THE RESPONSIBILITY OF THE BOARD OF DIRECTORS

The Board of Directors is responsible for the financial statements of the company which give a true and fair view of the financial position and the results of operation and cash flows for the year in accordance with accounting standards, Vietnamese corporate accounting regime and legal regulations related to the preparation and presentation of financial statements. In preparing these financial statements, the Board of Directors is required to:

- Select suitable accounting policies and then apply them consistently;
- Make judgments and estimates that are reasonable and prudent;
- State whether applicable accounting principles have been followed, subject to any material departures disclosed and explained in the financial statements;
- Prepare the financial statements on a going basis unless it is inappropriate to presume that the Company will continue in business;
- Design and implement an effective internal control system to enable the preparation and fair presentation of financial statements to minimize errors and fraud.

noi City to 31 March 2025

The Board of Management is responsible for ensuring that proper accounting records are maintained, which disclose, with reasonable accuracy at any time, the financial position of the Company and which enable these financial statements to be prepared which comply with Vietnamese Accounting Standards, the Vietnamese Accounting System for enterprises and the relevant statutory requirements applicable to financial reporting. The Board of Management is also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

The Board of Management confirms that the Company has complied with the above requirements in preparing the Financial Statements.

The Board of Directors approved the attached Financial Statements.

On behalf of the Board of Directors./.

for the period from 1 January 2025 to 31 March 2025

accordance with the provisions of the applicable accounting standards, the guiding circulars for implementation, and the current Accounting Regulations in use.

3. ACCOUNTING POLICIES APPLIED

The following are the key accounting policies adopted by the Company in the preparation of financial statements:

Cash and Cash Equivalents

Cash includes cash on hand, demand deposits at banks, and monetary gold used as a store of value, excluding gold classified as inventory for use as raw materials in production or goods for sale.

Cash equivalents are short-term highly liquid investment that are readily convertible to known amount of cash are subject to an insignificant risk of changes in value.

Receivables

Accounts receivables are monitored in detail of receivable terms, receivable parties, receivable currencies and other factors depending on the Company's managerial requirements.

A provision for doubtful debts is made for the following types of receivables: overdue receivables as specified in economic contracts, loan agreements, debt commitments, or other contractual obligations, as well as receivables not yet due but deemed unlikely to be recoverable. Specifically, the provision for overdue receivables is based on overdue days in payment of principals according to initial debt commitment (exclusive of the rescheduling between contracting parties or when the debtor has fallen into bankruptcy, is undergoing dissolution procedures, has gone missing, or has absconded)

Inventories

Inventories are stated at cost, which comprises purchase costs, processing costs, and those directly attributable cost that have been incurred in bringing the inventories to present location and condition at the time of initial recognition. After initial recognition, at the time of preparing the financial statements, if the net realizable value of the inventory is lower than its cost, the inventory is evaluated at its net realizable value.

The value of inventories at the end of the reporting period is determined on a weighted average basis.

The Company applies perpetual method of accounting for inventories.

Method for Determining the Value of Work-in-Progress at Period-End: Work-in-progress costs are accumulated based on the cost of primary materials for each type of unfinished product.

A provision for inventory devaluation is made at year-end based on the difference between the cost of inventory and its net realizable value, if the latter is lower.

Fixed Assets and Finance-Leased Fixed Assets

for the period from 1 January 2025 to 31 March 2025

Tangible fixed assets and intangible fixed assets are initially recognized at cost. During their use, tangible and intangible fixed assets are recorded at cost, accumulated depreciation, and net book value.

Depreciation of tangible and intangible fixed assets is computed on a straight-line basis. The estimated useful lives for depreciation are as follows:

- Office Equipment

05 years

- Computer Software

05 years

Gains and losses arising from the disposal or sale of assets are the differences between the proceeds from disposal and the net book value of the assets and are recognized in the Income Statement.

Prepaid Expenses

Expenses incurred that relate to the operating results of multiple accounting periods are recorded as prepaid expenses and allocated gradually to the operating results in subsequent accounting periods.

The calculation and allocation of long-term prepaid expenses to production and business costs in each accounting period are based on the nature and magnitude of each type of expense, selecting appropriate methods and allocation criteria. Prepaid expenses are allocated gradually to production and business costs on a straight-line basis.

Goodwill arising from the equitization of State-owned enterprises is allocated gradually over a maximum period of 3 years.

Liabilities

Liabilities are monitored based on due dates, creditors, types of foreign currency payable, and other factors as required for the Company's management.

Equity

Owner's contributed capital is recognized based on the actual amount contributed by the owners.

Retained profits after tax represent the Company's business results (profits/losses) after corporate income tax and the status of profit distribution or loss settlement. If dividends or profits are paid to owners in excess of the retained profits after tax, such payments are recognized as a reduction in contributed capital. Retained profits after tax may be distributed to investors based on their capital contribution ratio, following approval by the General Meeting of Shareholders or the Board of Directors, and after allocating funds as stipulated by the Company's Charter and the legal regulations of Vietnam.

The Company allocates the following funds from net profit after corporate income tax, as proposed by the Board of Directors and approved by shareholders at the Annual General Meeting of Shareholders:

- Development Investment Fund: This fund is established to support the Company's expansion activities or in-depth investments.

- Bonus and Welfare Fund, and Executive Bonus Fund: This fund is established to provide rewards, material incentives, and shared benefits, as well as to enhance the welfare of employees. It is presented as a liability on the Statement of Financial Position.

Dividends payable to shareholders are recognized as liabilities on the Statement of Financial Position after the announcement of dividend distribution by the Board of Directors and the declaration of the record date for dividend entitlement by the Vietnam Securities Depository.

Revenue Recognition

Sales Revenue

Sales revenue is recognized when all the following conditions are satisfied:

- The significant risks and rewards of ownership of the goods have been transferred to the buyer;
- The Company no longer retains management rights over the goods as an owner or control over the goods;
- Revenue can be measured reliably;
- The Company has received or will receive economic benefits from the sales transaction;
- The costs incurred for the transaction and the costs to complete the transaction can be measured reliably.

Services rendered Revenue

Service revenue is recognized when all the following conditions are satisfied:

- Revenue can be reliably measured;
- It is probable that economic benefits will be received from the provision of the service;
- The stage of completion of the service can be determined at the Statement of Financial position date;
- The costs incurred for the transaction and the costs to complete the transaction can be measured reliably.

The stage of completion of the service is determined using the percentage-of-completion method.

Financial Income

Revenue from interest, royalties, dividends, profit-sharing, and other financial activities is recognized when both of the following conditions are met:

- It is probable that economic benefits will be received from the transaction;
- Revenue can be measured reliably.

Dividends and profit-sharing are recognized when the Company becomes entitled to receive dividends or profits from its capital contribution.

Common Stock or Stock Dividends: Income is not recognized when the right to receive common stock or stock dividends is established. The number of shares or dividends received is disclosed in the relevant financial statements.

Cost of Goods Sold

The cost of goods sold during the year is recognized in accordance with the revenue generated in the same year, ensuring adherence to the prudence principle. Losses of materials and goods exceeding standard limits, costs beyond normal limits, and inventory losses (after deducting the responsibility borne by relevant individuals or groups) are fully and promptly recorded as part of the cost of goods sold for the year.

Financial Expenses

The expenses recorded as financial expenses include:

- Costs or losses related to financial investment activities;
- Borrowing costs;
- Losses from the disposal or transfer of short-term securities, and transaction costs associated with the sale of securities;
- Provisions for devaluation of trading securities, provisions for losses on investments in other entities, losses arising from the sale of foreign currencies, and foreign exchange losses.

The above amounts are recognized based on the total incurred during the period and are not offset against financial income.

Earnings Per Share (EPS)

Basic earnings per share is calculated by dividing the profit or loss after tax attributable to ordinary shareholders of the Company (after appropriation for allocations to the Bonus and Welfare Fund and the Executive Bonus Fund) by the weighted average number of ordinary shares outstanding during the year.

Diluted earnings per share is determined by dividing the profit or loss after tax attributable to ordinary shareholders of the Company (after appropriation for allocations to the Bonus and Welfare Fund, the Executive Bonus Fund, and dividends on convertible preferred shares) by the weighted average number of ordinary shares that would be issued if all potentially dilutive ordinary shares were converted into ordinary shares

Related Parties

A party is considered related if it has the ability to control or significantly influence the other party in making decisions on financial and operational policies. The Company's related parties include:

- Enterprises that, directly or indirectly through one or more intermediaries, control, are controlled by, or are under common control with the Company, including parent companies, subsidiaries, and associates;
- Individuals who directly or indirectly hold voting rights in the Company and have significant influence over the Company, key management personnel of the Company, and close family members of such individuals;
- Enterprises in which the aforementioned individuals directly or indirectly hold a significant portion of voting rights or have significant influence over the enterprise.

When assessing related party relationships, attention should be paid to the substance of the relationship rather than merely the legal form of the relationships.

Financial Instruments

Based on Circular No. 75/2015/TT-BTC dated May 18, 2015, issued by the Ministry of Finance, prior to the issuance of accounting standards for financial instruments and their related guidelines, the Company's Executive Board has decided not to present and disclose financial instruments in accordance with Circular No. 210/2009/TT-BTC in the Company's financial statements.
