1. The agenda and content of the meeting must be approved by the General Meeting of Shareholders during the opening session. It must clearly and specifically determine the time allocated for each issue in the meeting agenda;
2. Shareholders or groups of shareholders stipulated in Clause 2, Article 115 of the Law on Enterprises 2020 and Clause 3, Article 9 of the Charter have the right to propose issues to be included in the agenda of the General Meeting of Shareholders. The proposal must be in writing and sent to the Company at least 10 working days before the opening date. The proposal must clearly state the shareholder's name, the number of each type of share of the shareholder or equivalent information, and the proposed issue to be included in the meeting agenda.
3. The convener of the General Meeting of Shareholders has the right to reject the proposal specified in Clause 2 of this Article in any of the following cases:
 - The proposal is not sent within the specified time limit or is insufficient or incorrect in content;
 - The proposed issue is not within the decision-making authority of the General Meeting of Shareholders;
4. The convener of the General Meeting of Shareholders must accept and include the proposal specified in Clause 2 of this Article in the draft agenda and content of the meeting, except for the cases specified in Clause 3 of this Article; the proposal shall be officially added to the agenda and content of the meeting if approved by the General Meeting of Shareholders.
5. The Company must disclose information about the addition to the agenda and content of the meeting in accordance with the provisions of the Law. Shareholders are responsible for monitoring changes and additions to the meeting agenda and related documents to the General Meeting of Shareholders as announced by the Company. The Company is not responsible if shareholders do not fully update information related to the revision of the meeting agenda.

Article 16. Discussion of meeting content and answering questions.

1. Principles:

- The discussion at the meeting shall be moderated by the Chairperson or the Presidium, ensuring compliance with the provisions of the Company's Charter.
- The discussion shall only be conducted within the scheduled time and within the scope of the issues presented in the agenda approved by the General Meeting of Shareholders, with content that does not violate the law, is not related to personal matters, or exceeds the authority of the enterprise.
- Delegates attending at the venue of the General Meeting who wish to discuss may directly ask questions to the Presidium or send questions to the Secretariat of the General Meeting; Delegates who wish to speak or debate must raise their hands and may only speak when approved by the Presidium; Each delegate may speak for no more than 03 minutes, and the content should be concise and avoid repetition.
- The Secretariat of the General Meeting will review, compile the discussion content of the Delegates, and forward it to the Presidium.

2. Answering questions from Delegates

- Based on the Question Forms from shareholders, the Chairperson or a member designated by the Chairperson will answer questions from Delegates. Contributions or

questions will be compiled and answered in sequence and may only be contributed during the discussion part of the General Meeting. In case multiple shareholders have overlapping opinions, the Presidium will select and provide a common answer for all shareholders.

- The Chairperson of the General Meeting will only directly answer key questions that are related to the agenda of the General Meeting and are representative of many shareholders, not directly answering and explaining in detail contents that have been publicly disclosed, have been stipulated in legal documents, or are of a technical, detailed nature serving the specific requirements of individual shareholders.

- Due to time constraints, questions not directly answered at the General Meeting will be answered by the Company in writing or posted on the Company's website.

Article 17. Rules for voting on contents at the General Meeting

1. All contents in the General Meeting agenda must be approved by obtaining voting opinions from all shareholders attending the General Meeting using Voting Cards or Voting Ballots according to the number of shares owned.

2. Voting method by raising **Voting Cards (pink)**.

Shareholders vote by raising Voting Cards at the General Meeting of Shareholders with voting content, specifically:

- Approving the composition of the Presidium, Secretariat, Vote Counting Committee, and approving the agenda and regulations of the General Meeting.
- Approving the minutes and Resolution of the General Meeting of Shareholders.
- Other contents according to the Meeting agenda.

3. Voting method by submitting **Voting Ballots (blue)** at the General Meeting of Shareholders with voting content, specifically:

- Approving the Report of the Board of General Directors, the Report of the BOD, the Report of the Board of Supervisors;

- Approving the Proposal on selecting the auditing firm for the 2025 Financial Statements;
- Other contents according to the Meeting agenda.

4. Voting method.

Shareholders have the right to participate in voting immediately after registration. In case shareholders arrive late, the validity of the voting ballots already conducted is not affected.

5. Voting principles.

- The voting right of shareholders corresponds to the number of shares owned/represented by that shareholder.
- Voting on issues at the General Meeting will be conducted by public, direct voting method. Voting Cards/Ballots are issued by the Organizing Committee. The content of the voting ballot includes: issues to be voted on, name of the shareholder or authorized person, total number of shares with voting rights. The voting ballot will include the contents to be approved at the General Meeting according to the approved agenda.

- When receiving Voting Cards/Ballots, shareholders/shareholder representatives must check the information, total number of shares with voting rights, and if there are errors, they must notify immediately at the time of receipt. Voting Cards/Ballots are considered valid when they contain complete and accurate information as required on the voting ballot.
- When voting on a valid voting ballot as prescribed in section 17.3 of this Article, shareholders/shareholder representatives have the right to decide to "agree" or "disagree" or "no opinion" by marking (X) or (V) in the corresponding box for their choice for each issue to be voted on the voting ballot.

Article 18: Regulations on voting ballots.

1. Valid ballots: Valid ballots are those that meet all of the following criteria:
 - Issued by the Organizing Committee of the General Meeting with the Company's seal;

**BUSINESS PERFORMANCE REPORT FOR 2024
AND PLAN FOR 2025****To: The Presidium/ Esteemed Shareholders of the Company**

On behalf of the Company's Board of General Directors, I would like to present the report to the General Meeting of Shareholders on the business performance results for 2024 and the plan for 2025 as follows:

Part 1: EVALUATION OF RESULTS ACHIEVED IN 2024**1. Evaluation of the General Socio-Economic Situation in 2024.****❖ Regarding Global Economy**

The global economy in 2024 experienced relatively stable growth, despite negative impacts from geopolitical conflicts between Russia and Ukraine, as well as instability in the Middle East, which limited significant economic improvements worldwide. The cooling of global commodity price inflation prompted major central banks in large economies to lower interest rates in the second half of 2024. This was accompanied by the outcome of the U.S. presidential election at the end of 2024.

The overall global economic growth rate was 3.2% GDP (according to the International Monetary Fund - IMF and the Organisation for Economic Co-operation and Development - OECD), showing a slight decrease compared to 3.3% in 2023.

❖ Regarding Vietnam's Economy

In 2024, Vietnam's economy operated amid a gradually recovering global economy, yet global trade remained unstable, facing numerous risks and uncertainties. Geopolitical instability and military conflicts caused fluctuations in fuel prices, raw material costs, and freight rates, leading to extended delivery and transportation times. These factors exerted pressure on inflation and contributed to the slowdown of global economic growth.

Climate change, extreme weather events, and unfavorable crop conditions in major food-producing regions have led to a continuous increase in global food prices over several months. Despite these challenges, Vietnam remained a bright spot in the global economic landscape and continued to enhance its international standing. Vietnam's economy achieved several remarkable milestones, including:

- GDP reached 476.3 billion USD, marking a 7.09% increase compared to 2023, surpassing the National Assembly's target, ranking 33rd globally, with a per capita income of 4,700 USD.
- FDI disbursed in Vietnam in 2024 was estimated at 25.35 billion USD, up 9.4% compared to 2023, reaching an all-time high. This includes total newly registered capital, adjusted registered capital, and the value of capital contributions and share purchases by foreign investors.

- The Consumer Price Index (CPI) for 2024 increased by 3.63% compared to 2023, meeting the target set by the National Assembly.
- In 2024, the total import and export turnover of goods reached 786.29 billion USD, an increase of 15.4% compared to 2023, in which exports increased by 14.3%, and imports increased by 16.7%. The trade balance recorded a surplus of 24.77 billion USD. Thus, Vietnam's import and export activities in 2024 achieved the set targets. The total export turnover of goods in 2024 reached 405.53 billion USD, up 14.3% compared to the previous year. The total import turnover of goods in 2024 reached 380.76 billion USD, up 16.7% compared to the previous year.

The service trade balance in 2024 recorded a deficit of 12.34 billion USD./.

2. Evaluation of the Vietnamese Steel Industry

- The Vietnamese steel industry continues to align with the global sustainable development strategy by promoting the production and use of environmentally friendly products, especially following the Vietnamese Government's commitment at COP26 to achieve net-zero carbon emissions by 2050.
- In 2024, the Vietnamese steel market showed signs of recovery with steady growth observed month by month and quarter by quarter. Inflation remained below the target level, key economic balances were maintained, and performance across many critical sectors achieved or exceeded set objectives, making Vietnam a bright spot in economic growth both regionally and globally.

The Government has implemented public investment stimulus measures and provided support for the real estate market, contributing to boosting steel consumption demand.

- Throughout 2024, the production and sales of finished steel products recorded the following results:
 - + Finished steel production reached 29.443 million tons, down 6.1% compared to the same period in 2023. Among them, metal-coated and color-coated steel recorded the highest increase at 23.1%, construction steel increased by 10.1%, steel pipes increased by 3.5%, and HRC increased by 1.4%. Only cold-rolled coil recorded negative growth, decreasing by 19.4%.
 - + Sales of finished steel products reached 29.09 million tons, up 10.4% compared to the same period. Among them, cold-rolled coil (CRC) saw the highest increase at 34.6%, metal-coated and color-coated steel increased by 26.9%, construction steel increased by 9.3%, steel pipes increased by 5.5%, while hot-rolled coil (HRC) decreased by 3.3% compared to the same period in 2023.
 - + Exports of finished steel products in 2024 reached 8.042 million tons, slightly down by 0.6% compared to the same period in 2023. Among these, all product categories recorded growth except for hot-rolled coil, which decreased by 3.3%.
 - + For construction steel: Throughout 2024, production reached 11.735 million tons, an increase of 10.1% compared to the same period in 2023. Sales reached 11.916 million tons, an increase of 9.3% compared to the same period in 2023. Notably, exports reached 1.942 million tons, marking an 11.8% increase over the same period in 2023.

- + Regarding hot rolled coil: In 2024, hot-rolled coil production reached 6.829 million tons, an increase of 1.5% compared to the same period in 2023. Sales reached 6.581 million tons, down 3.3% compared to the same period in 2023. Of this, exports reached 2.254 million tons, a decrease of 33.8% compared to the same period in 2023.
- + Regarding steel pipe products: In 2024, production reached nearly 2.464 million tons, an increase of 3.5% compared to the same period in 2023. Sales reached 2.554 million tons, an increase of 5.5% compared to the same period in 2023, of which export volume reached 318 thousand tons, an increase of 16% compared to the same period in 2023

3. Evaluation of the Company's operations in 2024

In 2024, despite going through unstable periods of the socio-economic situation in general and the steel industry market in particular, the Board of Directors directed the Executive Board and affiliated units to be flexible and creative in operating production and business activities, in order to consolidate a stable foundation and overcome difficulties and challenges. At the end of 2024, with the efforts of the Board of Directors and the Executive Board, the Company recorded business results, specifically as follows:

3.1 Implementation results in 2024 compared to the plan are as follows:

No.	Item	Unit	Plan	Result	% completion
1	PARENT COMPANY				
1.1	Revenue	Billion VND	4,300	4,401.6	102.4%

3.3 *For the field of office leasing*

- For Office and Apartment Leasing: In general, in the context of many economic difficulties, office and apartment leasing also faces many difficulties in finding customers. However, in 2024, Viet Duc Financial Building still maintains 100% of office leasing area and 89% of apartment leasing area. For the Commercial Center and Office for lease in 2023, leasing partners have been found with an occupancy rate of 100%.

3.4 *For Viet Duc Legend City Urban Area Project*

Project implementation status up to now

In 2024, due to objective circumstances related to changes in the local personnel structure, the Company has strategically focused on the execution of key project initiatives as follows:

For the Phase 1 of the Project:

- Completed procedures for adjusting land allocation according to the adjusted 1/500 planning, and the Provincial People's Committee issued Decision No. 341/QĐ-UBND dated February 23, 2024 on adjusting project land allocation according to the adjusted 1/500 planning.
- Completed the project design review and the Fire and Rescue Police Department under the Ministry of Public Security approved the Fire Prevention and Fighting design for Technical Infrastructure Phase 1 including: Traffic roads serving fire trucks and Outdoor fire water supply system in Certificate No. 509/TĐ-PCCC dated February 06, 2024.
- Completed the implementation of construction design drawings and the project has been granted a Construction Permit for items of the Technical Infrastructure including Construction Permits No. 01/GPXD dated April 22, 2024 and No. 02/GPXD dated July 10, 2024.
- The project was approved by the Standing Committee of the Provincial Party Committee and the Provincial People's Committee in policy to allow investment in renovating sidewalks and trees on Route 100, the section passing through the Project (to create landscape and facilitate the Project in the next implementation process) in Conclusion No. 230/KL-TU dated December 20, 2024.
- Regarding site clearance and compensation, the Company has been actively coordinating with relevant authorities to complete compensation and land clearance for the remaining area of Phase I. This effort aims to facilitate the full handover of the remaining land in Phase I and finalize the additional land use fee calculations to fulfill the Company's financial obligations for this phase. For Phase II site clearance, as of now, 3.85 hectares have been cleared out of the total planned 34 hectares. The Company remains committed to working closely with stakeholders to expedite the process and ensure smooth project implementation.

Regarding the Implementation of Low-Rise Residential Developments (Phase 1) & Social Housing:

- Successfully completed the development of the project's brand identity and social housing identity system to ensure consistency and market positioning.
- Finalized the marketing and communication strategy for Phase 1 low-rise residential units and social housing, aligning with the project's overall branding and target audience.

- Completed fire prevention and fighting (PCCC) approval procedures and obtained the construction permit, ensuring full compliance with safety regulations and legal requirements.

Part 2: TASK PLAN FOR 2025

1. Market outlook for the steel industry in 2025

The steel industry went through 2024 facing numerous challenges and uncertainties,

including intense strategic competition, military conflicts, increasing political instability, slow global economic recovery, and the impact of non-traditional security challenges on national and regional development. Domestically, political and social stability was maintained, and the socio-economic situation in 2024 showed positive trends. Various sectors achieved significant results, contributing to GDP growth for the entire year. The total consumption of finished steel products in the domestic market witnessed growth due to signs of economic recovery and improvement over the months and quarters, lower inflation than the target, and the assurance of major economic balances.

Looking ahead to 2025, environmental protection regulations are expected to become more stringent, requiring the steel industry to transition towards a green and sustainable production model. Large enterprises will need to make substantial investments in modern production technologies that enhance energy efficiency and reduce emissions. The adoption of green technologies will not only help businesses meet international market requirements but also lead to long-term cost savings, improved production efficiency, and enhanced competitiveness. According to the Vietnam Steel Association (VSA), Vietnam's steel demand in 2025 is forecasted to range between 29 and 40 million tons. The average steel consumption per capita in Vietnam currently stands at approximately 160 kg per person (with GDP per capita growth projected between 6% and 7.5%). According to the Steel Association, 2025 is identified as a year of special significance, marked by key highlights that will drive strong growth and contribute to ushering the country into a new era. Government policies on support, reconstruction, and public investment in transportation infrastructure projects in 2025 will also help increase the demand for steel.

2. Business plan for 2025

Based on industry forecasts for 2025 and the achievements of 2024, the Board of General Directors of the Company submits the following business plan to the General Meeting of Shareholders:

No.	Criteria	Unit	Parent company	Consolidated
1	Revenue	Billion VND	4,000	6,700
2	Profit before tax	Billion VND	58.5	94.6

Other plans for 2025:

- Continue refining the operational structure from the Parent Company to its subsidiaries, factories, and representative offices, ensuring effective management, governance, and control across the entire system.
- Enhance the overall efficiency of the Company while restructuring and reallocating product categories and the distribution customer network for each representative office.
- Implement a strategic marketing and brand promotion plan that is reasonable, diverse, and creative, integrating with community-oriented events, sponsorships, and charitable activities to strengthen and promote the strong and friendly image of the Vietnam Germany Steel brand.

- Improve management efficiency and control by establishing and applying standards, key performance indicators, policies, and a reasonable, flexible salary and bonus mechanism.
- Strengthen and optimize business operations, ensuring efficiency, transparency, and streamlined processes in all production and business activities. Research and apply information technology systems for production management.
- Optimize production capacity, improve product quality; renovate machinery and equipment by replacing with new technologies; reduce production costs, and ensure a rational, efficient, and professional supply chain operation.
- Maintain effective inventory management, continuously monitor domestic and international market trends to make timely and flexible decisions.
- Continue to enhance product and service quality, maintaining the Company's position in the TOP 4 largest steel pipe manufacturers in Vietnam.
- Focus on improving the quality, expertise, skills, and responsibilities of the workforce, ensuring an optimized, efficient, and professional human resource structure aligned with the Company's corporate culture.
- Finalize the legal procedures for the Vietnam Germany Legend City Urban Area Project, with plans to commence construction of the social housing project in April 2025.
- Focus on completing the site clearance for the remaining area of Phase 1, as well as fulfilling the project's financial obligations to the local authorities (if any) to receive the full handover of 100% of the commercial land area in Phase 1. This will serve as the foundation for initiating business activities for the low-rise residential units and social housing in Phase 1.
- Prioritize the construction of the remaining technical infrastructure in the Eastern subzone and commence infrastructure development in the Western subzone, along with the low-rise residential units and social housing in Phase 1.
- Collaborate closely with relevant authorities to implement the site clearance process for Phase II.

This Report on 2024 Business Performance and the 2025 Development Plan is respectfully submitted to the Annual General Meeting of Shareholders 2025 for consideration and approval.

3. Orientation plan for 2025

In the face of many political and economic fluctuations in the world directly related to the Steel industry such as Trade protection policies, the Russia-Ukraine war, the cooling of global commodity prices, inflation, and the central banks in major economies lowering interest rates in the second half of 2024, global environmental policies in green transformation, the trend of producing and using environmentally friendly products in the global sustainable development strategy, especially with the commitment of the Vietnamese Government at COP26 on zero net carbon emissions by 2050, etc., will pose many difficulties for the Steel industry.

The BOD of the Company believes that 2025 will be a year of many difficulties and challenges. Therefore, the Board of Directors is determined to always be ready to face unpredictable fluctuations in the economy in general and the steel industry in particular. Therefore, in 2025, the BOD will focus on the following main contents:

No.	Criteria	Unit	Parent company	Consolidated
1	Revenue	Billion VND	4,000	6,700
2	Profit before tax	Billion VND	58.5	94.6

- Focus on starting construction of the Social Housing area in April 2025. Proceed with the construction of technical infrastructure works and low-rise residential buildings (Phase 1) of the Project in accordance with the Construction Permit and the resolutions approved by the General Meeting of Shareholders, ensuring compliance with legal regulations. Continue the process of compensation and site clearance for the remaining land area under Phase 1 and Phase 2 of the Project.
- Strengthen the quality management system, build an inventory management structure. Tighten and continuously check the cost reduction in production and in the operation of the whole Company.
- Direct the organization of production and business activities, develop markets and customers; Increase quality and service efficiency; Increase output and labor productivity; promote business development.
- Arrange short-term and medium-term credit facilities with banks/financial institutions totaling approximately 1,500 billion VND, based on past, ongoing, and upcoming credit transactions approved to support the Company's business operations.

- Maintain the management system, Financial reporting and provide timely and accurate reporting information for the BOD to direct and operate the works effectively.
- Direct information disclosure fully, promptly and in accordance with the provisions of the Law.

The above content is the Report of activities of the BOD in 2024 and Plan for 2025; respectfully submitted to the General Meeting of Shareholders for consideration and approval.

ON BEHALF OF THE BOARD OF DIRECTORS

CHAIRPERSON

LE MINH HAI

Hanoi, date 05 month 04 year 2025

**REGULATIONS ON THE ELECTION
OF THE BOARD OF DIRECTORS' MEMBERS
AT THE 2025 ANNUAL GENERAL MEETING OF SHAREHOLDERS**

- Pursuant to the Law on Enterprises No. 59/2020/QH14 passed by the 14th National Assembly of the Socialist Republic of Vietnam on June 17, 2020 ("Law on Enterprises");
- Pursuant to the Law on Securities No. 54/2019/QH14 passed by the 14th National Assembly of the Socialist Republic of Vietnam on November 26, 2019 ("Law on Securities");
- Pursuant to Decree No. 155/2020/ND-CP of the Government dated December 31, 2020, detailing the implementation of a number of articles of the Law on Securities ("Decree No. 155");
- Pursuant to the Charter of Vietnam Germany Steel Pipe Joint Stock Company.

The election of additional members of the Board of Directors ("**BOD**") for the 2022 – 2026 term at the 2025 Annual General Meeting of Shareholders ("**AGM**") of Vietnam Germany Steel Pipe Joint Stock Company shall be conducted in accordance with the following regulations:

1. Eligible Voters

Shareholders holding voting shares ("**Shareholders**") and duly authorized representatives of shareholders holding voting shares ("**Shareholders' Representatives**") (according to the list of shareholders finalized on March 10, 2025).

2. Election Principles

- a. Ensure compliance with the law and the Charter of Vietnam Germany Steel Pipe Joint Stock Company;
- b. Ensure the principles of transparency, democracy, and the legitimate rights of all shareholders;
- c. Ensure the focus and organizational stability of the Annual General Meeting of Shareholders.

3. Number of BOD's Members

The number of additional Board of Directors' members to be elected for the 2022 – 2026 term at Vietnam Germany Steel Pipe Joint Stock Company is **one (01)** member.

4. Election Method

- a. The election of BOD's members at the General Meeting of Shareholders shall be conducted using the cumulative voting method.
- b. Each Shareholder/Shareholder's Representative will be provided with one (1) ballot to elect the BOD's members, with the total number of votes they are entitled to cast for BOD's members determined by multiplying the number of voting shares owned and/or represented by the number of BOD's members to be elected at the General Meeting.
- c. Upon receiving the ballot, the Shareholder/Shareholders' Representative must verify the total number of shares recorded on the ballot. If the total number of shares stated on the ballot does not match the total number of shares owned by

the Shareholder/Shareholders' Representative, the Shareholder/Shareholders' Representative must immediately notify the Vote Counting Committee for verification and timely resolution.

- d. Shareholders/Shareholder's Representatives vote for BOD's members by entering the corresponding number of votes for each candidate. The total number of votes cast for BOD's members on each ballot must not exceed the total number of votes they are entitled to cast for BOD's members. Shareholders/Shareholder's Representatives may allocate all or part of their total votes for BOD's members to one or multiple candidates.
- e. Shareholders/Shareholders' Representatives shall not vote for more candidates than the number of Board of Directors' members approved by the General Meeting of Shareholders;
- f. In the event that additional candidates arise on the day of the General Meeting, Shareholders/Shareholders' Representatives may contact the Vote Counting Committee to request a new ballot and must return the old ballot (before placing it in the ballot box).

5. Ballot

a. Contents of the Ballot

- (i) The ballot is a form that includes the shareholder code, shareholder's name, total number of shares owned and/or represented, total number of votes entitled to vote, and bears the company's seal;
- (ii) Each Shareholder/Shareholders' Representative shall receive one (01) ballot for electing the Board of Directors' members. Upon receiving the ballot, the Shareholder/Shareholders' Representative must verify the information stated on the ballot. If there are any discrepancies, they must immediately notify the Vote Counting Committee.

b. The instructions for filling out the ballot

The instructions for filling out the ballot are as follows:

- (i) Shareholders/Shareholders' Representatives may vote for a maximum number of candidates equal to the number of candidates to be elected;
- (ii) Shareholders/Shareholders' Representatives must clearly enter the number of votes in the "Number of Votes" box corresponding to each candidate.

6. A valid ballot must meet the following conditions:

- a. A valid ballot must be a pre-printed form issued by the Organizing Committee, without erasures, alterations, or additional content beyond what is prescribed for the ballot; it must include the signature and full name of the Shareholder/Shareholders' Representative.
- b. The ballot must be cast for candidates whose names are listed in the list of candidates announced at the General Meeting of Shareholders before the voting process begins. A ballot that does not vote for any candidate but still meets the conditions specified in Section 6.a shall still be considered a valid ballot.
- c. The total number of votes cast must be less than or equal to the total number of votes the Shareholder/Shareholders' Representative is entitled to for electing BOD's members.
- d. The ballot must not fall under any of the cases specified in Section 7 below.

7. Invalid Ballots:

- a. Ballots that are not issued by the Organizing Committee of the General Meeting of Shareholders;

CÔNG
CỔ PH
ÔNG T
ÉT-
V.G PI
YÊN-T

- b. The ballot does not bear the control seal of Vietnam Germany Steel Pipe Joint Stock Company and/or the shareholder code (for attendees) issued by the Organizing Committee of the General Meeting;
- c. Ballots that contain erasures, corrections, or additional entries (except for corrections or additions made to vote for a duly nominated candidate at the General Meeting) for candidates who are not included in the list of candidates announced at the General Meeting of Shareholders before the voting process begins;
- d. The ballot contains a total number of votes for the candidates that exceeds the total number of votes the shareholder is entitled to cast for BOD's members;
- e. Ballots that do not include the full name and signature of the Shareholder/Shareholders' Representative;
- f. Ballots submitted to the Vote Counting Committee after the Chairperson of the General Meeting announces the conclusion of the voting process and the ballot box has been sealed;

8. Regulations on Voting and Vote Counting:

- a. In case of any errors, Shareholders/Shareholders' Representatives may contact the Vote Counting Committee to request a new ballot and must return the old ballot (before placing it in the ballot box).
- b. Shareholders/Shareholders' Representatives shall place their ballots into the ballot box under the supervision of the Vote Counting Committee.
- c. After the voting process concludes, the Vote Counting Committee shall conduct the vote counting in a separate room/area.
- d. The Vote Counting Committee may use electronic technical equipment and technical experts to assist in the vote counting process.
- e. The voting process shall begin after the Chairperson announces the start of voting (after the Chairperson announces the list of candidates and the General Meeting of Shareholders has approved the Election Regulations) and shall end after the Chairperson announces the conclusion of the voting process (after the Chairperson inquires whether there are any shareholders who have not voted, and no shareholder raises any objections), except in cases where the Working Regulations of the 2025 Annual General Meeting of Shareholders provide otherwise.
- f. Verify the validity of the Ballots and proceed with the vote counting.
- g. Upon completion of the vote counting, the Vote Counting Committee shall prepare a Vote Counting Record. The Head of the Vote Counting Committee shall announce the Vote Counting Record before the General Meeting.
- h. Ballots, after being counted, shall be stored in accordance with the applicable regulations.

9. Principles for Selecting Elected Candidates for BOD's Members

- a. The elected candidate for BOD's members shall be determined based on the number of votes received, ranked from highest to lowest according to the regulations, and must ensure that the elected candidate achieves more than 50% of the total votes with voting rights from all shareholders who are present in person or represented by an authorized delegate at the General Meeting and vote in favor.
- b. In the event that two or more candidates receive the same number of votes for the final BOD's position, a re-election shall be conducted among the candidates with the tied votes. The candidate with the highest number of votes in the re-election shall be elected.

- c. If the initial election does not result in the required number of BOD's members being elected, additional rounds of voting shall be conducted until the required number of members is elected.
- d. Any arising issues (if any) will be submitted to the shareholders for consultation directly at the General Meeting. Complaints regarding the election and vote counting at the General Meeting will be reported by the Chairperson to the General Meeting of Shareholders for consultation and recorded in the minutes of the General Meeting of Shareholders.

10. Effectiveness

- a. These Election Regulations shall be publicly announced before the General Meeting of Shareholders and submitted for voting by all shareholders prior to the election process.
- b. If approved by the General Meeting of Shareholders, these Election Regulations shall become effective and binding on all shareholders attending the meeting. In case of any differences or conflicts between the content of these regulations and other internal regulations of the company, these regulations shall take precedence.

Continue the process of compensation and site clearance for the remaining land area under Phase 1 and Phase 2 of the Project.

IV. Matters for Shareholder Approval for the Project

The Board of Directors respectfully submits the following matters for approval by the General Meeting of Shareholders:

- a. Approval to use equity capital formed from retained earnings as of December 31, 2024, to contribute to the investment in Phase I and Phase II of the Project, and use the net profit after tax from subsequent years' business operations and from the sale of Phase 1 products to invest in Phase II to ensure the investor's equity ratio as required by law. In the event that the company's profits are insufficient, approval is requested to use various capital mobilization channels to implement the project, such as: borrowing from financial institutions and/or issuing shares to existing shareholders and/or offering public share issuance to raise capital for the company's investment in the project, and/or seeking secondary investors to contribute capital for part of the project.
- b. The tasks, procedures, and transactions related to the preparation phases of the investment, organization of construction investment for the Project, and business activities related to the products formed from the Project, the Board of Directors shall, based on the Investment Delegation Regulations for Real Estate Projects approved by the General Meeting of Shareholders, proactively organize and implement them.
- c. Approval of Investment in the Construction of the Components as outlined in Section III of this Proposal. The Board of Directors is authorized to proactively seek and negotiate with commercial banks and decide on the terms of credit contracts, mortgage contracts, etc., including but not limited to the following: loan limits, loan duration, interest rates, collateral, and other conditions, ensuring the company's best interests.

Additionally, for other loan packages, in cases where it is necessary to optimize financial solutions for the Project's investment activities, the General Meeting of Shareholders agrees to delegate the Board of Directors the authority to proactively negotiate with commercial banks and decide on the terms of credit contracts, mortgage contracts, etc., including but not limited to the contents regarding loan settlement, signing new loan agreements, ensuring the best interests of the Company.

Respectfully submitted for the General Meeting of Shareholders' consideration and approval.

Sincerely./.

5. Evaluation of the Coordination Between the Board of Supervisors, the Board of Directors, the General Director, and Shareholders.
6. Proposals and recommendations to the General Meeting of Shareholders regarding the approval of the list of approved auditing firm to inspect the Company's operations when deemed necessary.

Article 15. Salary, Remuneration, Bonuses, and Other Benefits of the Board of Supervisors Members

1. The salaries, remuneration, bonuses, and other benefits of the BOS members shall be determined as follows:
 - The BOS members shall be paid salaries, remuneration, bonuses, and other benefits as decided by the General Meeting of Shareholders. The General Meeting of Shareholders shall determine the BOS's total annual budget for salaries, remuneration, bonuses, and operational expenses.
 - The BOS members shall be reimbursed for reasonable expenses related to meals, accommodation, travel, and the use of independent consulting services. The total remuneration and expenses shall not exceed the annual operating budget of the BOS approved by the General Meeting of Shareholders, unless otherwise decided by the General Meeting of Shareholders.
2. Salaries and operating expenses of the BOS shall be accounted for as business expenses of the Company in accordance with corporate income tax regulations and other relevant laws. These expenses must be presented as a separate item in the Company's annual financial statements.

Article 16. Disclosure of Related Benefits

1. The Board of Supervisors members must declare to the Company any related benefits, including:
 - The name, enterprise code, head office address, and business sector of any enterprise in which they hold ownership or shares, as well as the percentage and date of such ownership;
 - The name, enterprise code, head office address, and business sector of any enterprise in which their stakeholders hold joint or individual ownership of more than 10% of the charter capital
2. The declaration under Clause 1 of this Article must be made within 07 working days from the date the related benefit arises. Any modifications or additions must be reported to the Company within 07 working days from the date of the corresponding change.
3. Board of Supervisors members and their stakeholders may only use information obtained through their positions for the benefit of the Company.

**VIET NAM GERMANY STEEL PIPE JOINT STOCK
COMPANY (VGPIPE)
PREMIUM EUROPEAN QUALITY**

4. Board of Supervisors members must provide written notice to the Board of Directors and the Board of Supervisors regarding transactions between the Company (including its subsidiaries and other companies in which the Company holds more than fifty percent (50%) of the charter capital) and the Board of Supervisors member or their stakeholders, as required by law. If such transactions are approved by the General Meeting of Shareholders or the Board of Directors, the Company must disclose information regarding these resolutions in accordance with securities law regulations on information disclosure.
5. Board of Supervisors members and their stakeholders must not use or disclose internal information to others for conducting related transactions.

CHAPTER VI – RELATIONSHIPS OF THE BOARD OF SUPERVISORS

Article 17. Relationship Among Members of the Board of Supervisors

- Members of the Board of Supervisors maintain an independent relationship, not dependent on one another, but coordinate and collaborate in their collective work to ensure the effective execution of the responsibilities, rights, and obligations of the Board of Supervisors as stipulated by law and the Company's Charter.
- The Head of the Board of Supervisors is responsible for coordinating the overall work of the Board but does not have authority over other members of the Board of Supervisors.
