2. Information disclosure content:

Pursuant to Circular No. 96/2020/TT-BTC dated 16 November 2020 on disclosure of information on the securities market,

Pursuant to the Parent Company Financial Statements for Q1/2026 of Vietnam Petroleum Transport Joint Stock Company.

Vietnam Petroleum Transport Joint Stock Company hereby provides the following explanation for the change of more than 10% in profit after tax in the Parent Company Financial Statements for Q1/2026 compared with Q1/2025:

Unit: VND million

Items	Q1 2025	Q1 2026	vs. 2025	
			Variance	%
(1)	(2)	(3)	(4)=(3)-(2)	(5)=(4)/(2)
Net revenue	137.665	131.135	-6.530	-4,74%
Cost of goods sold	101.428	107.143	5.715	5,63%
General & admin. expenses	14.163	15.449	1.286	9,08%
Profit after tax	25.505	10.167	-15.338	-60,14%

Key reasons for the change of more than 10% in profit after tax in the reporting period compared with the same period of the prior year, based on the Parent Company's financial statements for Q1 2026 compared with Q1 2025, are as follows:

- Net revenue decreased by VND 6,530 million compared with the same period of 2025, mainly due to the decrease in time charter rates of the fleet compared with the same period of 2025, which significantly affected transportation revenue.

- Cost of goods sold increased by VND 5,715 million compared with the same period of 2025, due to the fact that many machinery, systems and pumps of the fleet reached their maintenance cycles, leading to higher consumption of repair materials, especially for the vessel Petrolimex 21.

- General and administrative expenses in Q1 2026 increased by VND 1,286 million compared with the same period of 2025, due to the reversal of allowance for doubtful receivables recorded in Q1 2025.
