AUDITORS

International Auditing and Valuation Company Limited has been appointed to review the interim financial statements of the Company for the six-month period ended 30 June 2025.

STATEMENT OF THE BOARD OF GENERAL DIRECTORS (Continue)

DISCLOSURE OF THE BOARD OF GENERAL DIRECTORS' RESPONSIBILITIES FOR THE INTERIM FINANCIAL STATEMENTS

The Board of General Directors of the Company is responsible for preparing the interim financial statements, which give a true and fair view of the interim financial position of the Company as at 30 June 2025, and its interim financial performance and its cash flows for the six-month period ended 30 June 2025 in accordance with Vietnamese Accounting Standards, accounting regime for enterprises and legal regulations relating to interim financial reporting. In preparing these interim financial statements, The Board of General Directors is required to:

- Select suitable accounting policies and then apply them consistently;
- Make judgments and estimates that are reasonable and prudent;
- State whether applicable accounting principles have been followed, subject to any material departures disclosed and explained in the interim financial statements;
- Prepare the interim financial statements on the going concern basis unless it is inappropriate to presume that the Company will continue in business; and
- Design and implement an effective internal control system for the purpose of properly preparing and presenting the interim financial statements so as to minimize errors and frauds.

The Board of General Directors of the Company is responsible for ensuring that proper accounting records are kept, which disclose, with reasonable accuracy at any time, the interim financial position of the Company and that the interim financial statements comply with Vietnamese Accounting Standards, accounting regime for enterprises and legal regulations relating to interim financial reporting. The Board of Directors is also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

The Board of General Directors confirms that the Company has complied with the above requirements in preparing these interim financial statements.

APPROVAL OF THE INTERIM FINANCIAL STATEMENTS

The Board of Management has approved the accompanying interim financial statements. These interim financial statements present fairly, in all material respects, the financial position of the Company as at 30 June 2025, as well as the interim results of its operations and interim cash flows for the six-month period then ended, in accordance with the prevailing Vietnamese accounting standards, the Vietnamese corporate accounting system, and relevant statutory requirements on the preparation and presentation of interim financial statements.

COMMITMENT ON INFORMATION DISCLOSURE

The Board of General Directors commits that the Company complies with Decree No. 155/2020/ND-CP dated December 31, 2020, detailing the implementation of certain provisions of the Securities Law, and that the Company has not violated any information disclosure obligations as stipulated in Circular No. 96/2020/TT-BTC dated November 16, 2020, issued by the Ministry of Finance, providing guidelines on information disclosure in the securities market, and Circular No. 68/2024/TT-BTC dated September 18, 2024, issued by the Ministry of Finance, amending and supplementing certain provisions of circulars regulating securities transactions on the securities trading system; clearing and settlement of securities transactions; operations of securities companies; and information disclosure in the securities market.

For and on behalf of The Board of General Directors,

Mr. Phan Duy Dzung

General Director

Ha Noi, date 14 month 08 2025

No: 20067/2025/BCSX/IAV

INTERIM FINANCIAL STATEMENTS REVIEWED REPORT

**To: The shareholders
The Board of Management, the Board of Supervisors and the Board of General
Directors
of MST JOINT STOCK COMPANY**

We have reviewed the accompanying interim financial statements of MST Joint Stock Company (hereinafter called "the Company"), prepared on date 14 month 08 2025, as set out from page 05 to page 43, which comprise the interim statement of financial position as at 30 June 2025, the interim statement of income, and the interim statement of cash flows for the six-month period ended 30 June 2025, and the Notes to the Interim financial statements.

The Board of General Directors' Responsibility

The Board of General Directors of the Company is responsible for the preparation and fair presentation of these interim financial statements in accordance with Vietnamese Accounting Standards, accounting regime for enterprises and legal regulations relating to interim financial reporting and for such internal control as The Board of Management determine are necessary to enable the preparation of interim financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express a conclusion on these interim financial statements based on our review. We conducted our review in accordance with Vietnamese Standards on Review Engagements No. 2410 - Review of interim financial information performed by the independent auditor of the entity.

A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Vietnamese Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all material matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Auditor's Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim financial statements do not present fairly, in all material respects, the interim financial position of the Company as at June 30, 2024, and its interim financial performance and interim cash flows for the six-month period then ended, in accordance with Vietnamese Accounting Standards, the Vietnamese Enterprise Accounting System, and relevant statutory requirements on preparation and presentation of interim financial statements.

INTERIM FINANCIAL STATEMENTS REVIEWED REPORT (Continue)

Emphasis of Matter(s)

We would like to draw attention to readers to Note. 4.6 of the Notes to the Interim Financial Statements:

- On 08 April 2024, MST Investment Joint Stock Company and Truong Xuan Loc Trading and Construction Joint Stock Company entered into a business cooperation contract No. 0804/2024/HĐHTKD/MST-TXL with a maximum investment amount of VND 120,000,000,000 to cooperate in the trading of bonds. Accordingly, this contract may result in economic benefits or economic losses to the Company.

Our opinion is not modified in respect of the above matter.

DO THI THANH HUYEN

Deputy Director

1.4. Normal production and business cycle

The Company's normal production and business cycle is carried out for a time period of 12 months.

1.5. The Company's structure

Name	Place of incorporation and operation	Proportion of ownership interest (%)	Proportion of voting power held (%)	Principal activities
<i>Joint-ventures, associates</i>				
Urban Infrastructure and Transportation Construction Joint Stock Company	Ho Chi Minh City	49.64%	49.64%	Construction of all types of houses, real estate consulting, real estate business
Vina2 Investment and Construction Joint Stock Company	Ha Noi City	36.16%	36.16%	Construction of residential houses, other civil works

1.6. Disclosure of information comparability in the interim financial statements

The data presented in the interim financial statements for the six-month period ended 30 June 2025 are comparable to the corresponding figures of the prior period.

2. ACCOUNTING CONVENTION AND ACCOUNTING PERIOD

2.1. Accounting convention

The accompanying interim financial statements, expressed in Vietnamese Dong (VND), are prepared under the historical cost convention and in accordance with Vietnamese Accounting Standards, accounting regime for enterprises and legal regulations relating to interim financial reporting.

The accompanying interim financial statements are not intended to present the interim financial position, results of operations and cash flows in accordance with accounting principles and practices generally accepted in countries and jurisdictions other than Vietnam.

2.2. Going concern assumption

There are no events or conditions that may cast significant doubt on the Company's ability to continue as a going concern, and the Company has neither the intention nor the necessity to cease operations or materially curtail the scale of its operations.

2.3. Financial year

The Company's financial year begins on 01 January and ends on 31 December.

For the six-month period ended 30 June 2025, the Company has prepared interim financial statements in accordance with the applicable regulations.

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

3.1. Estimates

The preparation of financial statements in conformity with Vietnamese Accounting Standards, accounting regime for enterprises and legal regulations relating to financial reporting requires The Board of General Directors to make estimates and assumptions that affect the reported amounts of assets, liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the financial year (reporting period). Although these accounting estimates are based on The Board of General Directors' best knowledge, actual results may differ from those estimates.

3.2. Cash and cash equivalents

Cash and cash equivalents comprise cash on hand, demand deposits and short-term, highly liquid investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

3.3. Financial investments

Trading securities

Trading securities are those the Company holds for trading purposes. Trading securities are recognised from the date the Company obtains the ownership of those securities and initially measured at the fair value of payments made at the transaction date plus directly attributable transaction costs.

In subsequent periods, investments in trading securities are measured at cost less allowance for impairment of trading securities.

Allowance for impairment of trading securities is made in accordance with prevailing accounting regulations.

Held-to-maturity investments

Held-to-maturity investments comprise investments that the Company has the positive intent or ability to hold to maturity, including term deposits (commercial bills), bonds, preference shares which the issuer shall redeem at a certain date in the future, loans held to maturity to earn periodic interest and other held-to-maturity investments.

Held-to-maturity investments are recognised on a trade date basis and are initially measured at acquisition price plus directly attributable transaction costs. Post-acquisition interest income from held-to-maturity investments is recognised in the statement of income on accrual basis. Pre-acquisition interest is deducted from the cost of such investments at the acquisition date.

Held-to-maturity investments are measured at cost less allowance for doubtful debts.

Allowance for doubtful debts relating to held-to-maturity investments is made in accordance with prevailing accounting regulations.

Investments in associates

An associate is an entity over which the Company has significant influence and that is neither a subsidiary nor an interest in a joint venture. Significant influence is the power to participate in the financial and operating policy decisions of the investee but not control or joint control over those policies.

Investments in subsidiaries, joint ventures and associates are initially recognised at cost. The Company's share of the net profit of the investee after acquisition is recognised in the statement of income. Other distributions received other than such profit share are deducted from the cost of the investments as recoverable amounts.

Investments in subsidiaries, joint ventures and associates are carried in the Statement of Financial Position at cost less allowance for impairment of such investments (if any). Allowance for impairment of investments in subsidiaries, joint ventures and associates is made when there is reliable evidence for declining in value of these investments at the statement of financial position date.

3.4. Receivables

Receivables represent the amounts recoverable from customers or other debtors and are stated at book value less allowance for doubtful debts.

Allowance for doubtful debts is made for receivables that are overdue for six months or more, or when the debtor is in dissolution, in bankruptcy, or is experiencing similar difficulties and so may be unable to repay the debt.

3.5. Inventories

Inventories are stated at the lower of cost and net realisable value. Cost comprises direct materials and where applicable, direct labour costs and those overheads that have been incurred in bringing the inventories to their present location and condition.

G Cost is calculated using the weighted average method.

Net realisable value represents the estimated selling price less all estimated costs to completion and costs to be incurred in marketing, selling and distribution.

The evaluation of necessary allowance for inventory obsolescence follows current prevailing accounting regulations which allow provisions to be made for obsolete, damaged, or sub-standard inventories and for those which have costs higher than net realisable values as at the statement of financial position date.

3.6. Tangible fixed assets

Tangible fixed assets are stated at cost less accumulated depreciation.

The costs of purchased tangible fixed assets comprise their purchase prices and any directly attributable costs of bringing the assets to their working condition and location for their intended use.

The costs of self-constructed or manufactured assets are the actual construction or manufacturing cost plus installation and test running costs (if applicable)

	Current year [Years]
Buildings and structures	05 – 08
Machinery and equipment	06 – 08
Others	03 – 20

Loss or gain resulting from sales and disposals of tangible fixed assets is the difference between profit from sales or disposals of assets and their residual values and is recognised in the statement of income.

3.7. Prepaid expenses

Prepaid expenses are expenses which have already been paid but relate to results of operations of multiple accounting periods. Prepaid expenses of the Company include the following expenses:

Tools and equipment

The tools and equipment have been put into use and are amortized to expense under the straight-line method to time allocation not too 3 years.

Repair costs of fixed assets

Repair costs of fixed assets incurred once to have a large value are amortized to expense under the straight-line method in 3 years.

3.8. Accounts payable and accrued expenses

Payables and accrued expenses are recognized as the amount of money to be paid in the future related to the goods and services received. Payable expenses are recognized based on a reasonable estimate of the payable.

Payables are classified as payable to suppliers, accrued expenses, and other payables according to the following principles:

- Payables to suppliers reflect the trade payables arising from commercial transactions between the Company and the seller, which is an independent entity of the Company, including the number of payables on imports through trustees.
- Accrued expenses reflect the payables for goods and services received from the seller or provided for the buyer, for which no invoices have yet been received from suppliers. Those payables also reflect the number of payables to employees on vacation wages, production, and business costs that must accrue.
- Internal payables reflect the payable between superior and subordinate units have no legal with dependent accounting.
- Other payables reflect non-commercial receivables, not related to the purchase and sale transactions.

3.9. Borrowings and finance lease liabilities

Borrowings are tracked according to each object, each contract and the repayment term. In case of borrowings in foreign currency, detailed tracking is done in the original currency.

3.10. Borrowing costs

Borrowing costs are recognised in the statement of income in the year when incurred unless they are capitalised in accordance with Vietnamese Accounting Standard No. 16 "Borrowing costs". Accordingly, borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale. Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the cost of those assets. For specific borrowings for the purpose of construction of fixed assets and investment properties, borrowing costs are capitalised even when the construction period is under 12 months.

3.11. Owner's equity

Capital is recorded according to the amount actually invested by shareholders.

3.12. Distribution of net profits

Profit after tax is distributed to shareholders after an appropriation of funds under the Charter of the Company as same as the law and is approved by the General Meeting of Shareholders.

The distribution of profits to shareholders is considered to non-cash items in undistributed profit may affect cash flow and ability to pay dividends as profit from revaluation of assets contributed as capital, interest due to the revaluation of monetary items, the financial instruments and other non-cash items.

Dividends are recognized as liabilities when approved by the General Meeting of Shareholders [or Dividends are recorded as a payable at the shareholder's rights date].

3.13. Revenue and earnings

Revenue from sales of finished goods and merchandise goods

Revenue from sales of finished goods and merchandise goods is recorded when simultaneously satisfy the following conditions:

- The Company has transferred to the buyer the significant risks and rewards of ownership of the goods.
- The Company retains neither continuing managerial involvement to the degree usually associated with; ownership nor effective control over the goods sold.
- The amount of revenue can be measured reliably.

- It is probable that the economic benefits associated with the transaction will flow to the Company; and.
- The costs incurred or to be incurred in respect of the transaction can be measured reliably.

Revenue from service rendered

Revenue of a transaction involving the rendering of services is recognised when the outcome of such transactions can be measured reliably. Where a transaction involving the rendering of services is attributable to several periods, revenue is recognised in each period by reference to the percentage of completion of the transaction at the statement of financial position date of that period. The outcome of a transaction can be measured reliably when all four (4) following conditions are satisfied:

- The amount of revenue can be measured reliably.
- It is probable that the economic benefits associated with the transaction will flow to the Company.
- The percentage of completion of the transaction at the statement of financial position date can be measured reliably; and.
- The costs incurred for the transaction and the costs to complete the transaction can be measured reliably.

Revenue from sales from construction contract

When the results of the construction contract were estimated reliably as follows:

- For construction contract that the contractors are paid according to the progress of the plan, revenues and expenses related to these contracts are recognized in proportion to the work completed by the Company determined in fiscal year end.
- For construction contract that the contractors are paid according to the value of the mass execution, revenue and expenses related to these contracts are recognized in proportion to the work completed by customers confirm and is reflected on the invoices made.

The increases, decreases of volume of construction, compensation and other income are recorded only when revenue has been agreed with the customer.

When the results of a construction contract cannot be estimated reliable, present as follow:

- Revenue is recognized only equivalent to the cost of the contract incurred that reimbursement is relatively certain.
- The cost of the contract is recognized only for the costs has incurred.

The difference between the total accumulated revenue of construction contracts recorded and accumulated amounts invoiced in accordance with progress in payment are recorded as accounts receivable or payable under the progress of the construction contract.

Financial income

Interest

Interest is recognized on an accrual basis, are determined on the balance of cash in bank and the actual interest rate for each period.

Dividends and profits received

Dividends and profit shared are recognized when the Company receive the notice of dividends or profit from the capital contribution. Dividends which received by shares, only follow up the number of shares increases, no recognition of the value of shares.

3.14. Cost of goods sold and service rendered

Cost of goods sold includes the cost of products, goods and service rendered during the year and is recorded in accordance with revenue during the year. The cost of direct raw materials consumed in excess of normal levels, labor costs, and fixed general production costs that are not allocated to the

value of warehoused products must be immediately calculated into the cost of goods sold (after minus compensation, if any) even when the products and goods have not been determined to be consumed.

3.15. Selling expenses

Selling expenses reflect the actual expenses in the process of sales of goods and services rendered. Mainly includes sales staff salaries, sales promotion expenses, product introduction expenses, advertising expenses and sales commissions.

3.16. General and administration expenses

General and administration expenses reflect actual expenses incurred during the general management of the Company, mainly including expenses for labour of management department salaries; social insurance, health insurance, trade union fees, unemployment insurance for labour; office equipment expenses; depreciation and amortisation; provision expenses; outside services and other expenses.

3.17. Taxation

Income tax expense represents the sum of the tax currently payable and deferred tax.

The tax currently payable is based on taxable profit for the year. Taxable profit differs from profit before tax as reported in the statement of income because it excludes items of income or expense that are taxable or deductible in other years (including loss carried forward, if any) and it further excludes items that are never taxable or deductible.

Deferred tax is recognised on significant differences between carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit and is accounted for using statement of financial position liability method. Deferred tax liabilities are generally recognised for all temporary differences and deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which deductible temporary differences can be utilised.

Deferred tax is calculated at the tax rates that are expected to apply in the period when the liability is settled or the asset realised. Deferred tax is charged or credited to profit or loss, except when it relates to items charged or credited directly to equity, in which case the deferred tax is also dealt with in equity.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities and when they relate to income taxes levied by the same tax authority and the Company intends to settle its current tax assets and liabilities on a net basis.

The determination of the tax currently payable is based on the current interpretation of tax regulations. However, these regulations are subject to periodic variation and their ultimate determination depends on the results of the tax authorities' examinations.

Other taxes are paid in accordance with the prevailing tax laws in Vietnam.

3.18. Related parties

The parties are considered to be related if that party has the ability to control or significantly influence the other party in making decisions on financial policies and operations. Parties are considered a related party of the Company in case that party is able to control the company or to cause material effects on the financial decisions.

In considering the relationship of the parties involved, the nature of the relationship is more emphasized than the legal form of the relationship.
