise: The business activities continues to be maintained, management activities are stably organized; The unit has participated in many fairs and exhibitions to find markets, customers and output orders. However, due to the influence of objective factors from the export market, it has affected orders (the late order confirmation (8/2024) makes the unit unable to take the initiative in production plans) and selling prices (requests for discounts from customers and price competition between units in the same industry). Therefore, business activities in 2024 at the unit must face many difficulties and challenges.
- \* Regarding business results: Revenue: VND 43.74 billion, up 10% over the same period and reaching 54.7% of the plan; Profits do not guarantee the plan, business results are inefficient.

### b) PISICO Forestry Enterprise

- For service activities: The unit has implemented and successfully completed the assigned tasks, including activities such as: Monitoring forest exploitation of 755.66 hectares ~ 62,124.18 tons; taking care of 3,759.43 hectares of commercial forests and 365.03 hectares of economic forests to ensure the growth and development of crops; Managent, Protection and Fire Prevention in the past year continued to maintain efficiency, related cases have been limited, ensuring the capacity and prestige of PISICO Company with QPFL Company.
- For self-trading activities: The unit has actively implemented and effectively ensured the plan, but the implementation output is still not guaranteed: The slang timber business only reached 44.4% of the plan  $\sim 4,441.96$  tons.
- \* Business results are still low compared to the plan: Revenue of VND 23.96 billion, Profit of VND 1.63 billion.

- c) PISICO Infrastructure Development and Business Enterprise: Management and operation activities are still maintained, basic infrastructure and landscape ensure beauty, security and safety in the whole industrial park. The unit is still actively recovering overdue and bad debts from Van Dai Company, Hoa Phat Company, Hoang Gia Company, Thanh Luan Company, Trang Phuc Company, Thanh Thanh Company (until December 31st, 2024: 2,613,919,896 VND).
- \* Achieved business results: Revenue: 4.48 billion VND; Profit: 1.25 billion VND; equivalent to the plan assigned by the Company.
- d) The PISICO Office: The results of business activities at the PISSICO Office are highly efficient compared to the plan; Specifically, as follows:
- The trading of acacia wood (4,501.27 tons), FSC acacia wood (955.23 tons), supporting the purchase of 669,595 tons of Lao Teak wood.
- The exploitation of 755.66 hectares  $\sim$  62,124.18 tons of commercial forest timber, trading 11,271.13 tons of forest timber of Qui Nhon Woodchip Company, exploiting 61.61 hectares of economic forest and implementing activities related to reforestation for QPFL Company, Qui Nhon Woodchip Company.
- PISICO Social Housing Project: The application for environmental permits has been completed, the traffic connection has been approved and the legal procedures are continuing to be completed to apply for a construction permit and start the project.
- Anh Viet Residential Area Project (joint venture with Anh Viet Company): Completing legal documents for construction.
- Research and support projects: Vocational Training Center (HR PISICO Company); Investment in technical infrastructure of industrial parks (PISICO Corporation); Relocation of Nhon Binh Industrial Park (PBC Company); Supported the complete investment in the Wood Chip Processing Factory and put into operation at PISCO Dak Lak Investment Joint Stock Company.
- \* Business results: Revenue: VND 154.85 billion, up 15.1%; Profit: VND 43.37 billion, up 36.5% compared to the plan.
- e) Quy Nhon Cable Television Co., Ltd.: Business activities continue to face difficulties, the number of analog subscribers continues to decline (-3,789)/(-3,000) ~ 126% of the plan, although the unit has implemented care policies to maintain customers.
- \* Business results achieved: Revenue: 22.68 billion VND; Profit: 553 million VND.

- g) PBC Infrastructure Development and Service Joint Stock Company: Operation remain stable. The unit mainly focuses resources on preparing for the relocation of the industrial park according to the policy of the Provincial People's Committee.
- \* Business results meet the plan: Revenue: 6.43 billion VND; Profit: 1.37 billion VND.
- *h) Quy Nhon Woodchip Co., Ltd.:* The unit has exploited 185.85 hectares ~ 16,925.78 tons and has replanted the entire above area with an efficiency of VND 5.32 billion, reaching 106.46% of the plan; Wood chip business activities were still maintained, reaching 101.87% of the plan.
- \* Business results at the unit achieved: Revenue: 289.35 billion VND, reaching 68.3% of the plan; Profit: VND 15.63 billion, reaching 98.9% of the plan.
- k) HR PISICO One Member Co., Ltd.: The unit continues to face difficulties (output orders, cooperative partners), so business efficiency has not been improved.
- *I) PISICO Dak Lak Investment Joint Stock Company:* It has been completed and started to operate, so business results have not yet arisen.
- *m) BIDINA Company*: The production and business has gradually improved, so the business results have achieved with the revenue of 79.26 billion VND; the profit of 6.46 billion VND.
- *n) PISICO Ha Thanh Joint Stock Company:* Although affected by many factors (output unit price, input, competition among units in the same industry), business activities at the unit continue to achieve high efficiency compared to the plan with revenue of VND 306 billion; Profit of VND 11.08 billion.
- o) Thanh Tam Interior Wood Processing Joint Stock Company: The unit continues to maintain stable and highly effective operations compared to the general difficulties of the market; Business results are equivalent to the plan: Revenue: 181,130 billion VND, Profit: 15.02 billion VND.
- *p) PISICO Quang Nam Forest Products Joint Stock Company:* The production results are highly efficient and equivalent to the targets with revenue of VND 533.89 billion, Profit of VND 10.5 billion.
  - 2. Financial situation at the parent company: Attachment Appendix 8
  - **3.** Improvements in organizational structure, policies and management: Yes, negligible

### 4. Future development plan:

It is forecasted that in 2025, the global situation will continue to face many difficulties in security, politics, economy, extreme weather, especially trade wars between countries will increase sharply; Besides, there are opportunistic and

favorable factors such as signs of gradually improving economic recovery, gradually decreasing inflation, labor recovery, ... With difficulties and opportunities intertwined in 2025, this will really be a challenge in implementing the 2025 production and business plan at PISICO.

In order to continue to maintain the achieved results and strive for growth in almost all targets in 2025, it is necessary to implement the following key tasks:

### 4.1. Regarding the direction of operation:

- Production and business with the goal of saving costs, capital safety and maintaining maximum business efficiency achieved and striving to grow most of the business targets in 2025.
- Employment maintainance for all employees in the PISICO system with the goal of improving their lives and fully implementing regimes and policies, as well as social security to demonstrate PISICO's responsibility to the community.
- Researching, building and expanding the consumption market of PISICO's key products (wood, wood chips), output customers with high commercial value with the goal of achieving high efficiency in business and sustainability in the following years.
- Actively balancing all resources of PISICO from time to time, to construct and operate projects with high economic value for PISICO. In addition, continuing to study projects with PISICO's strengths to create a premise for implementation when having favorable conditions.
- Strive to successfully complete the business targets approved by the General Meeting of Shareholders, the Board of Directors, and the Board of Members.

### 4.2. Regarding business tasks in 2025

### 4.2.1. The entire PISICO system:

- Revenue of the whole system: 1,600 billion VND.
- Profit of the whole system: 89.19 billion VND.
- The average income of employees will increase by 5% compared to 2024. Regimes for employees and social security work demonstrating the responsibility of enterprises to the community continue to be maintained.
- To pay the state budget correctly, sufficiently and in a timely manner as prescribed.

### 4.2.2. At PISICO Corporation (parent company):

- Revenue of the parent company: 210 billion VND.
- Profit of the parent company: VND 34.49 billion.
- Dividend level: 9% or more of charter capital

### 4.3. Regarding solutions to be implemented in 2025:

### 4.3.1. Regarding the organization of production and business activities:

- Regularly grasp the world and domestic economic situation to proactively propose optimal solutions in accordance with reality, support member units in production management and administration to ensure the highest business efficiency.
- Continue to look for management and production solutions to gradually remove difficulties for units, step by step overcome and achieve business efficiency in the coming time.
- Participate in domestic and international trade fairs, seek trade promotion opportunities, expand output markets, increase the number of new customers with orders with high economic value and sustainability.
  - Recover overdue and bad debts that have arisen in the past time.

### 4.3.3. Regarding human resources:

- + Relocation project of Nhon Binh Industrial Park P.B.C Infrastructure Development Service Joint Stock Company;
- + Project of Center for Vocational Training and Supply of Overseas Workers HR-PISCO One Member Co., Ltd. (in Long Van Urban Area); At the same time, continue to support HR-PISICO Company in finding a cooperative union and recruiting workers to send abroad.

### 5. Explanation of the Board of Directors for audit opinions:

Attached to the details of Official Letter No. 103/TCT-TCKT; No. 104/TCT-TCKT and No. 105/TCT-TCKT dated March 31<sup>st</sup>, 2024 of the General Director.

### 6. PISICO's Environmental and Social Responsibility Assessment Report

- a) Assessment related to environmental indicators: Always comply with regulations on environmental protection; relatively ensure environmental criteria as prescribed.
- b) Assessment related to employee issues: PISICO always takes care of the life of employees in the unit both materially and spiritually. Ensure enough jobs and have an average income that is quite good compared to the general level in the province. Fully pay social insurance, promptly settle social insurance regimes and policies, sickness, maternity, leave, public holidays, Tet, salaries, bonuses, midshift diets; fully equipped with labor protection, improving working conditions, ensuring occupational safety and health. Organize annual health check-ups for employees, arrange jobs in accordance with the health conditions and abilities of employees. Regularly pay attention to training: create conditions for employees to study to improve their professional qualifications, send them to attend training classes and training classes.
- c) Assessment related to the responsibility of enterprises to the local community: In addition to developing production and expanding export markets in order to create more jobs and incomes for local workers inside and outside the province, PISICO also actively participates in activities to maintain social order and safety, fire prevention and fighting in the area, activities of mutual affection, mutual affection, support and support for social and humanitarian organizations, support for flood victims, support for heroic Vietnamese mothers, etc. as well as other local activities, twinning with ethnic minority villages, etc.

### IV. Evaluation of the Board of Directors on PISICO's activities

### 1. Evaluation of the Board of Directors on PISICO's activities

Pursuant to Resolution No. 18/NQ-DHDCHD dated April 19<sup>th</sup>, 2024 of the 2024 Annual General Meeting of Shareholders, the Board of Directors has closely followed the approved contents for the most effective implementation; the results of the implementation of the Resolution and business targets in 2024 have been tried by the General Director to remove difficulties, create a driving force to promote wood chip production and business activities, rubber latex exploitation to grow compared to the previous year. The results of the assessment of the parent company's activities are as follows:

- Business targets: revenue growth of 11.6%; profit before tax grew by 31.5% and profit after tax grew by 11.8%

- The financial indicators of the total assets of the parent company increased by 16.3%; solvency targets; capital structure; Operational capacity and profitability are both under good control.
- Regarding the implementation of 03 projects according to the Resolution: Dak Lak wood chip factory project; PISICO Social Housing project (directly implemented by PISICO Corporation); The Anh Viet Residential Area project (PISICO Corporation and Anh Viet Trading Co., Ltd. is a joint venture to establish An Viet Phat Co., Ltd.) basically follows the planned schedule.

# 2. Evaluation of the Board of Directors on the operation of the Executive Board:

- The Executive Board has fully implemented the resolutions, decisions and policies of the Board of Directors; ensure that employment and income for employees are not lower than the previous year.
- The Board of Directors in 2024 has made many efforts, with timely solutions to remove difficulties, creating motivation for production and business activities of a number of fields to achieve high growth results compared to 2023 such as: wood chips, rubber latex exploitation. The policies and resolutions set out by the Board of Directors are in line with reality, highly feasible, bringing good efficiency to the Corporation's production and business activities.

### 3. Plans and orientations of the Board of Directors:

### 3.1. Regarding general objectives and orientations:

- Continue to adhere to the goal of building PISICO as a strong private economic group with brands and strategic products to compete with the international integration market; improve the value of shares in the market.
- Continue to complete the projects being implemented and put into operation as planned.
- Continue to implement the orientations: Transfer of shares in some units with low capital ownership rates or not in advantageous fields, or inefficient and difficult to manage to concentrate investment capital in other projects according to the Corporation's orientation; Continue to closely follow the proposal of the Province to transform and invest in the project of Industrial Cluster to replace the withdrawn Canh Vinh Industrial Cluster according to the decision of the People's Committee of Binh Dinh Province and Nhon Binh Industrial Park; expand the area of planted forests of the Corporation; Increase the charter capital according to each stage of the Corporation's development and move the stock exchange from UPCOM to HOSE in an appropriate time.

### 3.2. Regarding the objectives and plans in 2025:

### a) Regarding production and business activities:

- Revenue of the whole system: 1,600 billion VND; Revenue of the parent company: 210 billion VND.
- Profit of the whole system: 89.19 billion VND; Profit before tax of the parent company: VND 34.49 billion.
- Strive for the average income target of employees in the whole system to increase by 5% or more compared to the implementation in 2024, pay attention to the good implementation of regimes for employees in accordance with the law;
  - Pay the state budget correctly, sufficiently and promptly as prescribed.
- Continue to maintain and well implement social security, demonstrate the responsibility of enterprises to the community.
  - Dividend level: 9% of charter capital or more

### b) Development investment projects:

- Focus on the effective implementation of projects that have been approved to protect with the plan: PISICO social housing; Anh Viet Residential Area; stabilize the production of the Dak Lak wood chip processing factory into operation and continue to invest in completing the necessary items for the factory.
- Continue to strengthen support for member units in researching legal procedures and policies to implement key projects at PISICO units; in which the focus is the project to relocate Nhon Binh Industrial Park out of Quy Nhon City of PBC Infrastructure Development Services Joint Stock Company; The project of the Center for Vocational Training and Supply of Overseas Workers of HR-PISICO Company.

### d) Principal solutions:

- Continue to study and develop mechanisms and policies on management and administration in accordance with the requirements of enterprise development in order to strongly promote the production and business activities of the Corporation. Focus on solving difficulties for production and business units and have solutions for units that are not PISICO's strengths.
- Regularly monitor, analyze, and assess the economic situation at home and abroad to set out the action program of the Board of Directors close to reality to direct the Executive Board for the Corporation's production and business to be more and more effective.
- Continue to maintain and develop industries and units that are operating stably, with good efficiency and many prospects for the Corporation's development. Continue to remove difficulties for units to promote production and business activities with high efficiency.

- Continue to consolidate the organization of the human resource apparatus commensurate with the scale of enterprise operations from time to time; implement reforms of mechanisms and policies to attract personnel to actively contribute to the construction and development of the Corporation's system. To study and formulate encouraging human resource management policies to attract high-quality and professional human resources, train and foster the successor team to promptly meet the development of the Corporation.
- Continue to maintain good relations with traditional customers; diversify products and markets through commercial activities, avoiding passivity when events occur.
