Pursuant to Clause 4, Article 14 of Circular No. 96/2020/TT-BTC dated November 16, 2020 of the Ministry of Finance providing guidance on information disclosure in the securities market, Bac Giang Clean Water Joint Stock Company hereby provides an explanation regarding the Reviewed Interim Financial Statements for the six-month accounting period ended June 30, 2026, as follows:

In the Reviewed Interim Financial Statements for the six-month accounting period ended June 30, 2026, the after-tax profit of Bac Giang Clean Water Joint Stock Company has increased by more than 10% compared to the same period in 2025. The data is shown in the table below

Unit: dong

Items	01/01/2025 - 30/06/2025	01/01/2026 – 30/06/2026	Diff
Profit after tax	7.005.956.257	9.670.250.052	+38,02%
Net revenue from sales of goods and rendering of services	95.916.609.892	100.137.508.512	+4,4%

Reasons for the Difference:

* Net revenue from sales of goods and rendering of services for the first six months of 2026 increased significantly (by approximately VND 4,22 billion), compared to the same period of the previous year. This increase was mainly attributable to the Company's continued expansion of its water supply coverage, resulting in an increase in the number of customers. In addition, finance income also increased due to adjustments in deposit interest rates compared with the

same period last year. As a result, total revenue for the first six months of 2026 increased by approximately VND 5,5 billion compared to the same period in 2025.

Therefore, profit after tax for the first six months of 2026 increased by approximately VND 2,66 billion, equivalent to 38,02%, compared to the same period in 2025.

The above is the Company's explanation regarding the increase in profit after tax reported in the Reviewed Interim Financial Statements for the six-month accounting period ended June 30, 2026, which increased by more than 10% compared to the same period in 2025.
