## NOTES TO THE SEPARATE FINANCIAL STATEMENTS

These notes form an integral part of and should be read in conjunction with the accompanying consolidated financial statements.

### 1 Reporting entity

#### (a) Ownership structure

Minh Phu Seafood Joint Stock Company ("the Company") is a joint-stock company incorporated under Business Registration Certificate No. 6103000072 issued by the Planning and Investment Department of Ca Mau Province dated 12 May 2006.

According to Decision No. 813/QĐ-SGDHN dated 27 September 2017, the Company was approved by Hanoi Stock Exchange to register its shares for trading on the Unlisted Public Company Market ("UPCoM") with trading code as MPC.

The consolidated financial statements of the Company for the period ended 31 March 2025 comprise the Company and its subsidiaries (collectively referred to as the "Group"), and the Group's interests in associates.

#### (b) Principal activities

The principal activities of the Group are to process and trade aquatic products; to trade aquatic breeds and aquatic foods; and to trade machinery and equipment for aquaculture.

#### (c) Normal operating cycle

The normal operating cycle of the Company is generally within 12 months.

#### (d) The Group's structure

As at 31 March 2025, the Company had 16 subsidiaries and 2 associates (1/1/2025: 16 subsidiaries and 2 associates) as follows:

STT	Subsidiaries	Principal activities	% of economic interest	
			31-Mar-25	1-Jan-25
1	Mseafood Corporation (*)	To trade aquatic products.	90,0%	90,0%
2	Minh Phu Hau Giang Seafood Joint Stock	To process and trade fish powder, aquatic products, bio-diesel fuel from fish oil; to trade goods, materials, machinery and equipment aquaculture; to invest and trade infrastructure; to conduct construction of civil and industrial works.	98,27%	98,27%
3	Minh Qui Seafood Co., Ltd.	To process and trade aquatic products, import materials, machinery and equipment for aquaculture.	97,5%	97,5%
4	Minh Phat Seafood Co., Ltd.	To process and trade aquatic products, import materials, machinery and equipment for aquaculture.	99,17%	99,17%
5	Minh Phu – Kien Giang Seafood Co., Ltd.	To breed aquaculture products; to process, preserve aquatic products; to produce aquatic breeds; and to trade machinery and equipment for aquaculture.	99,89%	99,89%

13	Minh Phu Seafood Export Co., Ltd.	To trade aquatic products.	100,0%	100,0%
14	Otanics Technology Joint Stock Company	Scientific research and technology development.	51,00%	51,00%
15	Minh Phu Shrimp Green Feed Co., Ltd	To construct container terminal, petrol and gas terminal; to trade gas, petrol; trade in machinery and equipment for production.	99,95%	99,95%
16	Minh Phu Mangrove Shrimp Social Co., Ltd.	To breed aquacultural products; to produce and trade aquatic food; to provide consulting service on breeding aquacultural products and processing aquatic products.	66.667%	45,43%

(\*) Mseafod Corporation is incorporated in the State of California, USA. Ebisumo Logistic Co., Ltd. is incorporated in Japan. Other subsidiaries are incorporated in Vietnam.

#### List of affiliated companies

As at 31 March 2025, the Company has 2 associates, detailed in Note 6(c),  
Minh Phu Aquamekong Co., Ltd.  
Mekong Logistics Joint Stock Company

## 2 Basis of preparation

### (a) Statement of compliance

These consolidated financial statements have been prepared in accordance with Vietnamese Accounting Standards, the Vietnamese Accounting System for enterprises and the relevant statutory requirements applicable to financial reporting.

### (b) Basis of measurement

The consolidated financial statements, except for the consolidated statement of cash flows, are prepared on the accrual basis using the historical cost concept. The consolidated statement of cash flows is prepared using the indirect method.

### (c) Annual accounting period

The annual accounting period of the Group is from 1 January to 31 December.  
The consolidated financial statements for the first quarter of 2025 begin on January 1, 2025 and end on March 31, 2025.

### (d) Accounting and presentation currency

The Company's accounting currency is Vietnam Dong ("VND"), which is also the currency used for financial statements presentation purpose.

## 3 Summary of significant accounting policies

The following significant accounting policies have been adopted by the Group in the preparation of these consolidated financial statements.

### (a) Basis of consolidation

#### (i) Subsidiaries

Subsidiaries are entities controlled by the Group. The financial statements of the subsidiaries are included in the consolidated financial statements from the date that control commences until the date that control ceases.

#### (ii) Non-controlling interests

Non-controlling interests ("NCI") are measured at their proportionate share of the acquiree's identifiable net assets at date of acquisition.

Changes in the Group's interest in a subsidiary that do not result in a loss of control are accounted for as transactions with owners. The difference between the change in the Group's share of net assets of the subsidiary and any consideration paid or received is recorded directly in retained profits under equity.

(iii) **Associates**

Associates are those entities in which the Group has significant influence, but not control, over the financial and operating policies.

Associates are accounted for using the equity method. They are initially recognised at cost, which includes transaction costs. Subsequent to initial recognition, the consolidated financial statements include the Group's share of the profit or loss of the associates, after adjustments to align the accounting policies with those of the Group, from the date that significant influence commences until the date that significant influence ceases. The carrying amount of investments in associates is also adjusted for the alterations in the investor's proportionate interest in the associates arising from changes in the associate's equity that have not been included in the income statement (such as revaluation of fixed assets, or foreign exchange translation differences etc.).

When the Group's share of losses exceeds its interest in an associate, the carrying amount of that interest (including any long-term investments) is reduced to nil and the recognition of further losses is discontinued except to the extent that the Group has an obligation or has made payments on behalf of the associates.

(iv) **Transactions eliminated on consolidation**

Intra-group balances, transactions and any unrealised income and expenses arising from intra-group transactions, are eliminated in preparing the consolidated financial statements. Unrealised gains and losses arising from transactions with associates are eliminated against the investment to the extent of the Group's interest in the associates.

(b) **Foreign currency**

(i) **Foreign currency transactions**

Transactions in currencies other than VND during the year have been translated into VND at rates approximating actual rates of exchange ruling at the transaction dates.

Monetary assets and liabilities denominated in currencies other than VND are translated into VND at the average of the account transfer buying rates and selling rates at the end of the annual accounting period quoted by the commercial bank where the Company or its subsidiaries most frequently conducts transactions.

All foreign exchange differences are recorded in the consolidated statement of income.

(ii) **Foreign operations**

The assets and liabilities of foreign operations, including goodwill and fair value adjustments arising on acquisition, are translated to VND at exchange rates at the end of the annual accounting period. The income and expenses of foreign operations are translated to VND at exchange rates which approximate exchange rates ruling at the dates of transactions.

Foreign currency differences arising from the translation of foreign operations are recognised in the consolidated balance sheet under the "Foreign exchange differences" caption in equity.

(c) **Cash and cash equivalents**

Cash comprises cash balances and call deposits. Cash equivalents are short-term highly liquid investments that are readily convertible to known amount of cash, are subject to an insignificant risk of changes in value and are held for the purpose of meeting short-term cash commitments rather than for investment or other purposes.

(d) **Investments**

(i) **Trading securities**

Trading securities are those held by the Group for trading purpose i.e. purchased for resale with the aim of making profits over a short period of time. Trading securities are initially recognised at cost which include purchase price plus any directly attributable transaction costs. Subsequent to initial recognition, they are measured at cost less allowance for diminution in value. An allowance is made for diminution in value of trading securities if market price of the securities item falls below its carrying amount. The allowance is reversed if the market price subsequently increases after the allowance was recognised. An allowance is reversed only to the extent that the securities' carrying amount does not exceed the carrying amount that has been determined if no allowance had been recognised.

(ii) **Held-to-maturity investments**

Held-to-maturity investments are those that the Company's or its subsidiaries' management has the intention and ability to hold until maturity. Held-to-maturity investments include term deposits at banks and investments in bank bonds. These investments are stated at costs less allowance for doubtful debts.

(e) **Accounts receivable**

Accounts receivable from customers and other receivables are stated at cost less allowance for doubtful debts.

(f) **Inventories**

Inventories are stated at the lower of cost and net realisable value. Cost is determined on a weighted average basis and includes all costs incurred in bringing the inventories to their present location and condition. Cost in the case of finished goods and work in progress includes raw materials, direct labour and attributable manufacturing overheads. Net realisable value is the estimated selling price of inventory items, less the estimated costs of completion and estimated cost to sell.

The Group applies the perpetual method of accounting for inventories.

(g) **Tangible fixed assets**

(i) **Cost**

Tangible fixed assets are stated at cost less accumulated depreciation. The initial cost of a tangible fixed asset comprises its purchase price, including import duties, non-refundable purchase taxes and any directly attributable costs of bringing the asset to its working condition for its intended use. Expenditure incurred after tangible fixed assets have been put into operation, such as repair, maintenance and overhaul cost, is charged to the consolidated statement of income in the year in which the costs are incurred. In situations where it can be clearly demonstrated that the expenditure has resulted in an increase in the future economic benefits expected to be obtained from the use of tangible fixed assets beyond their originally assessed standard of performance, the expenditure is capitalised as an additional cost of tangible fixed assets.

(ii) **Depreciation**

Depreciation is computed on a straight-line basis over the estimated useful lives of tangible fixed assets. The estimated useful lives are as follows:

▪ buildings	2 – 39 years
▪ machinery and eq	2 – 20 years
* motor vehicles	5 – 15 years
* office equipment	2 – 15 years

(h) **Intangible fixed assets**

(i) **Land use rights**

Land use rights with definite useful lives are stated at cost less accumulated amortisation. The initial cost of land use rights comprises its purchase price and any directly attributable costs incurred in conjunction with securing the land use rights. Amortisation is computed on a straight-line basis over 43 years to 59 years.

Land use rights with indefinite useful lives are stated at cost and are not amortised.

(ii) **Software**

Cost of acquiring new software, which is not an integral part of the related hardware, is capitalised and treated as an intangible fixed asset. Software cost is amortised on a straight-line basis over a period of 5 years to 15 years.

(i) **Construction in progress**

Construction in progress represents the cost of tangible and intangible fixed assets which have not been fully completed or installed and the cost incurred to acquire land use rights of which land use rights certificates have not been obtained. No depreciation is provided for construction in progress during the period of construction, installation and obtaining the land use rights certificates.

(j) **Long-term prepaid expenses**

(i) **Prepaid land costs**

Prepaid land costs comprise prepaid land lease rentals, including those for which the Group obtained land use rights certificate but are not qualified as intangible fixed assets under prevailing laws and regulations and other costs incurred in conjunction with securing the use of leased land. These costs are recognised in the consolidated statement of income on a straight-line basis over the term of the lease of 48 years.

(ii) **Tools and instruments**

Tools and instruments include assets held for use by the Group in the normal course of business whose costs of individual items are less than VND30 million and therefore not qualified for recognition as fixed assets under prevailing regulation. Cost of tools and instruments are amortised on a straight-line basis over a period ranging from 2 years to 3 years.

(k) **Trade and other payables**

Accounts payable to suppliers and other payables are stated at their cost.

(l) **Provisions**

A provision is recognised if, as a result of a past event, the Group has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. Provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability.

(m) **Share capital**

(i) **Ordinary shares**

Ordinary shares are recognised at par value.

(ii) **Share premium**

The difference between the proceeds from share issuance and the par value is recorded as share premium. Incremental costs directly attributable to the issue of shares, net of tax effects, are recognised as a deduction from share premium.

(n) **Taxation**

Income tax on the consolidated profit or loss for the year comprises current and deferred tax. Income tax is recognised in the consolidated statement of income except to the extent that it relates to items recognised directly to equity, in which case it is recognised in equity.

Current tax is the expected tax payable on the taxable income for the year, using tax rates enacted at the end of the annual accounting period, and any adjustment to tax payable in respect of previous years.

Deferred tax is provided using the balance sheet method, providing for temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes. The amount of deferred tax provided is based on the expected manner of realisation or settlement of the carrying amount of assets and liabilities using tax rates enacted or substantively enacted at the end of the annual accounting period.

A deferred tax asset is recognised only to the extent that it is probable that future taxable profits will be available against which the temporary difference can be utilised. Deferred tax assets are reduced to the extent that it is no longer probable that the related tax benefit will be realised.

(o) **Revenue and other income**

(i) **Goods sold**

Revenue from sales of goods is recognised in the consolidated statement of income when significant risks and rewards of ownership have been transferred to the buyer. No revenue is recognised if there are significant uncertainties regarding recovery of the consideration due or the possible return of goods. Revenue from sales of goods is recognised at the net amount after deducting sales discounts stated on the invoice.

(ii) **Interest income**

Interest income is recognised in the consolidated statement of income on a time proportion basis with reference to the principal outstanding and the applicable interest rate.

(iii) **Dividend income**

Dividend income is recognised in the consolidated statement of income when the right to receive dividend is established. Share dividends are not recognised as income. Dividends received which are attributable to the period before investment acquisition date are deducted from the carrying amount of the investment.

(p) **Leases**

(i) **Leased assets**

Leases in terms of which the Group, as lessee, does not assume substantially all the risks and rewards of ownership are classified as operating leases and are not recognised in the Group's consolidated balance sheet.

(ii) **Lease payments**

Payments made under operating leases are recognised in the consolidated statement of income on a straight-line basis over the term of the lease. Lease incentives received are recognised in the consolidated statement of income as an integral part of the total lease expense, over the term of the lease.

(q) **Borrowing costs**

Borrowing costs are recognised as an expense in the year in which they are incurred, except where the borrowing costs relate to borrowings in respect of the construction of qualifying assets, in which case the borrowing costs incurred during the period of construction are capitalised as part of the cost of the assets concerned.

(t) **Earnings per share**

The Group presents basic earnings per share ("EPS") for its ordinary shares. Basic EPS is calculated by dividing the profit or loss attributable to the ordinary shareholders of the Company (after deducting any amounts appropriated to bonus and welfare fund for the annual accounting period) by the weighted average number of ordinary shares outstanding during the year.

The Group did not have potentially dilutive shares and therefore does not present diluted earning per share.

(s) **Segment reporting**

A segment is a distinguishable component of the Group that is engaged either in providing related products or services (business segment), or in providing products or services within a particular economic environment (geographical segment), which is subject to risks and rewards that are different from those of other segments. The Group's primary format for segment reporting is based on business segments.

(r) **Related parties**

Parties are considered to be related to the Group if one party has the ability, directly or indirectly, to control the other party or exercise significant influence over the other party in making financial and operating decisions, or where the Group and the other party are subject to common control or significant influence. Related parties may be individuals or corporate entities and include close family members of any individual considered to be a related party.

Details of transactions with related parties during the period are presented in notes 34, 35, 36, 37.

(u) **Comparative information**

Comparative information in these consolidated financial statements is presented as corresponding figures. Under this method, comparative information for the prior year is included as an integral part of the current year consolidated financial statements and is intended to be read only in relation to the amounts and other disclosures relating to the current year. Accordingly, the comparative information included in these consolidated financial statements is not intended to present the Group's consolidated financial position, consolidated results of operation or consolidated cash flows for the prior year.

## ADDITIONAL INFORMATION FOR BALANCE SHEET ITEMS

### 4 Cash and cash equivalents

	31-Mar-25	1-Jan-25

Long term deposit	1,000,000,000	1,000,000,000

**24 Applicable corporate income tax rate**

**Company**

Pursuant to the terms of the Business Registration Certificate, the Company is obliged to pay to the State corporate income tax at 20% of taxable profits.

On June 19, 2013, the National Assembly passed the Law amending and supplementing a number of articles of the Law on Corporate Income Tax. Accordingly, the highest income tax rate was reduced from 25% to 22% for 2014 and 2015, and further reduced to 20% from 2016.

On June 22, 2015, the Ministry of Finance issued Circular No. 96/2015/TT-BTC amending and supplementing a number of articles of the Law on Corporate Income Tax and Circular No. 78/2014/TT-BTC dated June 18, 2014, Circular No. 119/2014/TT-BTC dated August 25, 2014, Circular No. 151/2014/TT-BTC dated October 10, 2014, Circular No. 196/2015/TT-BTC dated June 22, 2015 of the Ministry of Finance. Accordingly, the Company's income tax rate is reduced from 20% to 10% for processed goods applied for fiscal years from 2015.

**Overseas Subsidiaries**

**Mseafood Joint Stock Company ("Mseafood")**

Under the provisions of the United States tax law, Mseafood is required to pay two types of corporate income taxes:

Corporate income tax payable to the state: at a rate of 8.84% on taxable profits, In case of loss, Mseafood still has to pay a minimum tax of US\$800.

Corporate income tax payable to the federal tax office: at the higher rate between taxable profits multiplied by the progressive tax rate or 20% of taxable profits.

**38 Other information**

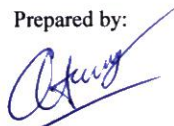

**Change in accounting policy**

On December 22, 2014, the Ministry of Finance issued Circular No. 200/2014/TT-BTC guiding the amendment and supplementation of the Enterprise Accounting Regime. This Circular replaces the Enterprise Accounting Regime issued under Decision No. 15/2006/QĐ-BTC dated March 20, 2006 of the Minister of Finance and Circular No. 244/2009/TT-BTC dated December 31, 2009 of the Ministry of Finance. The Company will apply these regulations in preparing and presenting the mid-year reviewed financial statements and annual financial statements. In addition, the Company also applies the presentation and explanation of financial instruments according to the provisions of Circular No. 210/2009/TT-BTC dated November 6, 2009 of the Ministry of Finance on the consolidated financial statements.

**39 Comparative figures**

Comparative figures as at 1 January 2025 are carried forward from figures presented in the Group's audited consolidated financial statements as at and for the year ended 31 December 2024

## EXPLANATION LETTER

(Re: Consolidated profit fluctuation in Q1 2025 compared to the same period)

TO:

State Securities Commission of Vietnam  
Hanoi Stock Exchange

Pursuant to Chapter III, Article 14, Clause 4(a, b) of Circular No. 96/2020/TT-BTC dated November 16, 2020 issued by the Ministry of Finance guiding information disclosure on the stock market, Minh Phu Seafood Corporation (Stock code: MPC) would like to explain the profit difference in the consolidated financial statements for the Q1 of 2025 compared to the same period last year as follows:

Indicator	Q1 2025	Q1 2024
Net profit after tax	17.683.900.484	7.279.656.307

Reasons:

- Due to the good performance of production and business activities of processing factories.
- Due to the gradual improvement in production and business activities of the group's commercial shrimp farming and shrimp seed production companies, the loss results have decreased compared to the same period.

The above are the main reasons leading to the after-tax profit on the consolidated financial report of the first quarter of 2025 increasing by over 10% compared to the same period last year./.

Respectfully,

Ca Mau, May 06, 2025

Minh Phu Seafood Corporation

Le Van Diep

Deputy General Director
