## REVIEW REPORT OF INTERIM FINANCIAL INFORMATION

To: Shareholders, the Board of Management and the Board of Directors of Petrolimex Saigon Transportation and Service JSC

We have reviewed the accompanying interim financial statements of Petrolimex Saigon Transportation and Service JSC ("the Company"), which were prepared as at 09/8/2025, from pages 05 to 32, comprising the interim balance sheet as at 30/6/2025, the interim income statement, the interim cash flows statement for the 06 month accounting period then ended and the selected notes thereto.

## **Management's Responsibility**

Management is responsible for the preparation and fair presentation of the Company's interim financial statements in accordance with Vietnamese Accounting Standards, the Vietnamese enterprise Accounting System and the relevant statutory requirements applicable to interim financial reporting, and for such internal control as management determines is necessary to enable the preparation and fair presentation of interim financial statements that are free from material misstatement, whether due to fraud or error.

## **Auditors' responsibility**

Our responsibility is to express an opinion on these interim financial statements based on our review. We conducted our review in accordance with Vietnamese Standard on review contract No. 2410 - Review of interim financial information, implementing by independent auditors.

The review of interim financial information includes the interviews, mostly interviewing the person who is responsible for the financial and accounting issues, performing analytical procedures and the other review procedures. A review normally has narrower scope than an audit, which is carried out according to the Vietnamese Auditing Standards, and consequently, a review does not enable us to achieve assurance that we will recognize all key issues which can be detected in an audit. Accordingly, we do not express an audit opinion.

## **Auditors' conclusion**

Basing on our review's result, there is not any issue that make we believe that the attached interim financial statements do not give a true and fair view of, in all material respects, the financial position of Petrolimex Saigon Transportation and Service JSC as at 30/6/2025 and the results of its operations and its cash flows for the 06 month accounting period then ended in accordance with Vietnamese Accounting Standards, the Vietnamese Enterprise Accounting Systems and the relevant statutory requirements applicable to the preparation and presentation of the interim financial statements.

## Other issues

The Review report has been translated from these issued in Vietnam, from the Vietnamese into the English.

does not form an independent legal entity. This activity is jointly controlled by the capital contributors according to the joint venture agreement.

In all cases, when receiving cash or assets from other entities in the BCC, the receiver should record as liabilities.

The parties participating in the BCC agree to share the after-tax profits. The Company accounts for all BCC transactions, records revenue and expenses, separately monitors the BCC's business results and settles taxes.

## 4.5 Receivables

Receivables are monitored detailedly under the original terms, remaining terms at the reporting date, the receivable objects and other factors for the Company's management purpose. The classification of receivables is trade receivables, other receivables shall comply with the principles:

- Trade receivables include commercial receivables incurred from purchase-sale transactions;
- Other receivables include non-commercial or non-trading receivables.

The Company bases on the remaining term at the reporting date receivables to classify as long-term or short-term.

Receivables are recognised not exceeding the recoverable value.

## 4.6 Inventories

Inventories are stated at the lower of cost and net realisable value. Cost comprises purchase price, processing cost and other direct attributable expenses that have been incurred in bringing the inventories to their present location and condition. Net realisable value represents the estimated selling price less all estimated costs to completion and costs to be incurred in marketing and selling.

Inventories are calculated using the monthly weighted average method (wholesale gasoline is determined by specific price).

Inventories are recorded by perpetual method.

## 4.7 Tangible fixed assets and depreciation

Tangible fixed assets are stated at cost less accumulated depreciation. Tangible fixed assets are recognised under the historical cost, except for certain assets that were revalued during the enterprise valuation process for equitization purposes.

The costs of tangible fixed assets arising from purchases and self-constructions comprise all costs of bringing the tangible fixed assets to their working condition for their intended use.

Tangible fixed assets are depreciated using the straight-line method, depreciation is calculated by dividing the original cost (:) by the estimated useful life. The specific depreciation time of each type of asset is as follows:
