Regarding the explanation for the fluctuation in after-tax profit for the reporting period of 10% or more compared to the same period of the previous year;	*Nghe An, August 14, 2026*

To: - **The State Securities Commission**
- **The Hanoi Stock Exchange (HNX)**

Pursuant to Circular No. 96/2020/TT-BTC dated November 16, 2020, of the Ministry of Finance, and its amending, supplementing and guiding documents on information disclosure in the securities market, VNECO4 Electricity Construction Joint Stock Company would like to provide an explanation for the fluctuation in after-tax profit in the reviewed interim financial statements for the six-month period of 2026, which decreased by 10% or more compared to the same period of the previous year, and for the fact that the after-tax profit for the reporting period was a loss, changing from a profit in the same period of the previous year to a loss in the current period, specifically as follows:

Item	June 2026	June 2025	Increase (+)/ Decrease (-)	Percentage
Net profit after corporate income tax.	-623,069,119	123,043,170	-746,112,289	-606.38%

1. After-tax profit in the first six months of 2026 decreased by 606.38% compared to the same period of 2025, equivalent to a decrease of approximately VND 746 million, mainly due to the following reasons:
   - Revenue in the first six months of 2026 decreased compared to the same period of 2025 due to a decrease in the number of contracts in 2026;
   - Administrative expenses increased due to additional management salaries incurred during the period.
2. After-tax profit for the reporting period recorded a loss, changing from a profit of VND 123 million in the same period of 2025 to a loss of VND 623 million in the first six months of 2026. The main reasons are as follows:
   - Revenue in the first six months of 2026 decreased significantly from VND 21.04 billion in the same period of 2025 to only VND 7.76 billion. The revenue generated during the period was insufficient to reach the break-even point;
   - Administrative expenses increased slightly.

The above is our explanation regarding the fluctuations in after-tax profit for the six-month period of 2026. We hereby confirm that the above information accurately reflects the Company's current situation as presented in the reviewed interim financial statements.

Best regards!
