*Re: Explaining the difference of  
more than 10% on PAT from the  
year-ago period*

**Dear:** - State Securities Commission of Vietnam  
- Hanoi Stock Exchange

Based on business results in the first 06 months of 2025, Petrolimex Saigon Transportation and Service Joint Stock Company (PSC) records profit after tax: 4.511.965.036 VND, a difference of more than 10% on PAT from the year-ago period due to:

To ensure safety standards and compliance with regulations, the Company has implemented repairs and renovations to infrastructure and means of transport with the aim of increasing operational efficiency, improving service quality, branding and rising market competitiveness.

Additionally, the annual land rental rate has increased, leading to a 29% rise in land rental costs this year compared to the same period last year, equivalent to an increase of 921,931,790 VND.

As a result, this year's business costs have increased, leading to a decline in after-tax profit compared to the same period last year.

Above figures are the reasons making the difference on net profit comparing to the same period the year, more than 10%.
