2.2 . Standards and Applicable Accounting Policies

Applicable Accounting Policies

The Company applies Corporate Accounting System issued under the Circular No. 200/2014/TT-BTC dated 22 December 2014 by the Ministry of Finance and the Circular No. 53/2016/TT-BTC dated 21 March 2016 issued by Ministry of Finance amending and supplementing some articles of the Circular No. 200/2014/TT-BTC.

Declaration of compliance with Accounting Standards and Accounting System

The Company applies Vietnamese Accounting Standards and supplementary documents issued by the State. Financial Statements are prepared and presented in accordance with regulations of each standard and supplementary document as well as with current Accounting Standards and Accounting System.

2.3 . Basis for preparation of Financial statements

Financial statements are presented based on historical cost principle.

Financial statements of the Company are prepared based on summarization of transactions incurred, then recorded into accounting books of dependent accounting entities and at the offices of the Company.

2.4 . Financial Instruments

Initial recognition

Financial assets

Financial assets of the Company include cash, cash equivalents, trade receivables, other receivables, lending loans, long-term and short-term investments. At initial recognition, financial assets are identified by purchasing price/issuing cost plus other expenses directly related to the purchase and issuance of those assets.

Financial liabilities

Financial liabilities of the Company include borrowings, trade payables, other payables and accrued expenses. At initial recognition, financial liabilities are determined by issuing price plus other expenses directly related to the issuance of those liabilities.

Subsequent measurement after initial recognition

Financial assets and financial liabilities are not revalued according to fair value at the end of the period because the Circular No.210/2009/TT-BTC and prevailing statutory regulations require to present Financial statements and Notes to financial instruments but not provide any relevant instruction for assessment and recognition of fair value of financial assets and financial liabilities.

2.5 . Foreign currency transactions

The foreign currency transactions during the year are translated into Vietnam Dong using the real exchange rate ruling at the transaction date.

Real exchange rate when revaluating monetary items denominated in foreign currencies at the reporting date of the Financial statements is determined on the following principles:

- For asset accounts: applying the bid rate of the commercial bank where the Company regularly conducts transaction;
- For foreign currency deposited in bank: applying the bid rate of the bank where the Company opens its foreign currency accounts;
- For liability accounts, applying the offer rate of the commercial bank where the Company regularly conducts transaction.

31 . FINANCIAL INSTRUMENTS**Financial risk management**

The Company's financial risks including market risk, credit risk and liquidity risk. The Company has developed its control system to ensure the reasonable balance between cost of incurred risks and cost of risk management. The Board of General Directors of the Company is responsible for monitoring the risk management process to ensure the appropriate balance between risk and risk control.

Market risk

The Company's business operations will bear the risks of changes on exchange rates and interest rates.

Exchange rate risk

The Company bears the risk of exchange rate due to the fluctuation in fair value of future cash flows of a financial instrument in line with changes in exchange rates if loans, revenues and expenses of the Company are denominated in foreign currencies other than VND.

HUONG GIANG TOURIST JOINT STOCK COMPANYNo. 2, Nguyen Cong Tru, Hue City,
Thua Thien Hue Province, Vietnam**Financial statements**

Quarter 1 ended as at 31/03/2025

Interest rate risk

The Company bears the risk of interest rates due to the fluctuation in fair value of future cash flow of a financial instrument in line with changes in market interest rates if the Company has time or demand deposits, borrowings and debts subject to floating interest rates. The Company manages interest rate risk by analyzing the market competition situation to obtain interest beneficial for its operation purpose.

Credit Risk

Credit risk is the risk that a party participating in a financial instrument or contract is unable to fulfill its obligations, leading to financial loss for the Company. The Company has credit risks from production and business activities (mainly for customer receivables) and financial activities (including bank deposits, loans and other financial instruments).
