Mr. Dang Xuan Huu - Director general

## REPORT OF THE BOARD OF DIRECTORS

*For the accounting period ending March 31, 2025*

---

### 4. Commitment of the Director General

The Director general of the Company is responsible for the preparation of the financial statements which give a true and fair view of the financial position of the Company as of March 31, 2025 as well as its results of operation and cash flows for the year then ended. In order to prepare these financial statements, the Director has considered and complied with the following matters:

- Selected appropriate accounting policies and applied them consistently;
- Made judgments and estimates that are reasonable and prudent;
- The financial statements of the Company are prepared on a going concern basis unless it is inappropriate to presume that the Company will continue in business.J63

The Director general is responsible for ensuring that proper accounting records are kept, which disclose, with reasonable accuracy at any time, the financial position of the Company and that the financial statements are prepared in compliance with the accounting policies stated in the Notes to the Financial Statements. The Director general is also responsible for safeguarding the assets of the Company and thus taking reasonable steps for the prevention and detection of fraud and other irregularities.

### 5. Approval of the Financial Statements

In the opinion of the Board of Management, the financial statements consisting of Balance Sheet as at March 31, 2025, Income Statement, Cash Flow Statement and Notes to the Financial Statements enclosed with this report give a true and fair view of the financial position of the Company as well as its operating results and cash flows for the fiscal year ended March 31, 2025.

The financial statements are prepared in compliance with Vietnamese Accounting Standards and the Vietnamese Accounting System.

**II. ACCOUNTING PERIOD AND REPORTING CURRENCY****1. Fiscal year**

The fiscal year is begun on January 01 and ended December 31 annually.

**2. Reporting currency**

Vietnam Dong (VND) is used as a currency unit for accounting records.

**NOTES TO THE FINANCIAL STATEMENTS***For the accounting period ending March 31, 2025**Unit: VND***III. ADOPTION OF ACCOUNTING STANDARDS AND POLICIES****1. Applicable Accounting System**

The Company applies Vietnamese Accounting Standards, Corporate Accounting System issued under Circular No. 200/2014/TT-BTC dated December 22, 2014, Circular No. 53/2016/TT-BTC dated March 21, 2016 on amending and supplementing a number of articles of Circular No. 200/2014/TT-BTC and circulars guiding the implementation of accounting standards of the Ministry of Finance in preparation and presentation of the financial statements.

**2. Disclosure of compliance with Vietnamese Accounting Standards and the Vietnamese Accounting System**

We conducted our accounting, preparation and presentation of the financial statements in accordance with Vietnamese Accounting Standards and other relevant statutory regulations. The financial statements give a true and fair view of the state of affairs of the Company and the results of its operations as well as its cash flows.

**IV. APPLICABLE ACCOUNTING POLICIES****1. Principles for recording cash and cash equivalents**

Cash includes cash and demand deposit

**2. Principles for accounting financial investments****Investment in subsidiary**

Investments in subsidiaries are recognized when the Company holds more than 50% of the voting rights and has the power to govern the financial policies and activities so as to obtain economic benefits from the activities of that company. When the Company no longer holds control over the subsidiary, investments in subsidiaries are written down.

Provision for loss of investment in subsidiaries is made when businesses who receive investment capital suffer from loss causing the possibility to lose capital or when the value of investments in subsidiaries is impaired. The financial statements of the investee are the base for making provision for loss of investment.

**Method of establishing investment loss reserve**

Investments that the company holds for the long term (not classified as trading securities) and does not have significant influence over the investee, the provision is made based on the error recorded in the financial statements of the third party.

**3. Principles for recording trade receivables and other receivables****Principle for recording receivables: At original cost less provision for doubtful debts.**

The classifying of the receivables as trade receivables, inter-company receivables and other receivables depends on the nature of the transaction or relationship between the company and debtor.

**Method of making provision for doubtful debts:** Provision for doubtful debts is estimated for the loss value of the receivables, other held-to-maturity investments similar to doubtful debts that are overdue and undue, but are likely to become possibly irrecoverable due to insolvency of debtors who go bankrupt, making procedures for dissolution, go missing or run away....

**NOTES TO THE FINANCIAL STATEMENTS***For the accounting period ending March 31, 2025**Unit: VND***4. Principles for recording inventories**

Inventories are stated at original cost less (-) the provisions for the decline in value of inventories and obsolete, deteriorated inventories.

**Original costs are determined as follows:**

The original cost of materials, merchandises consists of costs of purchase, costs of transportation and other costs incurred in bringing the inventories to their present location and condition.

**Method of calculating inventories' value:** Weighted average method.

**Method of accounting for the inventories:** Perpetual method.

**Method of making provision for decline in value of inventories:** Provision for decline in value of inventories is made when the net realisable value of inventories is lower than their original cost. Net realisable value is the estimated selling price less the estimated costs of completion and selling expenses. Provision for decline in value of inventories is the difference between the cost of inventories greater than their net realisable value. Provision for decline in value of inventories is made for each inventory with the cost greater than the net realisable value.

**5. Principles for recording liabilities**

Liabilities are recorded at original cost and not lower than the payment obligation.

Liabilities shall be classified into trade payables, inter-company payables and other payables depending on the nature of transactions and relationship between the Company and debtors.

Liabilities must be kept records in detail according to payment schedule, creditor, type of original currency and other factors according to requirements of the enterprise.

At the reporting date, if it is evident that there is an unavoidable loss, an amount payable shall be recorded according to cautious rules.

**6. Principles for recording owner's Equity****Principles for recording owner's paid-in capital**

The paid-in capital is the amount that is contributed by members and supplemented from the profit after tax. The owners' equity will be recorded at the actual contributed capital by cash or assets in the early establishment period or additional mobilization to expand operation.

**Principles for recognising undistributed profit**

The undistributed profit is recorded at the profit (loss) from the Company's result of operation after deducting (-) the current year corporate income tax and the adjusted items due to the retroactive application of changes in accounting policy and adjustments for material misstatement of the previous year.

The distributing of profit is based on the charter of the Company and approved by the annual shareholder meeting.

**7. Compulsory insurance and salary policies**

Salaries are calculated and deducted to be included in the annual expenses according to the Company's regulations on salaries and labor contracts. Accordingly, social insurance, health insurance, and unemployment insurance are in accordance with the regulations (circulars) issued by the Ministry of Labor, War Invalids and Social Affairs and changed from time to time in 2025.

**NOTES TO THE FINANCIAL STATEMENTS***For the accounting period ending March 31, 2025**Unit: VND***8. Principles for recording revenues****Revenue from goods sold**

Revenue from the sale of good should be recognised when all the five (5) following conditions have been satisfied: 1) The enterprise has transferred to buyer the significant risks and rewards of ownership of the goods; 2) The enterprise retains neither continuing managerial involvement as an owner nor effective control over the goods sold; 3) The amount of revenue can be measured reliably. When the contract specifies that buyers are entitled to return products, goods they have bought under specific conditions, the enterprise will record the revenue only when those conditions no longer exist and the buyers do not have right to return products, goods (except for changing to other goods, services); 4) The economic benefits associated with the transaction has flown or will flow to the enterprise; 5) The costs incurred or to be incurred in respect of the transaction can be measured reliably.

**Revenue from financial income**

Financial incomes include interests, distributed dividends and profits and income from other financing activities.

Income arising from interests, royalties, distributed dividends and profits of the enterprises shall be recognized if they simultaneously satisfy the two (2) conditions below 1. It is possible to obtain economic benefits from the concerned transactions; 2. Income is determined with relative certainty.

- Interests recognized on the basis of the actual time and interest rates in each period

When an amount which has been recorded as an income becomes irrecoverable, such irrecoverable or uncertainly recoverable amount must be accounted as expense incurred in the period, but not recorded as income decrease.

**9. Principles and method of recording cost of goods sold**

Cost of goods sold is the cost of products, goods, services recorded in the cost of goods sold or recorded a decrease in the cost of goods sold in reporting period. The cost of goods sold is recorded at the date the transaction incurs or likely to incur in the future regardless payment has been made or not. The cost of goods sold and revenue shall be recorded simultaneously on conformity principles.

**10. Principles and methods of recording taxes**

Current tax: is the tax payable on the taxable income and tax rate enacted in current year in accordance with the law on corporate income tax.

Deferred income tax liabilities are the amounts of income tax payable in the future periods arising from the recording of the deferred income tax payable in the year and reversing the deferred income tax being recorded from prior years. The Company does not record in this account the deferred income tax assets or deferred income tax liabilities arising from the transactions being recorded directly in the owners' equity.

Deferred income tax asset is the reduction of deferred tax payable arising from the recording of the deferred income tax payable in the year and reversing the deferred income tax being recorded from prior years.

Deferred income tax assets and deferred income tax liabilities are offset when the Company has the legal right to offset current income tax assets against current income tax liabilities and the deferred income tax assets and deferred income tax liabilities are relevant to corporate income tax which is under the management of one tax authority of the same subject to corporate income tax and the Company has intention to pay current income tax liabilities and current income tax assets on a net basis.

The tax amounts payable to the State budget will be finalized with the tax office. Differences between the tax amounts payable specified in the book and the tax amounts under finalization will be adjusted when the tax finalization has been issued by the tax office.

The Company pays tax at 20%.

**NOTES TO THE FINANCIAL STATEMENTS***For the accounting period ending March 31, 2025**Unit: VND***11. Financial instruments****Initial recognition****Financial assets**

According to Circular No. 210/2009/TT-BTC dated November 06, 2009 (Circular No. 210), financial assets are classified properly, for the purpose of presentation in the financial statements, into the financial assets which are stated at fair value through the Income Statement, loans and receivables, held-to-maturity investments and available-for-sale financial assets. The Company decides to classify these assets at the date of initial recognition.

At the date of initial recognition, the financial assets are recognized at cost plus transaction cost that are directly attributable to the acquisition of the financial assets.

Financial assets of the Company comprise cash, demand deposit, trade accounts receivables, loan and other receivables.

**Financial liabilities**

According to Circular 210, financial assets are classified properly, for the purpose of presentation in the financial statements, into the financial liabilities which are stated at fair value through the Income Statement, financial liabilities determined on amortised cost basis. The Company decides to classify these liabilities at the date of initial recognition.

At the date of initial recognition, the financial liabilities are recognized at cost plus transaction cost that are directly attributable to the acquisition of the financial liabilities.

Financial liabilities of the Company comprise trade payables, accrued expenses, other payables and liabilities.

**Re-measurements after initial recognition**

Currently, there are no requirements for the re-measurement of the financial instruments after initial recognition.

**Offsetting**

Financial assets and financial liabilities are offset and the net amount reported in the report on financial position if, and only if, there is a currently enforceable legal right to offset the financial assets against financial liabilities or vice-versa and there is an intention to settle on a net basis or to realize the assets and settle the liability simultaneously.

**12. Related parties**

Related parties include: Enterprises and individuals that directly, or indirectly through one or more intermediaries, control, or are controlled by, or are under common control with the Company. Associates and individuals owning, directly or indirectly, an interest in the voting power of the Company that gives them significant influence over the enterprise, key management personnel, including directors and officers of the Company and close members of the family of these individuals and companies associated with these individuals also constitute related parties. In considering each possible related party relationship, attention is directed to the substance of the relationship, and not merely the legal form.
