year.*

**To:           The State Securities Commission  
Vietnam Stock Exchange  
Hanoi Stock Exchange**

Pursuant to the Circular No. 96/2020/TT-BTC dated November 16, 2020 issued by the Ministry of Finance providing guidelines on disclosure of information on the securities market, Viet First Securities Corporation (VFS) would like to explain the fluctuation in Profit after corporate income tax (CIT) that is 10% or more in the Reviewed Financial Statements for the first 06 months of 2025 compared to that of the same period last year.

Profit after CIT of VFS achieved as follows:

- First 06 months of 2025: VND 66.67 billion
  - First 06 months of 2024: VND 57.08 billion
- The reason leading to the 16.82% increase in Profit after CIT in the first 06 months of 2025 compared to the same period last year:
- Operating revenue increased by VND 92.74 billion, mainly due to an increase of VND 66.23 billion in interest from held-to-maturity (HTM) investments, an increase of VND 20.69 billion in interest from loans and receivables and an increase of VND 5.80 billion in gain from financial assets at fair value through profit and loss (FVTPL).
  - Interest from deposits decreased by VND 11.19 billion compared to the same period last year.
  - Operating expenses increased by VND 3.40 billion, mainly due to an increase of VND 3.83 billion in loss from disposal of financial assets at FVTPL, an increase of VND 3.80 billion in stock brokerage expenses, an increase of VND 0.8 billion in expenses for securities custody services and financial advisory services. However, loss from revaluation of financial assets at FVTPL decreased by VND 4.90 billion.
  - Borrowing interest increased by VND 85.45 billion.
  - The Securities company's administrative expenses increased by VND 7.66 billion.
  - CIT expenses increased by VND 2.30 billion.

The entire explanation of VFS is shown as above, this explanation is attached to VFS's Reviewed Financial Statements for the first 06 months of 2025.

Best regards !

### AUDITORS

Southern Accounting and Auditing Financial Consulting Services Co., Ltd. (AASCS) was appointed to perform the review of the Interim Financial Statements for the first 6 months of 2025 of the Company.

**DISCLOSURE RESPONSIBILITIES OF THE BOARD OF MANAGEMENT FOR INTERIM FINANCIAL STATEMENTS**

The Company's Board of Management is responsible for preparing the Financial Statements which give a true and fair view of the financial position, operation results, cash flows and changes in owner's equity of the Company for the first 6 months of 2025. In preparing these Financial Statements, Board of Management commit to comply with the following requirements:

- Selecting suitable accounting policies and then applying them consistently;
- Making reasonable and prudent judgments and estimates;
- Comply with current Vietnamese accounting standards;
- Prepare the financial statements on the basis of compliance with accounting standards and system and other related regulations;
- Prepare the Financial Statements on the going concern basis.

Company's Board of Management is responsible for ensuring that proper accounting records are kept to disclose the financial position of the Company, with reasonable accuracy at any time, and ensuring that the Financial Statements comply with the current regulations of the State. At the same time, Board of Management is also responsible for ensuring the safety the assets of the Company and hence for taking reasonable steps for the prevention and detection of any frauds and other violations.

We, the Board of Management, confirm that the Financial Statements give a true and fair view of financial position June 30th, 2025, its separate operation results, separate cash flows, separate statement of changes in owner's equity for the first 6 months of 2025 of the Company in accordance with the Vietnamese Accounting Standard, Vietnamese Enterprise Accounting System and statutory requirements relevant to the preparation and presentation of the financial statements.

**APPROVAL OF INTERIM FINANCIAL STATEMENTS**

We, the Board of Management of Viet First Securities Corporation approved the financial statements for the 6 months ended on June 30th, 2025.

Ho Chi Minh City, August 04th, 2025

**For and on behalf of Board of Management  
GENERAL DIRECTOR**

**Nguyen Thi Thu Hang**

No : ...662.....BCKT/TC/2025/AASCS

**REPORT ON REVIEW OF INTERIM FINANCIAL INFORMATION**

**To:** - Shareholders  
- Board of Directors and Board of Management  
**VIET FIRST SECURITIES CORPORATION**

We have reviewed the accompanying interim financial statements of Viet First Securities Corporation, prepared on August 04th, 2025, as set out on pages 06 to 39, which comprise the Separate Statement of Financial Position as at June 30th, 2025, Separate Income statement, Separate Cash flows statement, Separate Statement of Changes in Owner's Equity for the six-month period then ended and Notes to the Separate Financial statements.

**The Board of Management's responsibilities**

The Board of Management of Viet First Securities Corporation is responsible for the preparation and fair presentation of these financial statements in accordance with Vietnamese Accounting Standards, Vietnamese Enterprise Accounting System and statutory requirements relevant to the preparation and presentation of the financial statements, and for such internal controls that the Board of Management determines is necessary to enable the preparation and presentation of financial statements that are free from material misstatement, whether due to fraud or error.

**Auditor's responsibilities**

Our responsibility is to express a conclusion on the Interim Financial Statements based on our review. We conducted our review in accordance with Vietnamese Standard on Review Engagements No. 2410 - Review of Interim Financial Information Performed by the Independent Auditor of the Entity.

A review of interim financial statements information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Vietnamese Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

**Conclusion**

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim financial statements do not give a true and fair view, in all material respects, of the interim financial position of the Viet First Securities Corporation as at June 30th, 2025, of the interim results of its operations, its interim cash flows and changes in owner's equity for the six-month period then ended in accordance with accounting standards, the accounting policies applied by the securities company and the statutory requirements relevant to the preparation and presentation of the interim financial statements.

From three (3) years and above	100%

#### **4.10 Accounting principles and methods of the long-term and short-term liabilities:**

Liabilities are tracked in detail by payment term, payable object, and payable currency. When preparing financial statements, accountants base on the remaining term of payables to classify them as long-term or short-term.

#### **4.11 Accounting principles and methods for recognition of owners' equity of the Company:**

- Recognition principles of the owners' capital investment : Recorded according to actual contributed capital.

- Recognition principles of the profits of the Company:
  - + Recognition principles of the realized profit: Realized profit during the period is the net difference between the total revenue, income and the total expenses that calculated on the Separate Income statement of the Company.
  - + Recognition principles of the unrealized profit : Unrealized profit of the period is the difference between the total value of the profit and loss after revaluation of FVTPL or other Financial Assets calculated in the profit and loss statement of the Separate Income Statement under the list of financial assets accumulating and arising in the period.
- Recognition principles of the exchange rate difference: None
- Recognition principles of distributing profit: Profits after corporate income tax will be divided to shareholders according to Resolution of the Annual General Meeting, after after sharing fund according to the charter of the Company and the current legal regulations.

#### **4.12 Accounting principles and methods for recognition of revenue:**

Revenue is recognised to the extent that it is probable that the company is able to receive economic benefits that can be reliably measured. Revenue is determined based on the fair value of amounts collected or to be collected, after deducting trade discounts, sales allowances, and returns. The specific recognition conditions outlined below must also be met in accordance with this principle when recognizing revenue.

Revenue from trading of securities, providing services are recorded according to regulations of Revenue standards and Relevant financial tool standards and guidelines in Circular No.210/2014/TT-BTC and Circular No.334/2016/TT-BTC.

- Revenue from financial assets at FVTPL is determined based on the difference between the selling price and the average cost of the stock.

- Dividends, interests from financial assets:

Revenue from dividend will be recognized when the receiving rights of dividend are determined. For bonus shares, the Company only records the entitled shares, do not record an increase revenue from dividend.

Revenue from the sale of financial assets is recognized on the basis of accrued interest by time and the actual interest rates of each accounting period.

- Interests from loans: is the interest from Investors, using service of margin trading, advance transaction of the company in the period.

- Revenue from brokerage services: is recognized in the separate income statement. There are brokerage fees that Investors must pay to the Company when trading securities is implemented by Investors' order and other fees from brokerage services under securities law.

- Revenue from consulting activities: including the securities investment consulting and business management consulting, financial consulting and improving enterprise (consulting for listing, issuing and improving enterprise ...). Revenue from consulting activities is recognized in the separate income statement according to the completion rate of the transaction at the date of making financial statement. The completion rate is evaluated on the basis of the completed tasks.

- Custody revenue: is the fee collected from customers when using services on custody services provided by the company such as: register, custody, transfer, transfer the securities ownership rights ... and they must be completed.

#### **4.13 Recognition principles of the financial income, financial expense**

Comply with accounting standards and regimes of the Securities Company according to Circular No.210/2014TT-BTC, Circular No.334/2016/TT-BTC and current regulations of securities law.

#### **4.14 Recognition principles of the administrative expenses of the Company**

Company management expenses are recorded even before the payment due date but will likely arise to ensure prudence and capital preservation principles. Expenses and the revenue it generates must be recorded simultaneously according to the matching principle.

#### **4.15 Recognition principles of other incomes and expenses:**

##### *Recording other income:*

Other revenue is recognized at the time the transaction arises, when it is certain that economic benefits will be obtained, determined according to the fair value of the amounts entitled to receive, regardless of whether money has been collected or will be collected.

##### *Recognition of other expenses:*

Other expenses are recorded at the time the transaction occurs. Expenses and the revenue it generates must be recorded simultaneously according to the matching principle.

#### **4.16 Principles and methods for recognizing of the current corporate income tax expenses:**

Current corporate income tax expense is determined on the basis of taxable income and corporate income tax rate in the current year.

Deferred corporate income tax expense is determined on the basis of deductible temporary differences, The taxable temporary difference and the corporate income tax rate. This transaction did not occur during the period.

Do not balance current corporate income tax expense with deferred corporate income tax expense.

#### **4.17 Recognition, management and presentation principles of the Financial Statement on customers' assets and liabilities**

Assets and liabilities payable to customers are recognized at the time the transaction occurs, and are managed separately from the assets and liabilities of the securities company. They are presented on the financial position statement under the section "Items outside the financial position statement" and are disclosed in the notes to the financial statements.

#### **4.18 Other accounting principles and policies: None**

#### **4.19 Nil balances:**

Items or balances required by Circular No. 210/2014/TT-BTC dated December 30th, 2014 and Circular No. 334/2016/TT-BTC dated December 27th, 2016 issued by Ministry of Finance that are not shown in these separate financial statements indicate nil balances.

### **5. FINANCIAL RISK MANAGEMENT FOR THE COMPANY**

The Company's financial liabilities mainly include loans and debts, trade payables, and other payables. The main purpose of these financial liabilities is to mobilize financial resources to serve the company's activities. The company has loans, customer receivables, and other receivables, cash, and short-term deposits arising directly from the company's operations.

For financial activities, the Company has market risk, credit risk, and liquidity risk.

Risk management is an indispensable profession for the entire business activities of the company. The company has built a control system to ensure a reasonable balance between risk costs and risk management costs. The Board of Directors continuously monitors the company's risk management process to ensure an appropriate balance between risk and risk control.

The Board of Management reviews and agrees to apply management policies for the above risks as follows:

##### *Market risk*

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate with changes in market value. Market prices have different types of risks: interest rate risk, foreign currency risk, commodity risk, and other price risks, such as equity price risk. Financial instruments affected by market risk include loans and debt, deposits, financial assets recognized through profit and loss, covered warrants, and available-for-sale investments.

##### *Interest rate risk*

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate with changes in market interest rates. Market risk due to changes in a company's interest rates is mainly related to the company's cash and short-term deposits. Financial liabilities have stable interest rates.

The company manages interest rate risk by analyzing the competitive situation in the market to obtain interest rates that are beneficial for the company's purposes and remain within its risk management limits. The company assesses that the risk due to the impact of interest rate changes on the company at the reporting date is insignificant. Bank deposits, certificates of deposit, corporate bonds, and company loans mostly have fixed interest rates and are recovered according to the prescribed maturity period of each item. Fixed interest rate loans are determined according to each specific loan agreement.

*Foreign currency risk: None*

*Stock price risk*

Listed and unlisted shares held by the company are affected by market risks arising from uncertainty about the future value of the investment stocks. The company manages stock price risk by setting investment limits. The company's investment board also reviews and approves stock investment decisions.

An increase or decrease in the stock index may increase or decrease a corresponding proportion of the company's revenue from investment activities, depending on the severity and duration of the decline, and on the portfolio's holding status for stocks that have a significant influence on the market index.

*Credit risk*

Credit risk is the risk that one party involved in a financial instrument or customer contract fails to fulfill its obligations, resulting in financial loss. The company faces credit risk from its business operations and financial activities, including bank deposits and other financial instruments.

*Accounts receivable from customers*

The company manages customer credit risk through policies, procedures, and control processes related to customer credit risk management. The credit quality of customers is assessed based on the evaluation of the Board of Management.

The company regularly monitors loans and accounts receivable that have not been collected. For large customers, the company regularly reviews any deterioration in the credit quality of each customer. The company seeks to maintain strict control over outstanding receivables and operates a credit control department to minimize credit risk. Based on this, and considering that the company's accounts receivable involve a diverse range of customers, credit risk is not significantly concentrated in any specific customer.

*Cash at bank*

The company primarily maintains bank deposit balances with highly reputable banks in Vietnam. Credit risk related to deposit balances at banks is managed according to the company's annual risk management policy. The company's maximum credit risk for items in the financial statements at each reporting period is the carrying amount as presented in the notes to the financial statements. The company perceives the level of credit risk concentration for bank deposits to be low.

*Loans and advances to customers*

The company manages customer credit risk through policies, procedures, and control processes related to the margin lending and advance payment for securities sales to customers. The company only conducts margin lending with securities eligible for margin trading according to the Margin Lending Regulations and selectively evaluates them based on the company's stock quality assessment principles. Credit limits are controlled based on the value of collateral, the customer's transaction creditworthiness, and control limit criteria.

Except for the financial accounts for which the company has made provisions, the Board of Management of the company assesses that the remaining financial assets are not impaired, as these financial assets all have good liquidity.

**Liquidity risk**

Liquidity risk is the risk that the company will have difficulty fulfilling its financial obligations. Liquidity risk arises when the company may not be able to fulfill its debt obligations when these debts fall due, mainly because assets and liabilities have different maturity dates. The maturity of assets and liabilities represents the remaining time of assets and liabilities from the date of financial statement preparation until payment according to the provisions of the contract or issuance terms. For financial assets recognized at a fair value through profit/loss and financial assets available for sale, maturity is determined based on the liquidity (ability to be bought and sold in the short term) of the asset on the market.

The Company monitors liquidity risk by maintaining a level of cash and cash equivalents and bank loans that the Board of Management considers sufficient to meet the company's operations to minimize the impact of cash flow fluctuations.

The company believes that the risk concentration for debt repayment is low. The Company has sufficient access to capital resources and loans due within twelve (12) months may be rolled over with existing lenders.
