APS provides the following explanations for the two matters mentioned above:

- **Revenue**: Due to significant fluctuations in the financial market, the market value of the financial assets (FAs) held by the Company declined, resulting in gains from financial assets recognized through profit or loss of only VND 4.84 billion, a sharp decrease compared to the same period last year. In addition, other revenue generated from lending and brokerage activities amounted to VND 4.89 billion, down 32.9% compared to the same period in 2025.

- **Expenses:** Total operating expenses amounted to VND 57.3 billion, an increase of 45.1% compared to the same period in 2025. General and administrative expenses also increased by 38.2% compared to the third quarter of 2025. These factors resulted in a net loss after tax of VND 42.66 billion, representing a 198% decrease compared to the same period last year.
