NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the first 3 months of fiscal year 2025

1 . CORPORATE INFORMATION

Corporate information

The Golden Group JSC (“the Company”) has been renamed from Louis Capital JSC (predecessor is Truong Giang Construction and Investment) a Company established in Vietnam in accordance with Business Licence No. 0105787835 issued by the Ho Chi Minh Department of Planning and Investment on 10 February 2012, the 17th changed on 12 September 2023.

The Company’s head office is registered at 7th Floor, No. 45 Vo Thi Sau, Da Kao Ward, District 01, Ho Chi Minh City, Vietnam.

Company's Charter capital: VND 272.999.900.000. Equivalent to 27.299.900 shares with the price of VND 10.000 per share.

Business field

Main business activity of the Company is:

- Management consulting
- Securities trading
- Mergers and business acquisitions

Information of subsidiaries, associates, joint ventures of the Company is provided in Note No 4.

2 . ACCOUNTING SYSTEM AND ACCOUNTING POLICY

2.1 . Accounting period and accounting currency

Annual accounting period commences from 1st January and ends as at 31st December.
The Company maintains its accounting records in VND.

2.2 . Standards and Applicable Accounting Policies

Applicable Accounting Policies

The Company applies Enterprise Accounting System issued under Circular No.200/2014/TT-BTC dated December 22, 2014 of the Minister of Finance.

Declaration of compliance with Accounting Standards and Accounting System

The Company applies Vietnamese Accounting Standards and supplement documents issued by the State. Financial statements are prepared in accordance with regulations of each standard and supplement documents as well as with current Accounting Standards and Accounting System.

2.3 . Cash and cash equivalents

Cash includes cash on hand, demand deposits, monetary gold used for value storage, not includes the gold
Cash equivalents is short-term highly liquid investments with maturity less than 3 months from the date investment, can be converted easily into a certain amount of cash and there is no risk in conversion into cash.

2.4 . Financial investments

Investments held to maturity include: term deposits (including treasury bills, promissory notes), bonds, preference shares which the issuer is required to re-buy them in a certain time in the future and loans... held to maturity to earn profits periodically and other held to maturity investments.

Investments in subsidiaries, joint ventures or associates are initially recognized in the ledger according to original cost. After initial recognition, the value of these investments is determined at original cost less provision for diminution in value of investments.

Investments in equity of other entities included: investments in equity of other entities but not control, joint control, or significant influence on the investee. Book value of these investments is determined at original cost. After initial recognition, the value of these investments is determined at original cost less provision for diminution in value of investments.

Allowances for devaluation of investments are made at the end of the year as followings:

- With regard to investments in trading securities: the provisions shall be made according to the excess of original cost of the investments are accounted in the accounting book value over their market value on provision date;
- With regard to investments in subsidiaries, joint ventures or associates and investments in other units: the provisions shall be made according to the Separate Financial Statements of subsidiaries, joint ventures or associates on provision date;
- With regard to investments held long-term (other than trade securities) and not influencing significantly on the investee: If an investment in listed shares or the fair value of the investment is determined reliably, the provisions shall be made according to the market value of the shares; if an investment is not determined the fair value at the reporting time, the provision shall be made according to Financial Statements on provision date of the investee.
- With regard to investments held to maturity: the provisions for doubtful debts shall be made according to the recovery under regulatory requirements.

2.5 . Receivables

The receivables shall be kept records in details according to period receivables, entities receivables, types of currency receivable and other factors according to requirements for management of the Company.

The allowances for doubtful debts is created when: An overdue debt under an economic contract, a loan agreement, a contractual commitment or a promissory note and debts are not due but difficult recovery. Accordingly, the provisions for overdue debts shall be made according to time in which the principal is repaid according to the sale contract, exclusive of the debt rescheduling between contracting parties and the debts are not due but the debtor is close to bankruptcy or undergone procedures for dissolution, or the debtor is missing or makes a getaway.

2.6 . Inventories

Inventories are initially recognized at original cost included: the purchase price, costs of conversion and other costs incurred in bringing the inventories to their location and condition at the time of initial recognition. After initial recognition, at the time the financial statements are prepared if the net realizable value is lower than cost, inventories should be measured at the net realizable value

The cost of inventory is calculated by weighted average method

Inventory is recorded by perpetual *method*.

Allowances for devaluation of inventories made at the end of the year are the excess of original cost of inventory over their net realizable value.

2.7 . Fixed assets, Finance lease assets and Investment properties

Tangible fixed assets, intangible fixed assets are stated at the historical cost. During using time, tangible fixed assets, intangible fixed assets are recorded at cost, accumulated depreciation and net book value. Depreciation is provided on straight-line basis.

- Buildings	05 - 30	years
- Machine, equipment	05 - 10	years
- Transportation equipment	06 - 10	years

2.8 . Prepaid expenses

The expenses incurred but related to results of business operations of several accounting periods are recorded as prepaid expenses and are amortised to the income statement in the following accounting periods.

The calculation and allocation of long-term prepaid expenses to profit and loss account in the year should be based on nature of those expenses to select a reasonable method and allocated factors. Prepaid expenses are allocated partly into operating expenses on a straight-line basis.

2.9 . Payables

Payables must be recorded at cost and not lower than the payment obligation.

The company classifies liabilities as payable to sellers, payable to employees, other payables,... depending on the nature of the transaction or relationship between the company and the debtor.

Liabilities are tracked in detail by payment term, payable object, and primary currency (including reassessment of liabilities that meet the definition of foreign currency monetary items). and other factors according to the Company's management needs.

At the time of preparing financial statements, the Company immediately recognizes a liability when there is evidence that a loss is likely to occur according to the principle of prudence.

2.10 . Loans and finance lease liabilities

The value of finance lease liabilities is the total payable amount calculated on the present value of minimum lease payments or the fair value of leased assets.

Loans and finance lease liabilities shall be kept records in details according to entities loans, loan agreement and loans and finance lease liabilities term. In case of loans or liabilities in foreign currency shall be kept records in detail the currency.

2.11 . Borrowing costs

Borrowing costs are recognized into operating costs during the year, except for which directly attributable to construction or production of unfinished asset included (capitalized) in the cost of that asset, when gather sufficient conditions as regulated in VAS No. 16 "Borrowing costs". Beside, regarding loans serving the construction of fixed assets, investment properties, and the interests shall be capitalized even if the construction duration is under 12 months.

2.12 . Accrued expenses

Payables to goods or services received from the seller or provided for the seller during a reporting period, but payments of such goods or services have not been made and other payables such as annual leave salary, expenses in seasonal cessation of production period, interest expenses... [sửa đổi, xoá bỏ nếu không phù hợp] which are recorded to operating expenses of the reporting period.

The recording of accrued expenses to operating expenses during a period shall be carried out in conformity with revenues and expenses incurring during a period. Accrued expenses payable are settled with actual expenses incurred. The difference between accrualment and actual expenses are reverted.

2.13 . Provision for payables

Provision for payables only record when meet all following conditions:

- Enterprises have current debt obligation (legal obligation or jointly liable obligation) due to result from a fact happened;
- Decrease in economic benefits may happen leading to the requirement for payment of debt obligation;
- Giving a confident estimation on value of such debt obligation.

Value recorded of a provision payable is the most reasonably estimated the amount which will be paid for current debt obligation at the end of the fiscal year.

Only expenses related to the provision for payable set up initially shall be offset by that provision for payable.

Provisions for payables are recorded in business and production costs of the accounting year. In case provision set for the previous period but not used up exceeds the one set for the current year, the difference is recorded as decrease in production and operation expenditures. The bigger difference of the payables provision on insuring the construction is recorded into other revenue in the fiscal year.

2.14 . Owner's equity

Owner's equity is stated at actually contributed capital of owners.

Undistributed profit after tax is used to record business results (profit, loss) after corporate income tax and situation of income distribution or loss handling of company. The distribution of profits are made when the undistributed profit after tax of company shall not exceed the undistributed profit after tax on Consolidated Financial Statements after eliminating the impact of profits recorded from cheap purchase.

The Company appropriates the following funds from the Company's net profit after corporate income tax at the request of the Board of Directors and approved by shareholders at the Annual General Meeting of Shareholders:

- Development investment fund: This fund is set aside to serve the expansion of operations or in-depth investment of the Company.
- Bonus and welfare fund and Executive Board reward fund: This fund is set aside to reward and encourage materially, bring common benefits and improve employee welfare and is presented as a liability. paid on the Consolidated Financial Statements.

2.15 . Revenues*Sale of goods*

Revenue from sale of goods shall be recognized when all the following conditions have been satisfied:

- The entity has transferred to the buyer the significant risks and rewards of ownership of the goods;
- The entity retains neither continuing managerial involvement to the degree usually associated with ownership nor effective control over the goods sold;
- The amount of revenue can be measured reliably;
- It is probable that the economic benefits associated with the transaction will flow to the entity; and
- The cost incurred or to be incurred in respect of the transaction can be measured reliable.

Services rendered

Services rendered shall be recognised when all the following conditions have been satisfied:

- The amount of the revenue can be measured reliably;
- It is probable that the economic benefits associated with the transaction will flow to the entity;
- The stage of the completion of the transaction at the end of the reporting period can be measured reliably; and
- The costs incurred for the transaction and the costs to complete the transaction can be measured reliable.

The stage of completion of a transaction may be determined by surveys of work completed method

Financial income

Revenue arising from the used by the others of entity assets yielding interest, royalties and dividends shall be recognised when:

- It is probable that the economic benefits associated with the transaction will flow to the entity;
- The amount of the revenue can be measured reliably.

2.16 . Cost of goods sold

Cost of goods sold is recognized in accordance with revenue arising and ensure compliance with the prudence principle. Cases of loss of materials and goods exceeded the norm, abnormal expenses and losses of inventories after deducting the responsibility of collective and individuals concerned,... are recognized fully and promptly into cost of goods sold in the year.

2.17 . Financial expenses

Items recorded into financial expenses consist of:

- Expenses or losses relating to financial investment activities;
- Expenses of capital borrowing;
- Losses from short-term security transfer, expenses of security selling transaction;

2.18 . Corporate income tax

Current corporate income tax expenses and Deferred corporate income tax expenses

Current corporate income tax expenses are determined based on taxable income during year, and current corporate income tax rate.

Deferred corporate income tax expenses are determined based on deductible temporary difference, the taxable temporary differences and income tax rate.

Do not offsetting current corporate income tax expenses and deferred corporate income tax expenses.

2.19 . Earnings per share

Basic earnings per share are calculated by dividing the after-tax profit or loss allocated to shareholders who own common shares of the Company (after adjusting for the allocation of Bonus, Welfare Fund and Merit Fund). Board of Directors bonus) for the weighted average number of common shares outstanding during the year.

Diluted earnings per share is calculated by dividing the after-tax profit or loss allocated to shareholders owning the Company's common shares (after adjusting for the appropriation of the Bonus, Welfare Fund, and Merit Fund). Board bonuses and convertible preferred stock dividends) for the weighted average number of common shares that would be issued in the event that all potential common shares are dilutive. are converted into common shares.

2.20 . Related Parties

The parties are regarded as related parties if that party has the ability to control or significantly influence the other party in making decisions about the financial policies and activities. The Company's related parties include:

- Companies, directly or indirectly through one or more intermediaries, having control over the Company or being under the control of the Company, or being under common control with the Company, including the Company's parent, subsidiaries and affiliated companies;
- Individuals, directly or indirectly, holding voting power of the Company that have a significant influence on the Company, key management personnel including directors and employees of the Company, the close family members of these individuals;
- Enterprises due to the above-mentioned individuals directly or indirectly hold an important part of the voting rights or have significant influence on the Company.

In considering the relationship of related parties to serve for the preparation and presentation of Separate Financial statements, the Company should consider the nature of the relationship rather than the legal form of the relationship.
