## INDEPENDENT AUDITOR'S REPORT

**To: Shareholders**  
**Board of Directors and Management**  
DANANG SEAPRODUCTS IMPORT – EXPORT CORPORATION

### Report on the financial statements

We have audited the accompanying financial statements of Danang Seaproducts Import – Export Corporation (hereinafter referred to as “the Company”) prepared on 10 February 2026 as set out from page 5 to page 50, which comprise the balance sheet as at 31 December 2025, and the income statement, and cash-flow statement for the financial year then ended, and the notes to the financial statements.

### *Management's Responsibility*

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Vietnamese Accounting Standards, and Vietnamese Corporate Accounting System and relevant legislation as to the preparation and presentation of financial statements and for such internal control as management determines is necessary to enable the preparation and presentation of the financial statements that are free from material misstatement, whether due to fraud or error.

### *Auditor's Responsibility*

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Vietnamese Standards on Auditing. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified audit opinion.

### *Basis for Qualified Opinion*

As presented in Note 4.2, the auditors were unable to obtain the financial statements as well as financial reporting information relating to the investment in the associate, New City Seadanang Investment Joint Stock Company. Alternative audit procedures could not be performed. The total cost of the above-mentioned investment in the associate as at 31 December 2025 amounted to VND 18,365,570,000. Due to this limitation, we were unable to assess whether any provision for diminution in value of the long-term financial investment should be recognized in accordance with the applicable regulations. As a result of the scope limitation, we are unable to express an audit opinion on the effects of the above investment on other items in the financial statements.

**INDEPENDENT AUDITOR'S REPORT (CONTINUED)**

In our opinion, except for the effects of the matter described in the "Basis for Qualified Opinion" paragraph, the accompanying financial statements give a true and fair view of the financial position of the Company as at 31 December 2025, and of the results of its financial performance and its cash flows for the financial year then ended in accordance with Vietnamese Accounting Standards and Vietnamese Corporate Accounting and relevant legislation as to the preparation and presentation of financial statements.

Re: "Explanation of the Differences in the Audited  
Financial Statements for the fiscal year, ended December 31, 2025"

**To: - THE STATE SECURITIES COMMISSION  
- THE STOCK EXCHANGE**

Danang Seaproducts Import-Export Corporation (Stock symbol: SPD) – address: 01 Bui Quoc Hung Street, Son Tra Ward, Da Nang City, Tax Identification No. : 0400100778 - would like to explain the differences in the Audited Financial Statements for the fiscal year, ended December 31, 2025, compared to the same period in 2024, as follows:

Indicators	Year 2024	Year 2025	2025/2024 (YoY)	
			Amount (VND)	%
Net profit after tax	8,348,857,372	7,504,558,799	(844,298,573)	(10.11)

In 2025, the Company's revenue reached VND 825.44 billion, an 13.78% growth compared to the same period last year (VND 725.50 billion). Of which, processing and exporting seafoods accounts for 98.59% of the company's revenue, reaching VND 813.83 billion, an increase of 14.53%, or VND 103.21 billion, compared to the same period in 2024 (VND 710.60 billion).

In 2025, Vietnam's seafood exports recorded strong performance, reaching over USD 11.34 billion, representing a 13% increase compared to 2024. For the full year 2025, the export structure across product categories remained relatively balanced. Shrimp exports amounted to USD 4.65 billion, up 20% year-on-year, accounting for the largest proportion of total export turnover (Lobster continued to strengthen its contribution to the shrimp sector, generating export revenue of USD 817 million, more than doubling compared to the previous year).

Danang Seaproducts Import-Export Corporation (SEADANANG) experienced a challenging year in 2025 with many ups and downs. Entering 2025, the Company was confident, supported by relatively solid results achieved in 2024, positive customer feedback, and multiple development opportunities. However, market disruptions, beginning with the imposition of reciprocal tariffs by the U.S., triggered a chain reaction across the industry, including changes in enterprises' raw material demand and longer delivery lead times. These factors resulted in increases in raw material costs and ocean freight rates, container shortages, and subsequent impacts on various related activities. Other markets also traded under expectations of declining prices despite a significant reduction in inventories. As a result, there were periods during which the Company experienced a shortage of shrimp export contracts, despite its strategic orientation to reduce shrimp and increase fish products. From mid-Q3 2025 onward, the

Company gradually reversed the situation and achieved greater operational stability. A key positive outcome is that the year's profit was genuinely generated from the Company's core production and business operations. Despite the challenging environment, the Company consistently ensured stable employment for its workforce, maintained income levels, and continued to enhance employee welfare policies.

The service business sector in 2025 achieved revenue of VND 6.37 billion, a decrease of VND 1.22 billion compared to the same period last year (VND 7.59 billion). Meanwhile, production of aquaculture feed reached VND 5.25 billion, a decrease of VND 2.06 billion compared to VND 7.31 billion last year;

For the full year of 2025, the net profit after tax amounted to VND 7,50 billion. The results achieved during the year were mainly derived from the processing and exporting seafoods sector. These results reflect the strong efforts of the Board of Management, the unity and shared commitment of the management team, the responsible working attitude across all departments, and the dedication of direct labor force. This spirit represents a valuable and well-established corporate culture at SEADANANG. The profit after tax decreased by VND 0.84 billion (Profit after tax in 2024 reached VND 8.35 billion, including the reversal of provisions for doubtful debts of over VND 4.2 billion).

Above is the explanation of the fluctuated indicators in the Audited Financial Statements for the fiscal year, ended December 31, 2025, compared to the same period in 2024, for the information of the State Securities Commission, the Stock Exchange, and all shareholders.

Yours Sincerely,
